

Incidence of perinatally acquired AIDS 1985 - 2000, United States

Data adjusted for reporting delays and for estimated proportional redistribution of cases reported without a risk; data reported through June 2002

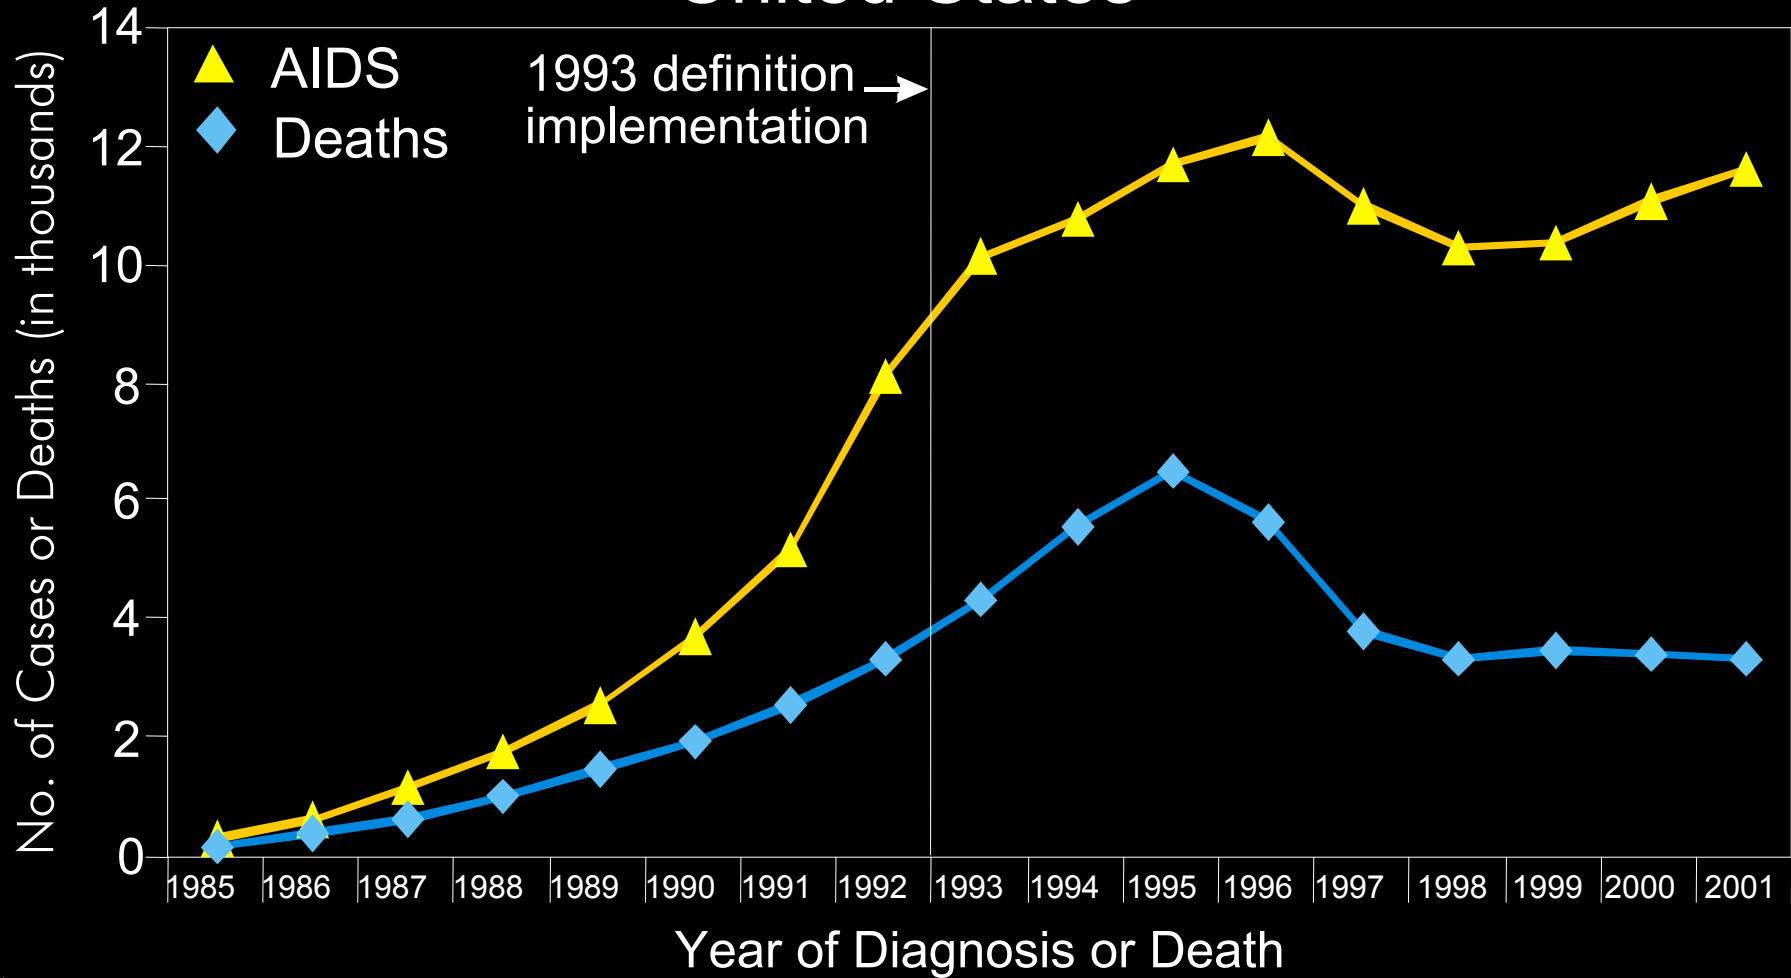

Incidence and deaths among adults and adolescents with AIDS, 1985 - 2001, United States

