General Instructions

Purpose of Form

Use Form 4461-A to apply for initial approval of, or for approval of an amendment to a master or prototype defined benefit plan.

Be sure to submit a complete and accurate application. Complete every applicable line on the application. If an item does not apply, check the "N/A" box or enter "N/A" on the line. If your application is not complete, we will return it without processing it.

The questions are designed so that, unless they are not applicable, the article or section and page numbers indicating the location in the plan of the provision should be entered in the appropriate column.

Inadequate submissions. The IRS will return, without further action, plans which are not in substantial compliance with the qualification requirements or plans that are so deficient that they cannot be reviewed in a reasonable amount of time.

Who May File

Master or prototype plans. Sponsors and Mass Submitters (see **Definitions** on this page).

What To File

One copy of Form 4461-A should be submitted for each different adoption agreement.

For initial approval, file this application and each applicable document listed in item 9a. For approval of an amendment, file this application and a copy of each applicable document listed in item 9b.

Different parts of this form must be completed depending on the type of plan for which you want approval.

Standardized plans. If you want to receive an opinion letter on a standardized plan, complete Parts I and II.

Paired plans. If you want to receive an opinion letter on a paired plan, complete Parts I, II, and III.

Nonstandardized plans. If you want to receive an opinion letter on a plan other than a standardized or paired plan, complete Parts I and IV. A nonstandardized safe harbor plan must meet the requirements of section 4.14 of Rev. Proc. 2000-20, 2000-6 I.R.B. 553.

Multiple plans. A sponsor may utilize one basic plan document for several plans. A sponsor may, for example, submit four applications for a given defined benefit basic plan document (an integrated standardized plan, a

nonintegrated standardized plan, an integrated nonstandardized plan, and a nonintegrated nonstandardized plan). A separate adoption agreement and completed application must be provided for each such defined benefit plan. In the case of a simultaneous submission, only one basic plan document need be submitted. If the request is not simultaneous, separate basic plan documents must be submitted (but the number assigned to the basic plan document of a master or prototype plan remains the same).

A sponsor in pairing a defined benefit plan with a defined contribution plan may provide an integrated defined benefit plan, and a nonintegrated defined benefit plan as part of the paired plan arrangement only if both the integrated defined benefit plan and the nonintegrated defined benefit plan share the identical basic plan document.

Paired plans must be submitted simultaneously. Paired plans are paired by the basic plan documents.

Definitions

Adoption agreement. The portion of the plan containing all the options that the adopting employer may select. Each separate adoption agreement is treated as a separate plan and will receive its own opinion letter.

Basic plan document. The portion of the plan containing all the nonelective provisions applicable to all adopting employers. No options (including blanks to be completed) may be provided in the basic plan document except for options in flexible plans.

Flexible plan. A plan submitted by a mass submitter which contains certain optional provisions as allowed by section 16.03 of Rev. Proc. 2000-20. Sponsors that adopt a flexible plan may include or delete any optional provision designated as such in the mass submitter's plan. A flexible plan adopted by a sponsor which differs from the mass submitter plan only because of the deletion of certain optional provisions will be treated as a word-for-word identical plan to the mass submitter plan.

Mass submitter. As set forth in Rev. Proc. 2000-20, 2000-6 I.R.B. 553, any entity that submits applications on behalf of at least 30 unaffiliated sponsors each of which is sponsoring, on a word-for-word identical basis, the same basic plan document and one or more of the adoption agreements associated with that basic plan document. Once the mass submitter has submitted applications on behalf of 30 unaffiliated sponsors with respect to any basic plan document, it will be treated as a mass submitter with respect to all the other basic plan documents and associated adoption agreements for which it requests opinion letters, regardless of the number of identical adopters of such other plans. Notwithstanding the above, any entity that received a favorable TRA '86 opinion letter for a plan as a mass submitter under Rev. Proc. 89-9, 1989-1 C.B. 780, will continue to be treated as a mass submitter if it submits applications on behalf of at least 10 sponsors (regardless of affiliation) each of which is sponsoring, on a word-for-word identical basis, the same basic plan document and one or more of the adoption agreements associated with that basic plan document. Once the mass submitter has submitted applications on behalf of 10 sponsors with respect to any basic plan document, it will be treated as a mass submitter with respect to all the other basic plan documents and associated adoption agreements for which it requests opinion letters, regardless of the number of identical adopters of such other plans. Affiliation is determined

under sections 414(b) and (c) of the Code. Additionally, the following will be considered to be affiliated: any law, accounting, consulting firm, etc. with its partners, members, associates, etc.

Master plan. A form of plan that is made available by a sponsor for adoption by employers for which a single funding medium (e.g., a trust or custodial account, see section 4.05 of Rev. Proc. 2000-20) is established, as part of the plan, for the joint use of all adopting employers. A master plan consists of a basic plan document, an adoption agreement, and, unless included in the basic plan document, a trust or custodial account document.

