Date: *Monday, March 15, 1999*

Time: *1000-1130*

Location: *NAS Station Theater, Cedar Point Road*

Course Code: *472222*

Audience: *Open to all employees*

Learn how to reduce the time it takes to complete cradle to grave work processes, and hear about five potential high payoff areas recently conducted by an ASN(RDA) cycle time reduction task force. Examples include Fleet Modernization, Aircraft Depot Maintenance, Average customer wait time, Commercial off-the-shelf/non developmental items, and Pre-milestone I activities. Due to limited parking, carpooling is recommended.