Data adjusted for reporting delays; data reported through June 2002

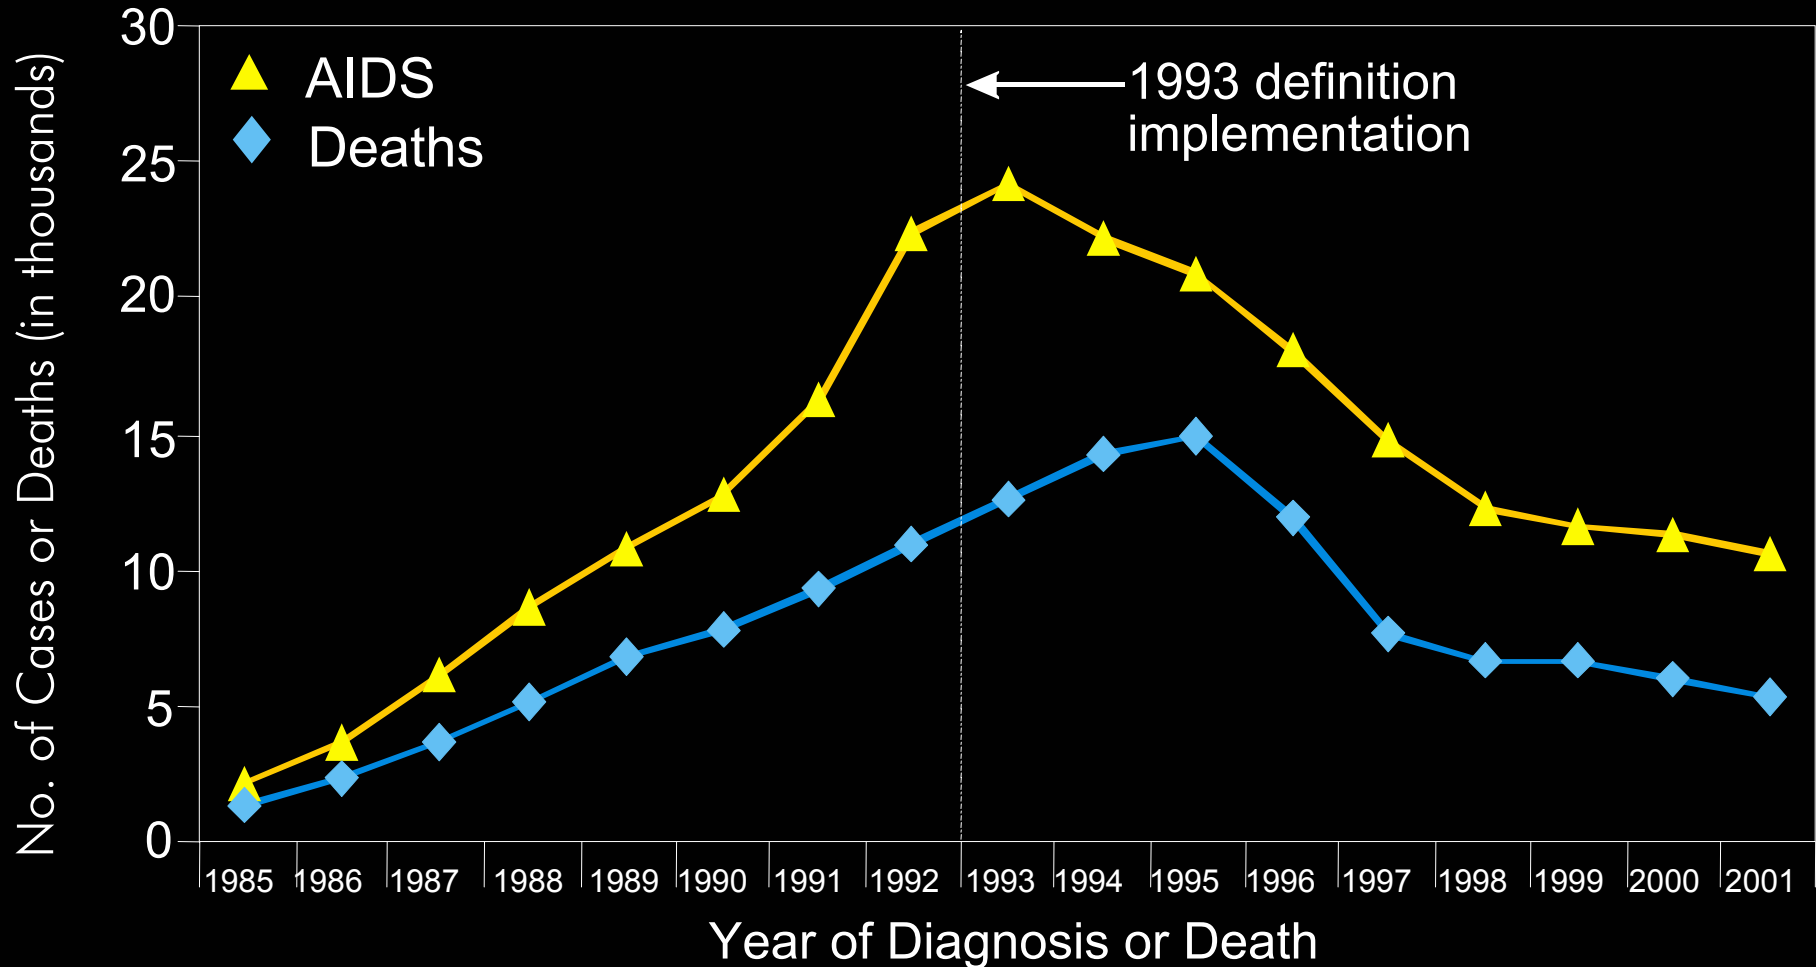

Incidence and deaths among persons with AIDS attributed to heterosexual contact, 1985 - 2001 United States

Data adjusted for reporting delays and for estimated proportional redistribution of cases reported without a risk; data reported through June 2002

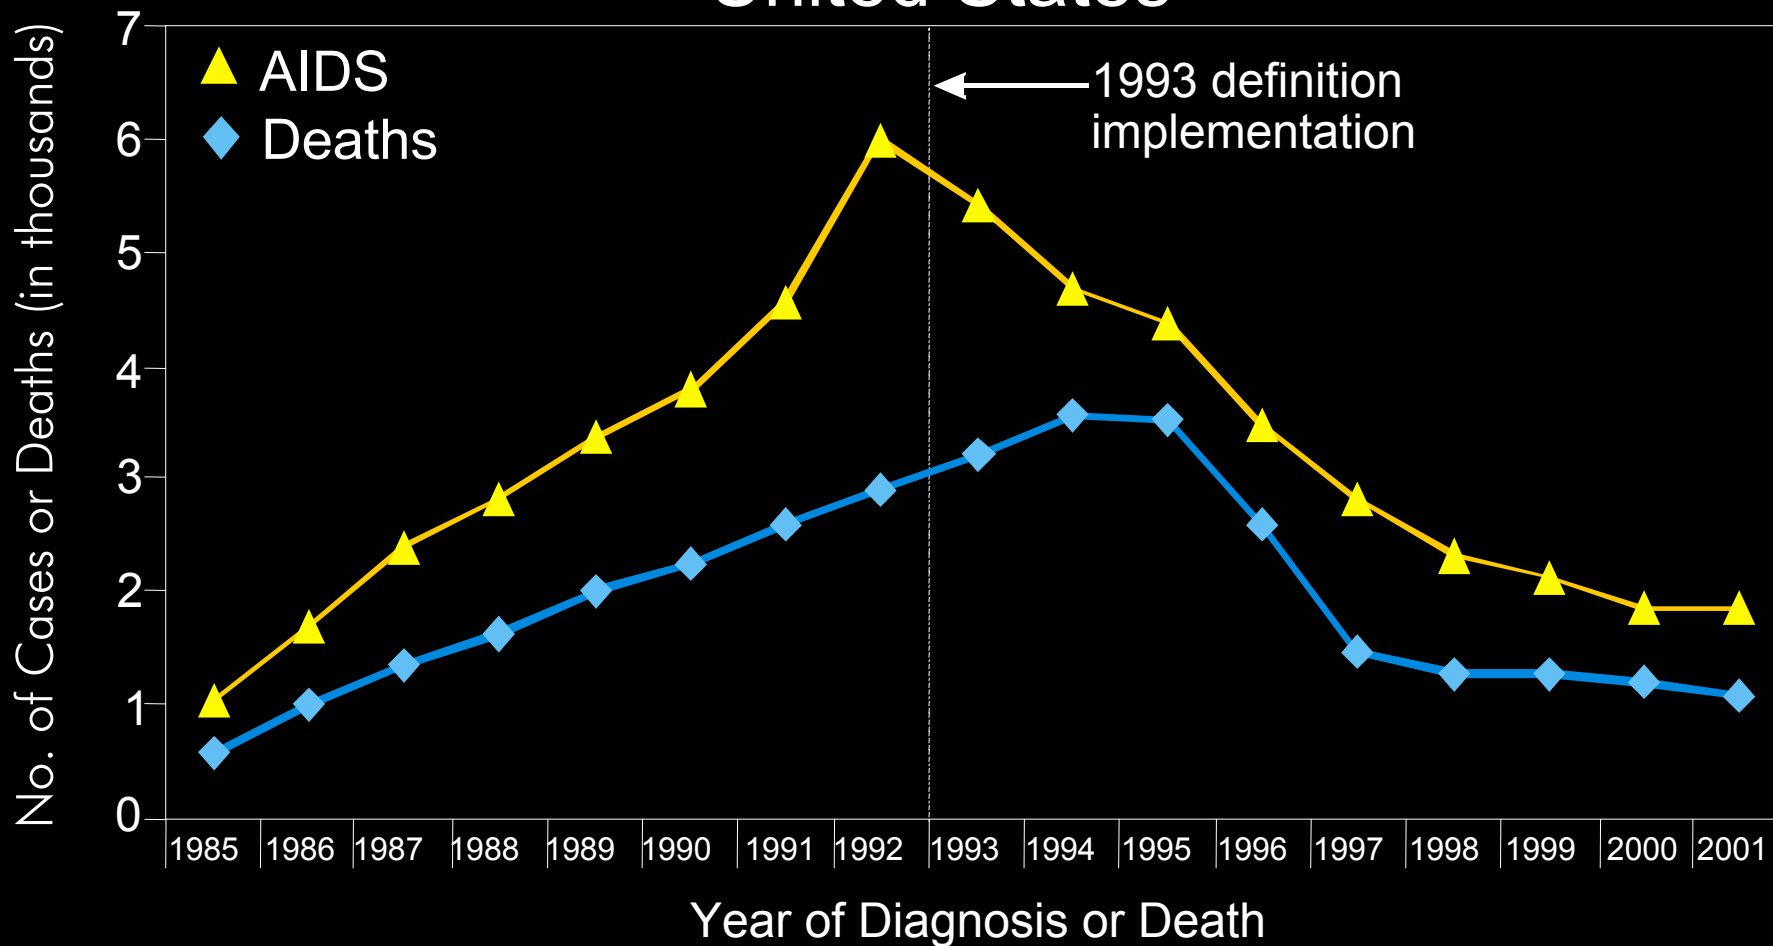

Incidence and deaths among injection drug users with AIDS, 1985 - 2001, United States