Paired plans. A combination of either two or more defined contribution standardized plans or one or more defined contribution standardized plans and one defined benefit standardized plans, so designed that if any single plan or combination of plans is adopted by an employer, each plan in itself, or the plans together, will meet the anti-discrimination rules set forth in section 401(a)(4), the contribution and benefit limitations set forth in section 415, and the top-heavy provision set forth in section 416. Paired plans must have the same sponsor and they must be submitted for initial approval at the same time. Each set of paired plans must be limited to two different basic plan documents: one for a defined benefit plan and one for a defined contribution plan. Only one of the paired plans an employer adopts may be integrated.

Prototype plan. A form of plan that is made available by a sponsor for adoption by employers under which a separate funding medium is established for each adopting employer. A prototype plan consists of a basic plan document, an adoption agreement, and unless the basic plan document incorporates a trust or custodial account agreement the provisions of which are applicable to all adopting employers, a trust or custodial account document.

Sponsor. Any person that has an established place of business in the United States where it is accessible during every business day and represents to the Service that it has at least 30 employer-clients each of which is reasonably expected to adopt the sponsor's basic plan document and one or more of the adoption agreements associated with that basic plan document within the 12-month period following issuance of an opinion letter under Rev. Proc. 2000-20. Once a person represents to the Service that at least 30 employers are reasonably expected to adopt its basic plan document, it will be treated as a sponsor

with respect to all the basic plan documents and associated adoption agreements for which it requests opinion letters, regardless of the number of employers that are expected to adopt such other plans. Notwithstanding the above, any person that has an established place of business in the United States where it is accessible during every business day and is a word-for-word identical adopter or minor modifier adopter of an M&P plan of a mass submitter will be treated as a sponsor with respect to such plan, regardless of the number of employers that are expected to adopt such plan.

National Sponsor. A sponsor which has either: (a) 30 or more adopting employers in each of 30 or more states, or (b) 3,000 or more adopting employers on any one date during the 12-month period ending on April 7, 2000. For this purpose, an adopting employer is any employer that has adopted any plan of the sponsor which has a TRA '86 opinion or notification letter.

Standardized plan. A plan that meets the specific requirements of Part II of this form.

Specific Instructions

Line 1. All applications must be accompanied by the appropriate user fee from the schedule set forth in Rev. Proc. 2003-8, 2003-1 I.R.B. 236, when filing Form 4461-A. Applications submitted without the proper user fee will not be processed and will be returned to the applicant.

Line 3a. Enter the name and address of the applicant. If the Post Office does not deliver mail to the street address and the sponsor has a P.O. box number, show the box number instead of the street address.

Line 4a. If the person to be contacted is other than an employee of the applicant, please enclose an authorized power of attorney. See **Disclosure requested by taxpayer** on page 10.

Line 5a. Enter the two-digit basic plan document number you have assigned to the basic plan document designed to accompany the adoption agreement for which you are requesting approval. All basic plan documents from one sponsor which are the same (word-for-word) should use the same two-digit number on all applications. The first basic plan document submitted should be numbered "01," the second, "02," etc.

Line 5b. Enter the three-digit number you have assigned to the adoption agreement for which this application is submitted. Each different adoption agreement designed to accompany a single basic plan document should be given a different three-digit number

beginning with "001." For example, if the first basic plan document of a sponsor has four different adoption agreements, they should be numbered "001" through "004," and four different Forms 4461-A should be submitted. Adoption agreements submitted with the second or any subsequent basic plan documents (that are not word-for-word identical to a previously submitted basic plan document) should be similarly numbered beginning with "001."

Line 7. Indicate if this plan provides for permitted disparity in accordance with sections 401(a)(5) and 401(l).

Line 8. Paired plans. Attach a list showing the name(s) and three-digit adoption agreement number(s) of the plan or plans designed to be paired with this plan. Initial requests for approval of paired plans must be submitted together.

Line 9. Procedural requirements. A separate application must be submitted for each different plan/adoption agreement combination.

Line 9b. The applicant must submit, along with this application, either: (a) a copy of the amendment, a description of the amendment and its effect on the plan, and a working copy of the plan currently in effect, or (b) a copy of the amended plan in restated form with areas of change highlighted (a restated plan). If a restated plan is being submitted with this application, a copy of the amendment and a description of the amendment need not be submitted. The Internal Revenue Service may, at its discretion, require plan restatement any time it deems necessary.

Line 9c. If you checked "Yes," submit a copy of such plan with language differences highlighted. Attach a cover letter which provides the name and file folder number of the plan (including the name and EIN of the sponsor), a list of all plans written by the plan drafter which are substantially identical to the lead plan (including the information described above), a description of each place where the plan for which the application is being submitted is not word-for-word identical to the language of the lead plan (including an explanation of the purpose and effect of each difference), and a certification, made under penalty of perjury by the plan drafter, that the information describing where the plan language is not word-for-word identical is true and complete.

Line 9e. The mass submitter should use **Form 4461-B, Application for Approval of Master or Prototype Plan, Mass Submitter Adopting Sponsor**, when submitting applications on behalf of its adopting sponsors.

Line 10I. A plan sponsor will be treated as satisfying the requirements of the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) and section 414(u) if the terms of the plan provide that an employee reemployed after qualified military service is not treated as incurring a break in service, for purposes of vesting and benefit accruals, solely because of an absence due to qualified military service.
