Re: Number Resource Optimization Recommendation, CC Docket 99-200

Dear Mr. Strickling:

In the Notice of Proposed Rulemaking in CC Docket No. 99-200, *In the Matter of Number Resource Optimization*, released June 2, 1999, the North American Numbering Council (NANC) was asked in paragraph 165 to submit "any conclusions or recommendations that it may have regarding pooling, including pooling by CMRS carriers, based on the NANPA's projections or the team's findings."

Accordingly, attached is a report of the NANC Issue Management Group that NANC decided at its September 28-29 meeting to forward for the Commission's consideration. We respectfully submit this report for the record. Thank you.

Sincerely,

John R. Hoffman
Chairman, NANC