Data adjusted for reporting delays and for estimated proportional redistribution of cases reported without a risk; data reported through June 2002

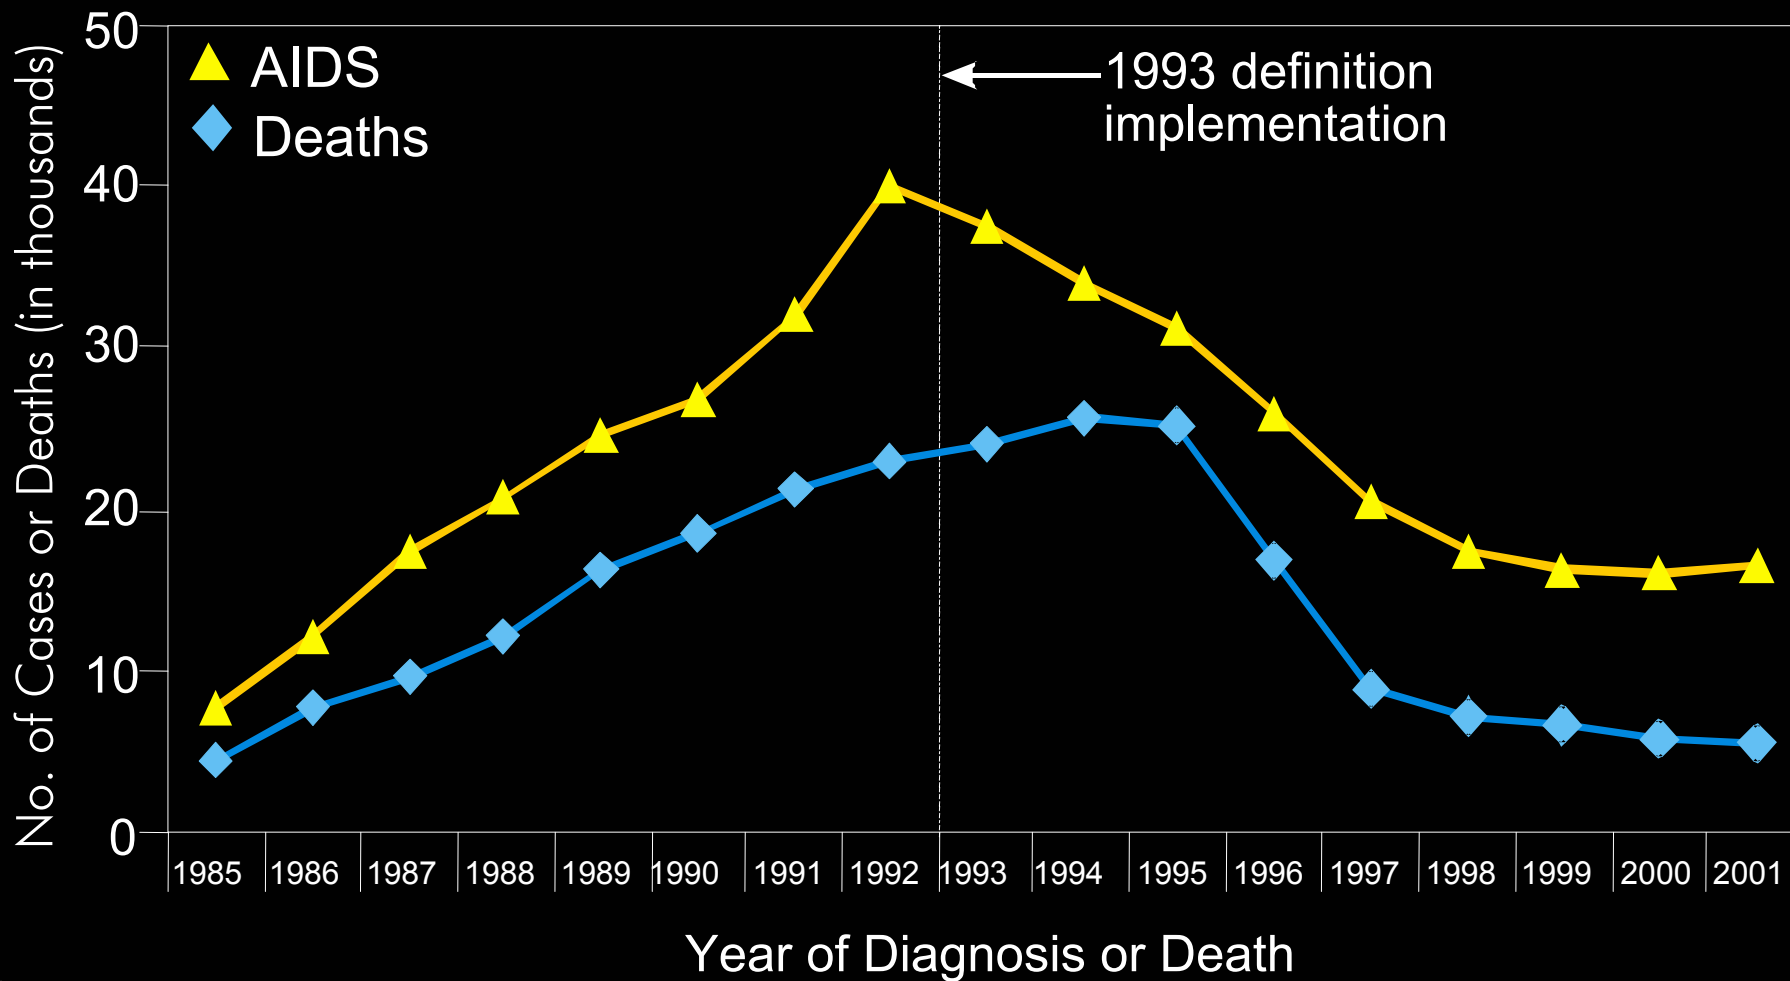

AIDS incidence and deaths among men who have sex with men and inject drugs, 1985 - 2001 United States

Data adjusted for reporting delays and for estimated proportional redistribution of cases reported without a risk; data reported through June 2002

