Section 13 - Self-Select PIN for e-file Specifications

03. Data Validation (continued)

Date of Birth An exact match on day, month and year against Social Security Administration records is required for all on-line returns with or without the Self-Select PIN usage. If a married filing joint (MFJ) return is filed through a practitioner electronically and taxpayer(s) uses the Self-Select PIN(s) to sign their return, the primary and secondary taxpayer's date of birth are required. However, their tax return will not reject if the Dates of Birth do not match. The Date of Birth Validity Code (Field 0117) will be present in the Acknowledgement Record. The Date of Birth Validity Code identifies whether validation of the Date of Birth (DOB) is required and if the DOB is required, whether the DOB matched on the IRS File or not.

PIN The Personal Identification Number (PIN) is self-selected by the taxpayer. A PIN is required for the primary and secondary taxpayer. PIN is composed of 5 digits. All zeroes are not permitted. The spouse can use the same PIN as the primary.

04. IRS e-file Signature Authorizations

1. In Tax Year 2001, Form 8879, IRS e-file Signature Authorization, can be used to authorize an Electronic Return Originator to enter the taxpayer's self-select personal identification number (PIN) as the taxpayer's signature on electronic income tax returns. Form 8879 is provided as a convenience when the taxpayer is unavailable or unable to return to the office, or it is inconvenient to personally sign the electronically prepared income tax return. The practitioner will provide Form 8879 to the taxpayer along with a copy of the completed tax return personally or by U.S. mail, private delivery service, e-mail, or an Internet web site. Upon review of their tax return, the taxpayer(s) complete Form 8879 with their PIN, signature and date. The taxpayer may return the form to the ERO personally, or by U.S. mail, private delivery service, or FAX transmission. The ERO must retain a copy of the completed Form 8879.

2. Beginning in Tax Year 2001, Form 8878, IRS e-file Signature Authorization -- Application for Extension of Time to File, is used for taxpayers to authorize the ERO to enter the taxpayer self-select PIN on one of several extension of time to file applications. Form 8879 procedures above also apply to Form 8878.
