Four new record types have been added to the program:

Authentication Record (for paperless filing using Self-Selected PINs)
Preparer Note Record (for use in documenting entries)
Election Explanation Record (for use in documenting entries)
Regulatory Explanation Record (for use in documenting entries)

Improvements to Form Payment Records

Electronic Filing has updated its direct debit feature to enable filers with a balance due to also authorize a direct transfer of an estimated tax payment from their checking or savings account. Electronic filers will continue to have the option of filing early and setting a date no later than April 16th for automated payment of the balance due. In addition, filers will have the option to schedule one Form 1040ES payment with an effective date of April 16, 2001; June 15, 2001, or September 17, 2001. The ACK KEY record in the Acknowledgement File will now indicate when a payment record is received on an accepted return.

Foreign Addresses

IRS e-file will be accepting electronically filed Forms 1040, 1040A, and 1040EZ with addresses from foreign countries and from the U.S. possessions of American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, Puerto Rico, and the U. S. Virgin Islands. Addresses from the U.S. possessions will be formatted as U.S. addresses. Addresses from the foreign countries will be formatted using new foreign country address fields. All returns with foreign addresses will be transmitted to the Andover node at the Austin Service Center and acknowledged by the Andover Service Center and forwarded to the Philadelphia Service Center for final processing.

Use of Leave and Earning Statements

Although income tax returns may be prepared using a *Leave and Earnings Statement* or other documentation of income and federal tax withholding, the return must not be electronically filed prior to the Electronic Return Originator (ERO) receiving the related Form W-2, W-2G, or 1099-R. A Form 4852 may be used only if the taxpayer can not obtain and provide a correct Form W-2, W-2G, or 1099-R. The Form 4852 must be completed in accordance with existing instructions. These instructions are available at TeleTax Topic 154 or can be accessed by calling TeleTax on 1-800-829-4477 and selecting Topic 154. The non-standard W-2 indicator must be included in the electronic record if Form 4852 is used. EROs must retain Forms 4852 in the same manner as Forms W-2, W-2G, and 1099-R are required to be retained. EROs must never advertise that returns may be electronically filed prior to the receipt of Forms W-2, W-2G, and 1099-R as EROs are prohibited from electronically filing returns without Forms W-2, W-2G, and 1099-R except as stated above. Any violation of these rules will result in sanctioning of the ERO as described in Revenue Procedure 2000-31, published July 31, 2000 in the *Internal Revenue Bulletin*, 2000-31.

Self-Selected PIN

Most taxpayers are eligible to use a self-selected PIN to sign their tax returns. This can be used instead of completing and processing Form 8453. Visit our web site at http://www.irs.ustreas.gov/prod/elec_svs/ss-pin.html for more information.