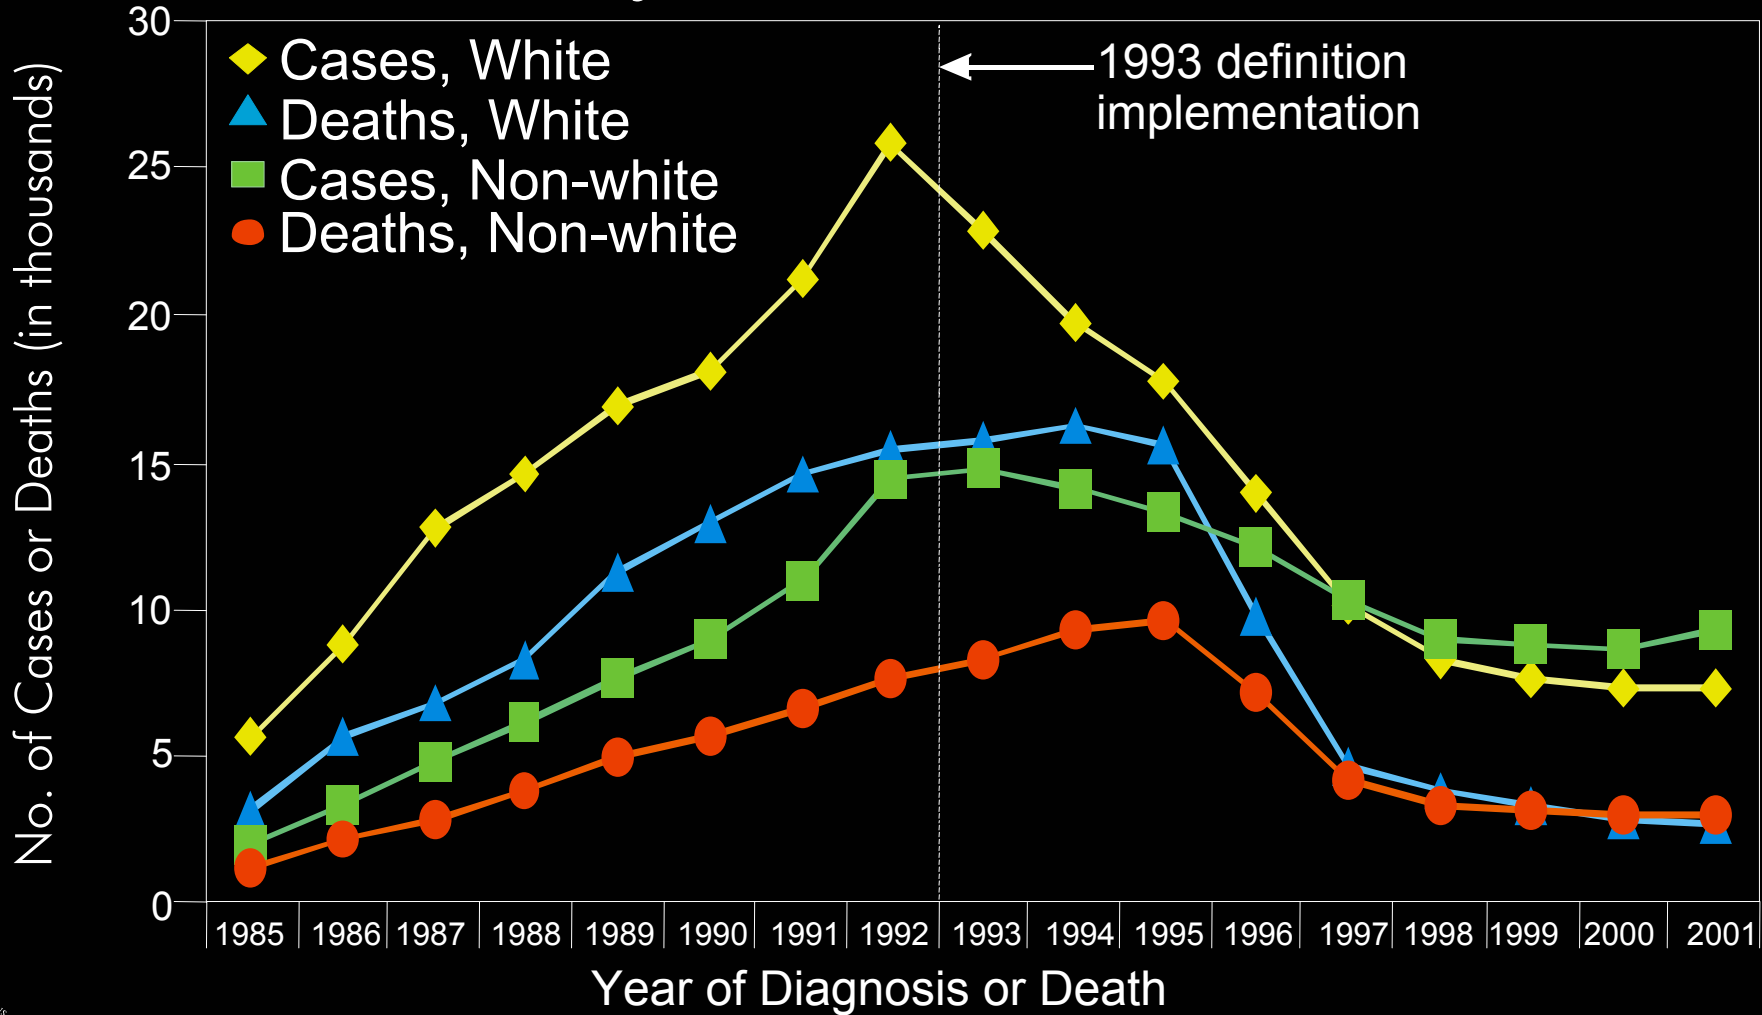

AIDS incidence and deaths among men who have sex with men, 1985 - 2001, United States

Data adjusted for reporting delays and for estimated proportional redistribution of cases reported without a risk; data reported through June 2002

