Directions to Patient Activity Areas

1

While facing the Hospitality Services Desk, look to your left. You will see signs suspended from the ceiling indicating a hallway leading away to your right. These signs will have "Main Elevators, South Lobby," and other areas written on them. Follow the hallway

indicated, past a coffee shop that will be on your left. Continue down the hallway past an art gallery on your right.

2

At the end of the hallway there will be a set of open doors. Pass through the doors into a small lobby with 4 elevators. Take one of these elevators up to the 14th floor.

3

Once you exit the elevator, cross the lobby to the hallway on the far end. The Patient Library is in the lobby area. Take the hallway to the right to reach other Patient Activity areas (Arts and Crafts, Play, Relaxation etc.)
