Dear Madam:

Changing the definition of 'Made in the U.S.A.'  
 is wrong. 'Made in the U.S.A.' means U.S.  
 parts and all U.S. labor

Your proposal to change labeling will  
 result in half truths which is bad or  
 worse than a direct lie.

Leave 'Made in U.S.A.' alone

Very truly yours

J. C. Funnigan