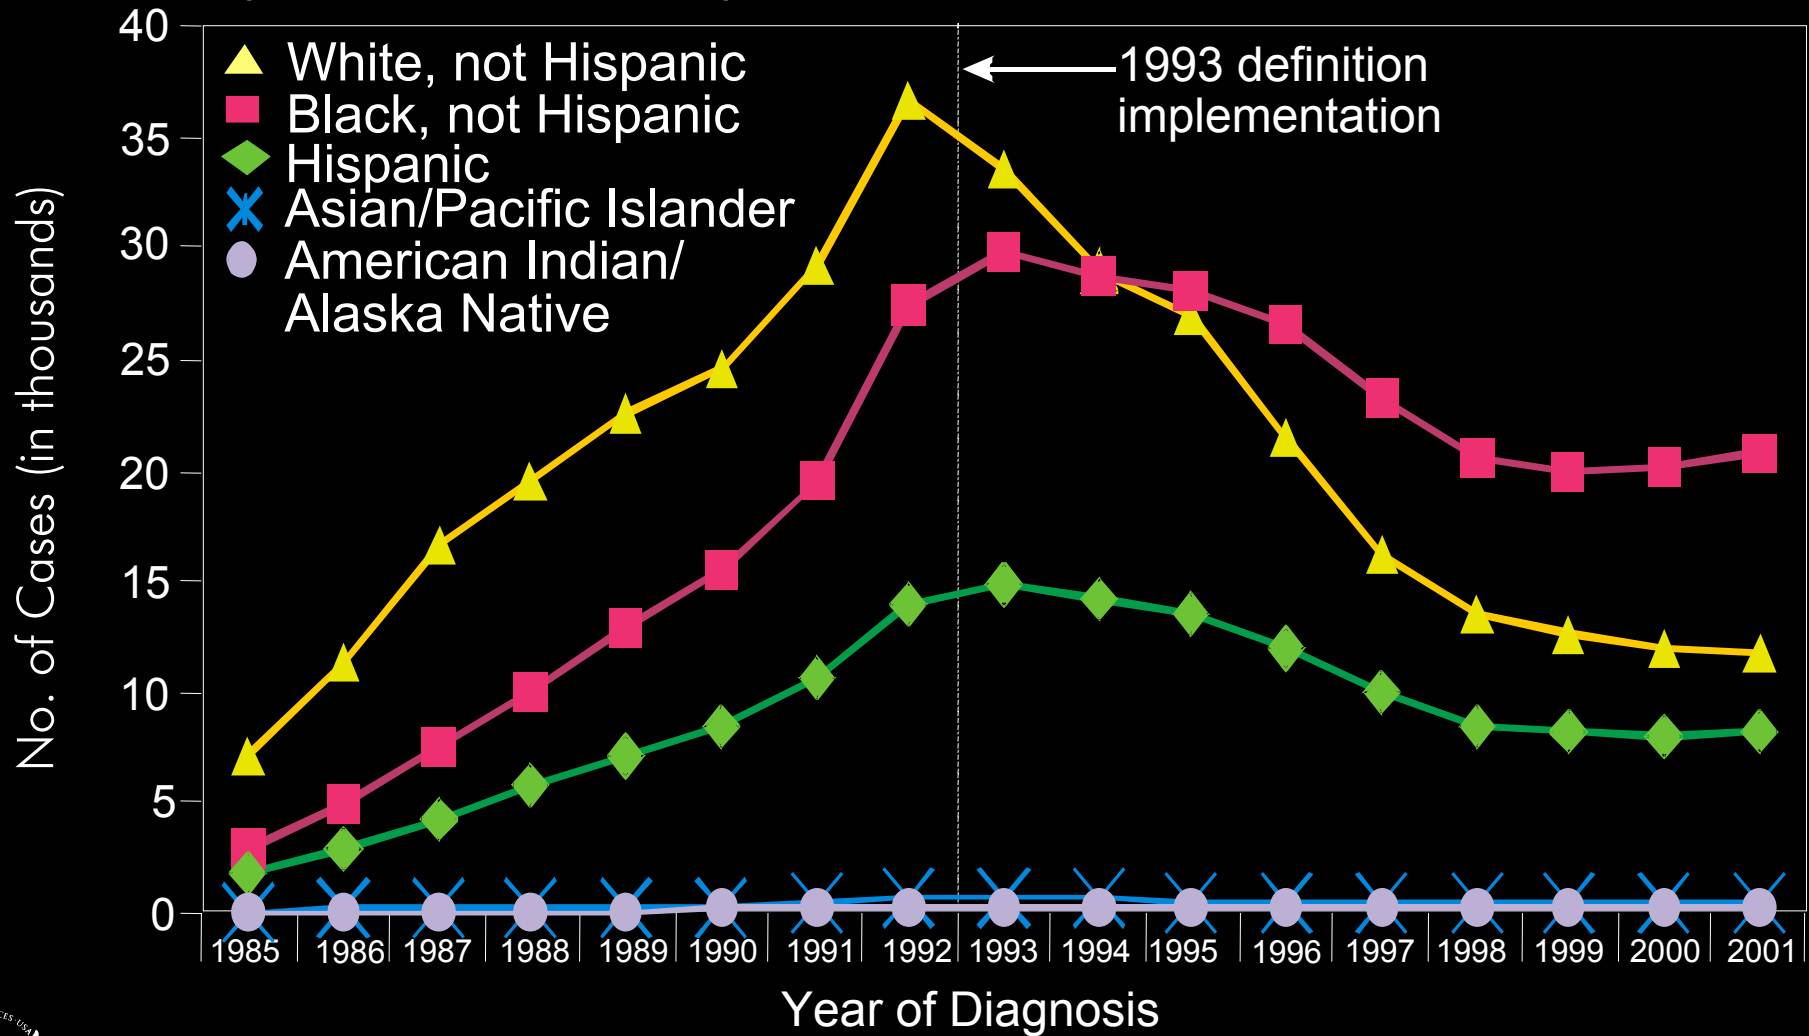

AIDS incidence and deaths among men who have sex with men, by race, 1985 - 2001, United States

Data adjusted for reporting delays and for estimated proportional redistribution of cases reported without a risk; data reported through June 2002

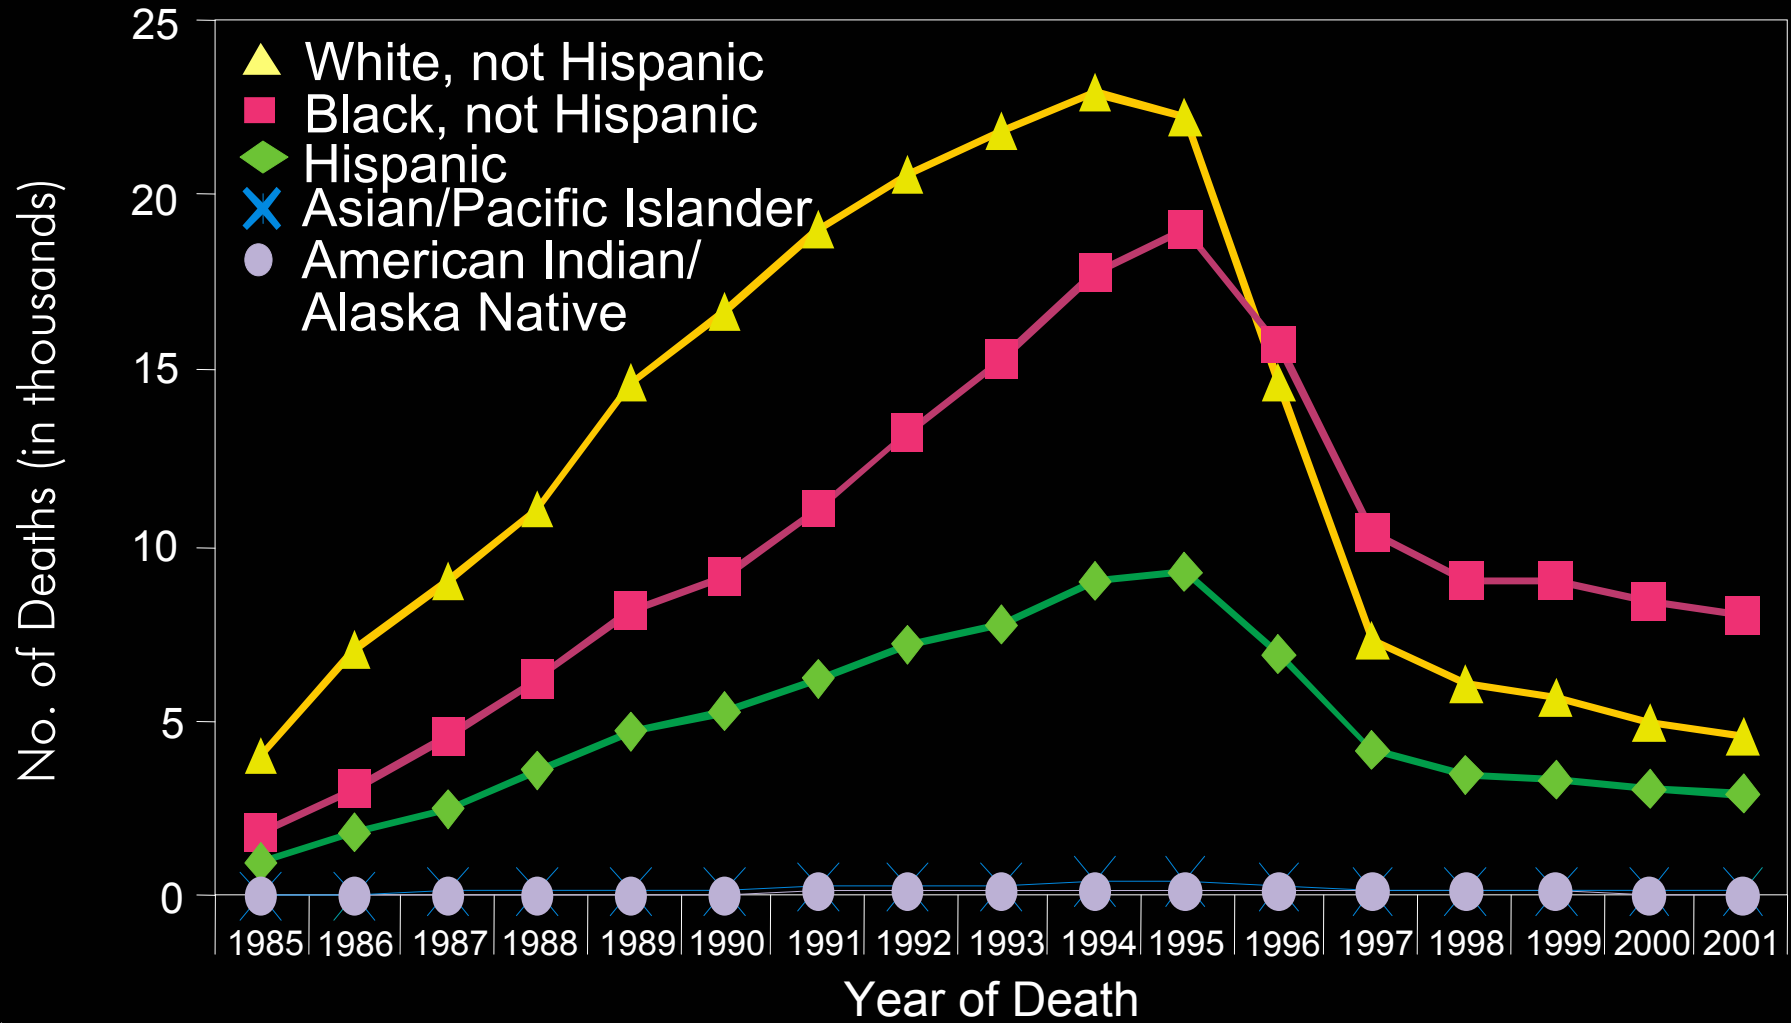

Incidence of AIDS among adults and adolescents by race/ethnicity, 1985 - 2001, United States

