The IRSAC provides an organized forum for discussion of relevant tax administration issues between IRS officials and representatives of the public. Through the years, IRSAC has focused on broad tax administration policy matters. Various groups have suggested operational improvements, offered constructive observations about IRS' current or proposed policies, programs, and procedures, and advised the Commissioner of Internal Revenue on particular issues having substantive effect on Federal Tax Administration. It is important that IRSAC membership continue to represent the range and make-up of broad and diverse taxpayer and key stakeholder base.
