General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Item to note. The Tier II tax (line 3) has been reduced to 13.1%.

Purpose of form. Use this form to report railroad retirement taxes imposed on compensation received by employee representatives.

Railroad retirement taxes. The Railroad Retirement Tax Act imposes a tax on an employee representative, which is based on compensation.

These taxes are divided into Tier I and Tier II taxes. The amount of the compensation subject to each tax is different.

The Tier I tax rate for 2004 is 12.4%. It applies only to the first \$87,900 paid to you during 2004 for services performed as an employee representative. The Tier I Medicare tax is 2.9%. It applies to all compensation paid to you during 2004 for services performed as an employee representative.

The Tier II tax rate for 2004 is 13.1%. It applies only to the first \$65,100 paid to you during 2004 for services performed as an employee representative.

Who must file. As an employee representative, you must file Form CT-2 for the first quarter in which you are paid taxable compensation for services you performed as a representative. Continue filing returns for each quarter, even if you are not paid taxable compensation. When your taxable compensation payments stop completely, file a return marked "Final Return."

When to file. Due dates for filing Form CT-2 and paying the tax each quarter are as follows:

Quarter covered:	Due by:
January, February, March	June 1, 2004
April, May, June	August 31, 2004
July, August, September	November 30, 2004
October, November, December	February 28, 2005

Where to file. Form CT-2 contains three copies. Send both the **Original** and **Duplicate** to the Internal Revenue Service Center, Cincinnati, OH 45999-0007. Keep the **Taxpayer's Copy** for your records.

Penalties and interest. The law provides a penalty for late filing or late payment unless you can show reasonable cause for the delay. If you are late in filing a return or paying the taxes, send an explanation with the return. Interest is charged on taxes paid late.

Records. You must keep records relating to employee representative taxes for at least 4 years after the taxes are due or were paid, whichever is later.

Definitions

Employee representative. An employee representative is:

1. Any officer or official representative of a railway labor organization that is not an employer under section 3231(a) who:

(a) was in the service of an employer and (b) is authorized and designated to represent employees under the Railway Labor Act and

2. Any individual who is regularly assigned to or regularly employed by an employee representative as defined above in connection with the duties of the employee representative's office.

Compensation. Compensation means payment in money, or in something that may be used instead of money, for services performed as an employee representative. It does not include payments for medical or hospital expenses connected with disabilities. It also does not include payments made specifically for traveling or other bona fide and necessary expenses that meet the rules in the regulations under section 62. For purposes of Tier I taxes, compensation does **not** include sickness or accident disability payments received (a) under a workers' compensation law, (b) under section 2(a) of the Railroad Unemployment Insurance Act for days of sickness due to an

on-the-job injury, (c) under the Railroad Retirement Act, or (d) more than 6 months after the month in which the employee representative last worked for the railway labor organization.

Compensation is considered paid when actually paid or when constructively paid. Constructively paid means that the pay: (a) has been credited to the employee representative's account or set apart with no limit or condition on how or when the payment will be made and (b) is available to draw on at any time and to control.

Specific Instructions

Note: *If you perform services as both an employee representative and an employee and your total pay for these services is more than the applicable maximum (see **Line 1** and **Line 3** below), then for lines 1 and 3 subtract your pay as an employee from the maximum to determine the amount subject to the employee representative's tax.*

Line 1. Multiply the compensation subject to Tier I tax by 12.4% (.124). This applies only to the first \$87,900 paid during 2004 for services you performed as an employee representative.

Line 2. Multiply the compensation subject to Tier I Medicare tax by 2.9% (.029). This applies to **all** compensation paid to you during 2004 for services performed as an employee representative.

Line 3. Multiply the compensation subject to Tier II tax by 13.1% (.131). This applies only to the first \$65,100 paid to you during 2004 for services performed as an employee representative.