Data adjusted for reporting delays; data reported through June 2002

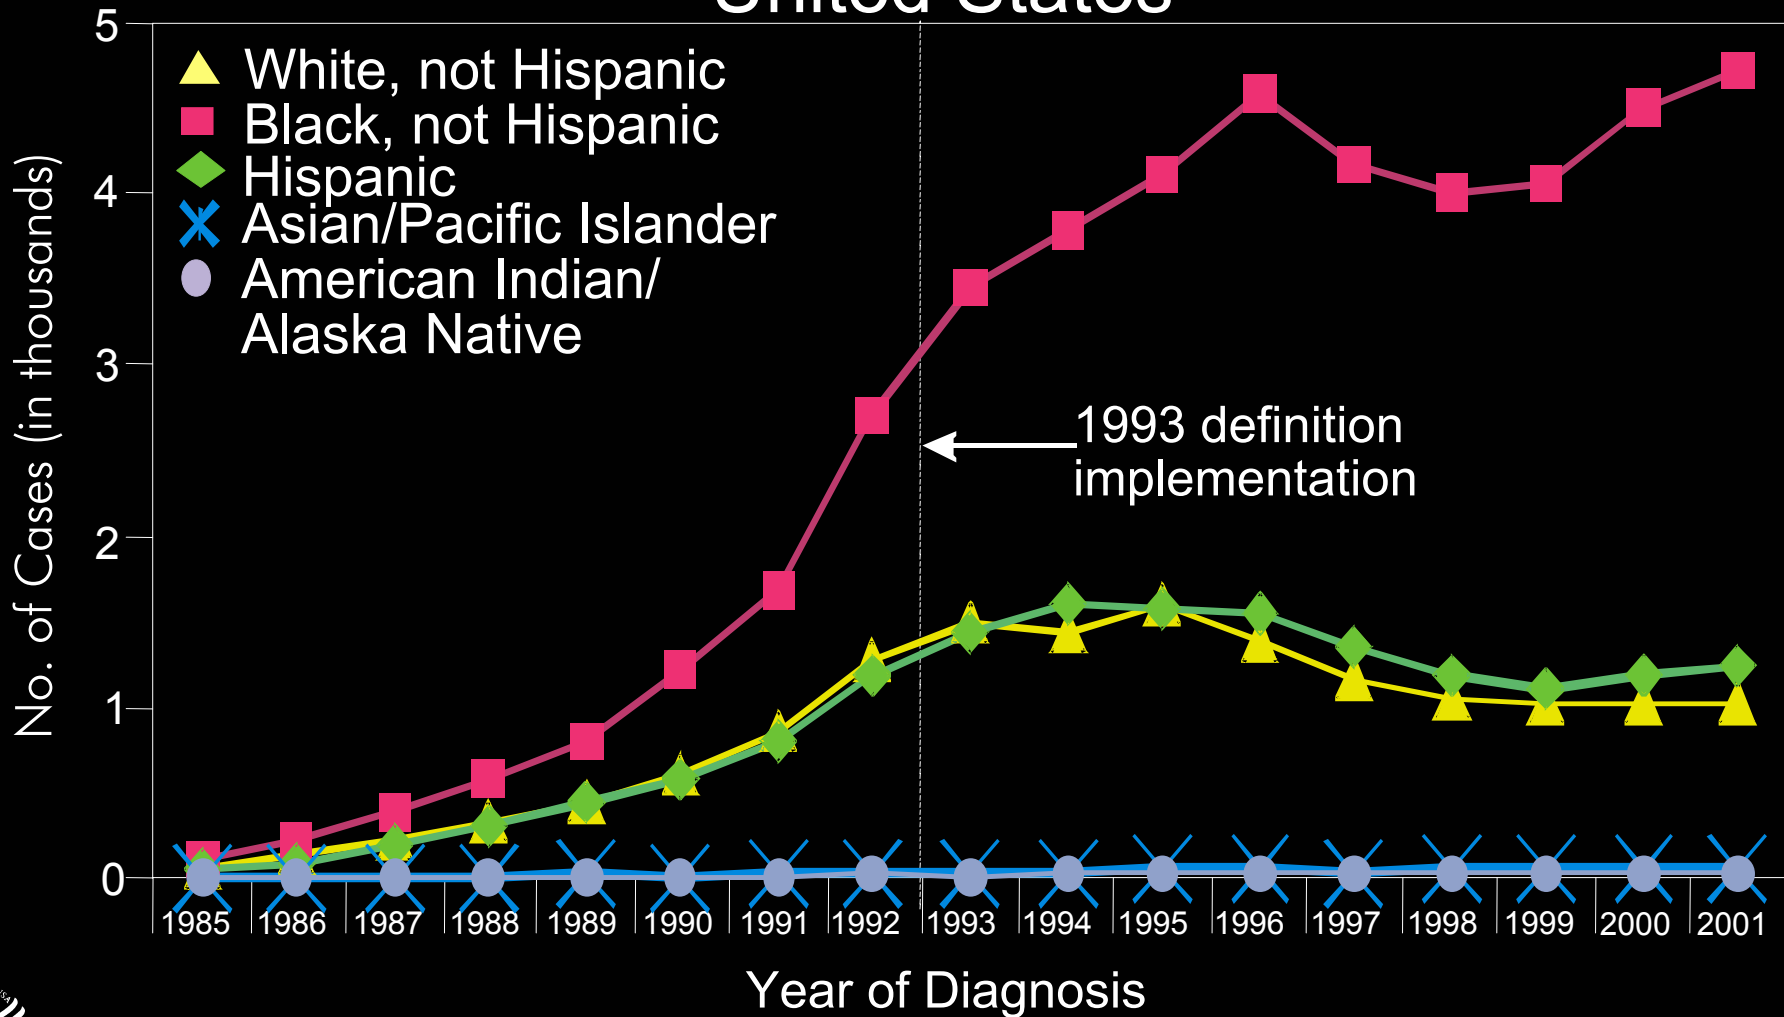

Number of deaths among adults and adolescents with AIDS, by race/ethnicity, 1985 - 2001, United States

