Acquisition Reform Breakout Sessions 2000

Bringing the experts to you!

Breakout Sessions are coming to your town!

The Navy Acquisition Reform Office is offering new and exciting Breakout Sessions for our acquisition workforce, both government and industry.

These sessions, while focused on

Acquisition and Lo-

gistics Reform Week, will be avail-

able throughout the year. The

ARO feels strongly that it is im-

perative to bring assistance to our

workforce at their place of work.

These Breakout Sessions, coupled with the Program Manager's Navy Acquisition Reform Senior Oversight Council (PM NARSOC) meetings, feature topics of interest and meet your emerging needs.

BREAKOUT SESSIONS

I. Knowledge Management

Session Leader: Ms. Alex Bennet, Deputy DoN CIO for Enterprise Integration

Speaker: Jack Hawxhurst, DoN CIO Office

This session offers the opportunity for the DoN to leverage the intellectual

capital of our people and our IT investment.

The session will focus on the Department of the Navy's strategic perspective on knowledge management implementation.

II. Logistics Reform

Session Leader: Mr. Lou Kratz, Asst. Deputy Under Secretary of Defense (Logistics Architecture)

Speakers Include:

Mr. Charles Borsch, CNO, N432N

Mr. Robert T. Barnhart, NAVICP

Mr. Joseph F. Grosson, Senior PM, Lockheed Martin

Topics include: Changing the Basic Infrastructure; Prime Vendor Support; Contracting for Various Support Structures; and, Lifetime and Prime Vendor Support from a

Prime's Point of View. There will also be discussions on full service contracting, full service partnering, performance based logistics, direct vendor delivery, lifetime support, and contractor logistics support.

III. Risk Management

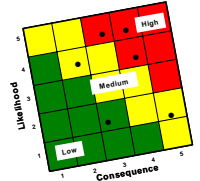

Session Leader: Eric Grothues ASN(RDA) Acquisition Business Management

Speakers Include:

Tosh Oishi, IITRI;

Mick Finn, EG&G

Doug Patterson, PATCON

ASN(RD&A) will provide an introduction into the latest Navy initiatives on technical risk management, which culminated in the publication of NAVSO P-3686, "Top Eleven Ways to Manage Technical Risk." It will provide a chapter-by-chapter synopsis of the document, and will address establishing, implementing, and measuring a risk management program.

IV. Total Ownership Cost

Session Leader: Mr. Willie Jones, ASN (RDA) Acquisition Reform Office

Topics Include:

An Overview of TOC,

Investment Sources,

Mapping Process;

Knowledge Share Space;

CREI/COSSI.