Data adjusted for reporting delays; data reported through June 2002

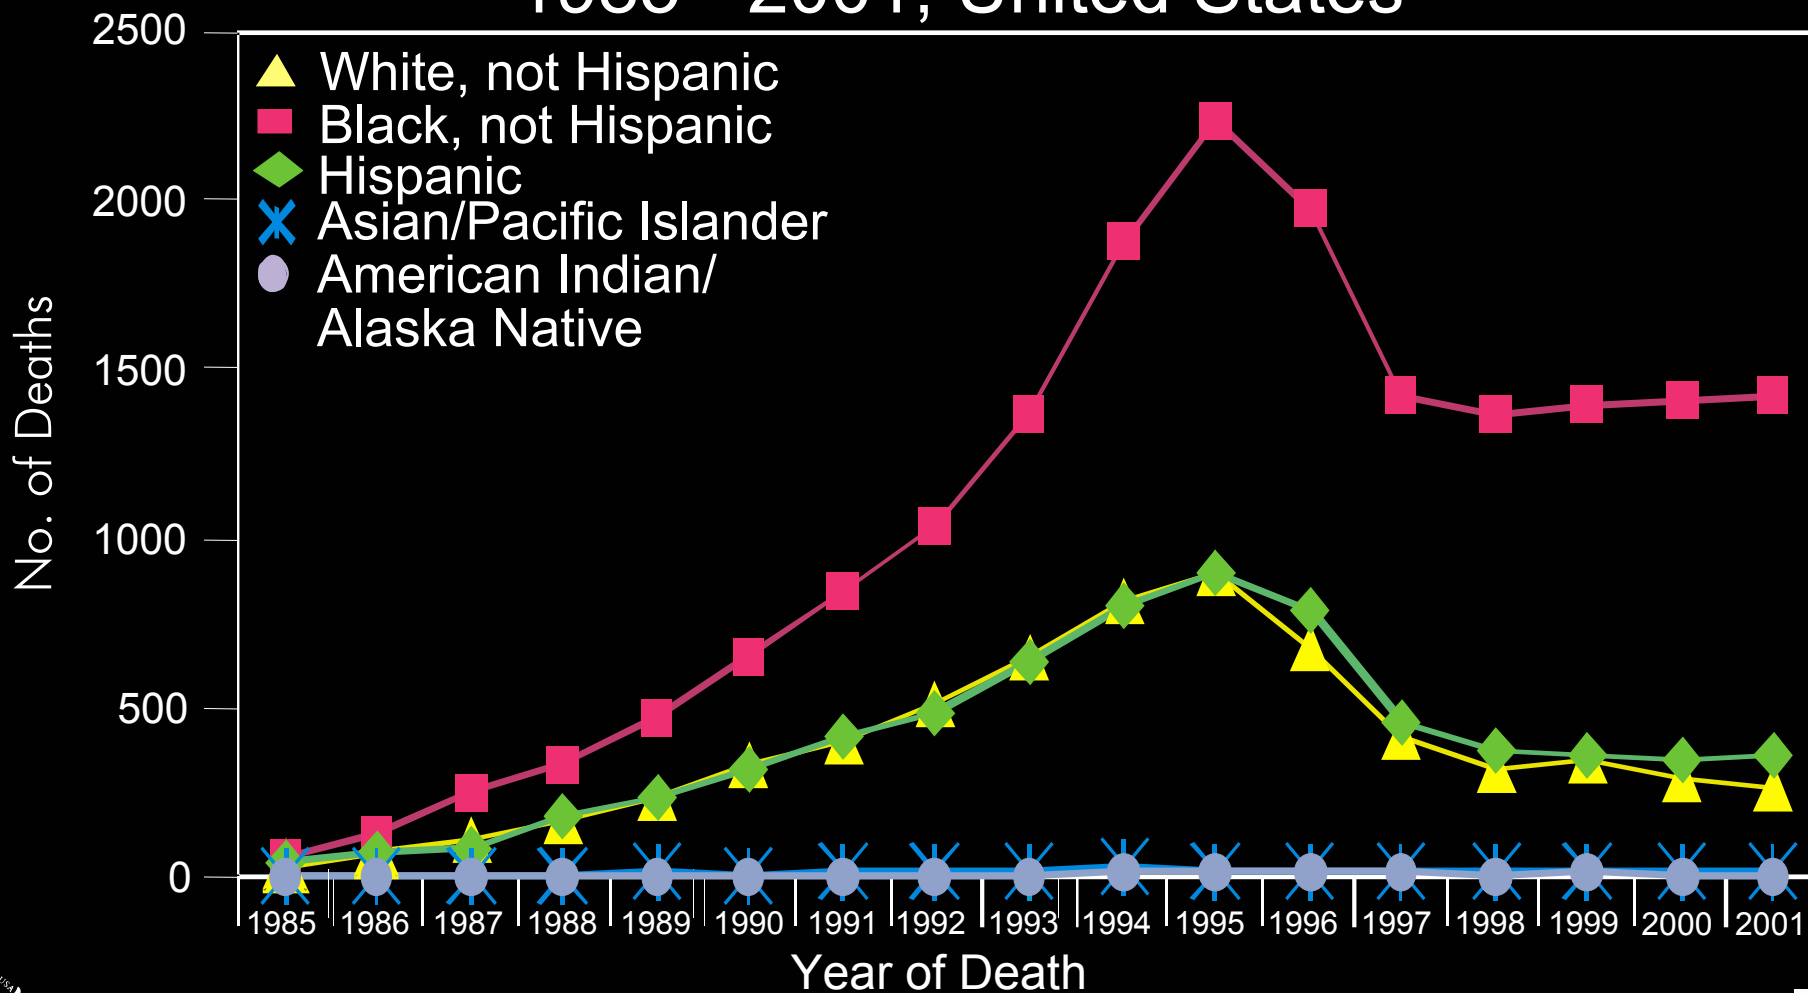

Incidence among women with AIDS attributed to heterosexual contact, by race/ethnicity, 1985 - 2001 United States

Data adjusted for reporting delays and for estimated proportional redistribution of cases reported without a risk; data reported through June 2002

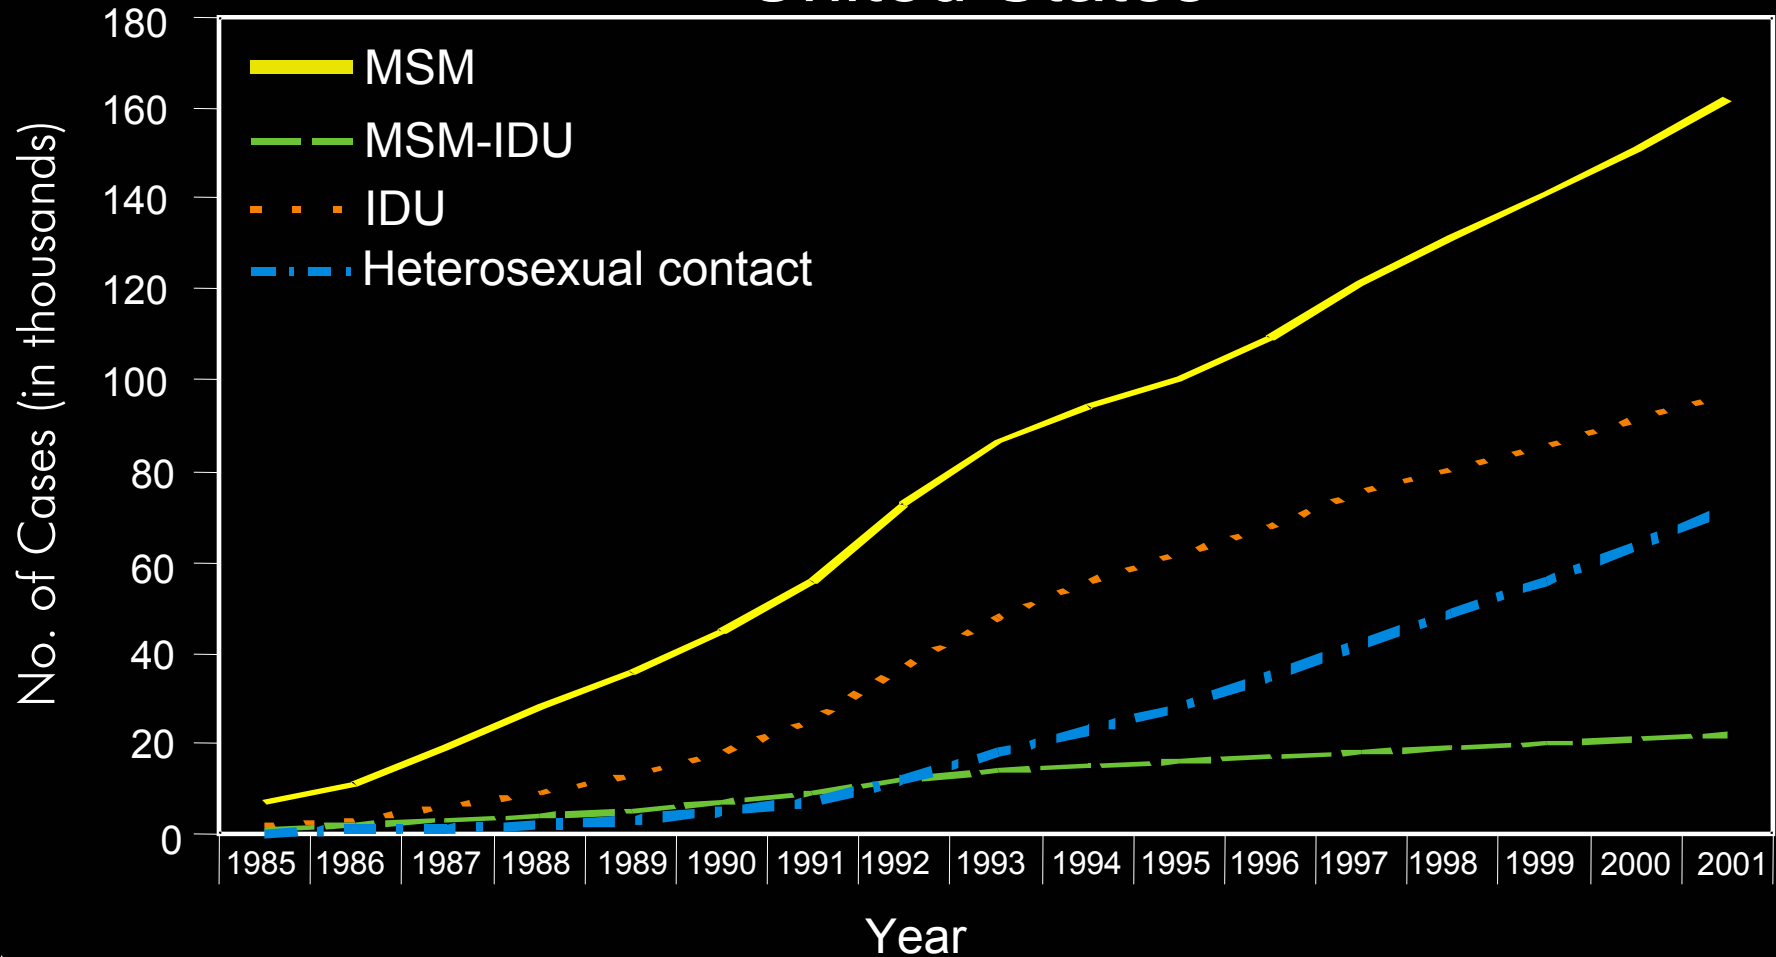

Number of deaths among women with AIDS attributed to heterosexual contact, by race/ethnicity 1985 - 2001, United States

Data adjusted for reporting delays and for estimated proportional redistribution of cases reported without a risk; data reported through June 2002

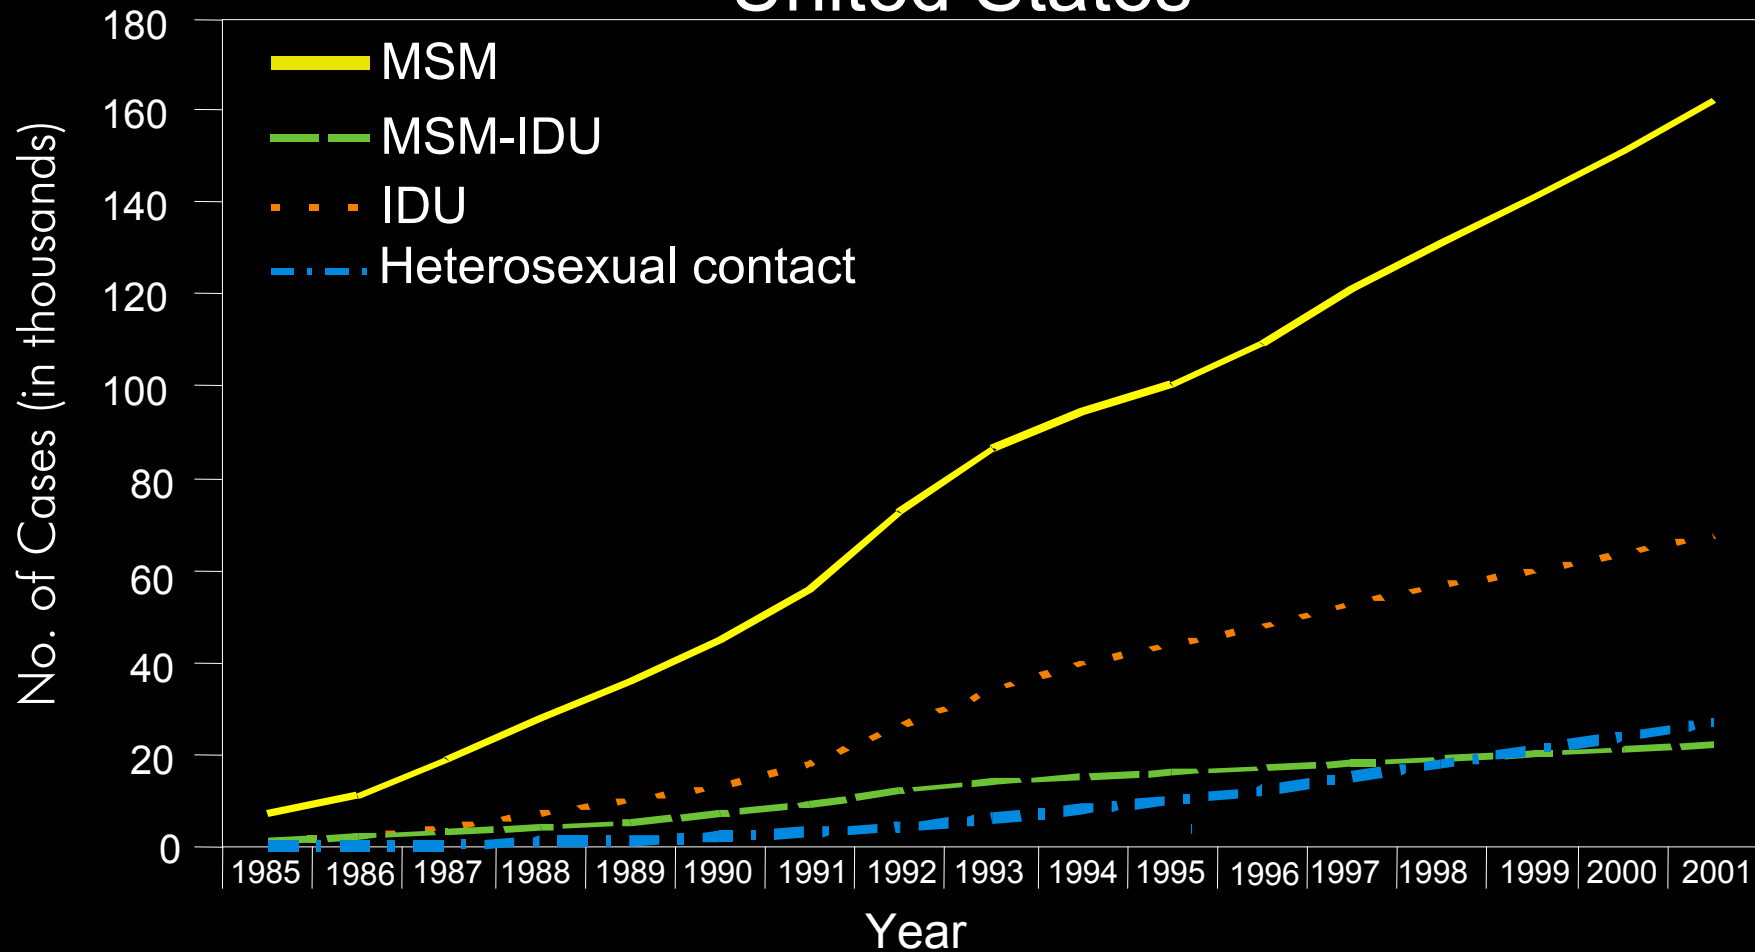

AIDS Prevalence among adults and adolescents by exposure category, 1985 - 2001 United States

Data adjusted for reporting delays and for estimated proportional redistribution of cases reported without a risk; data reported through June 2002

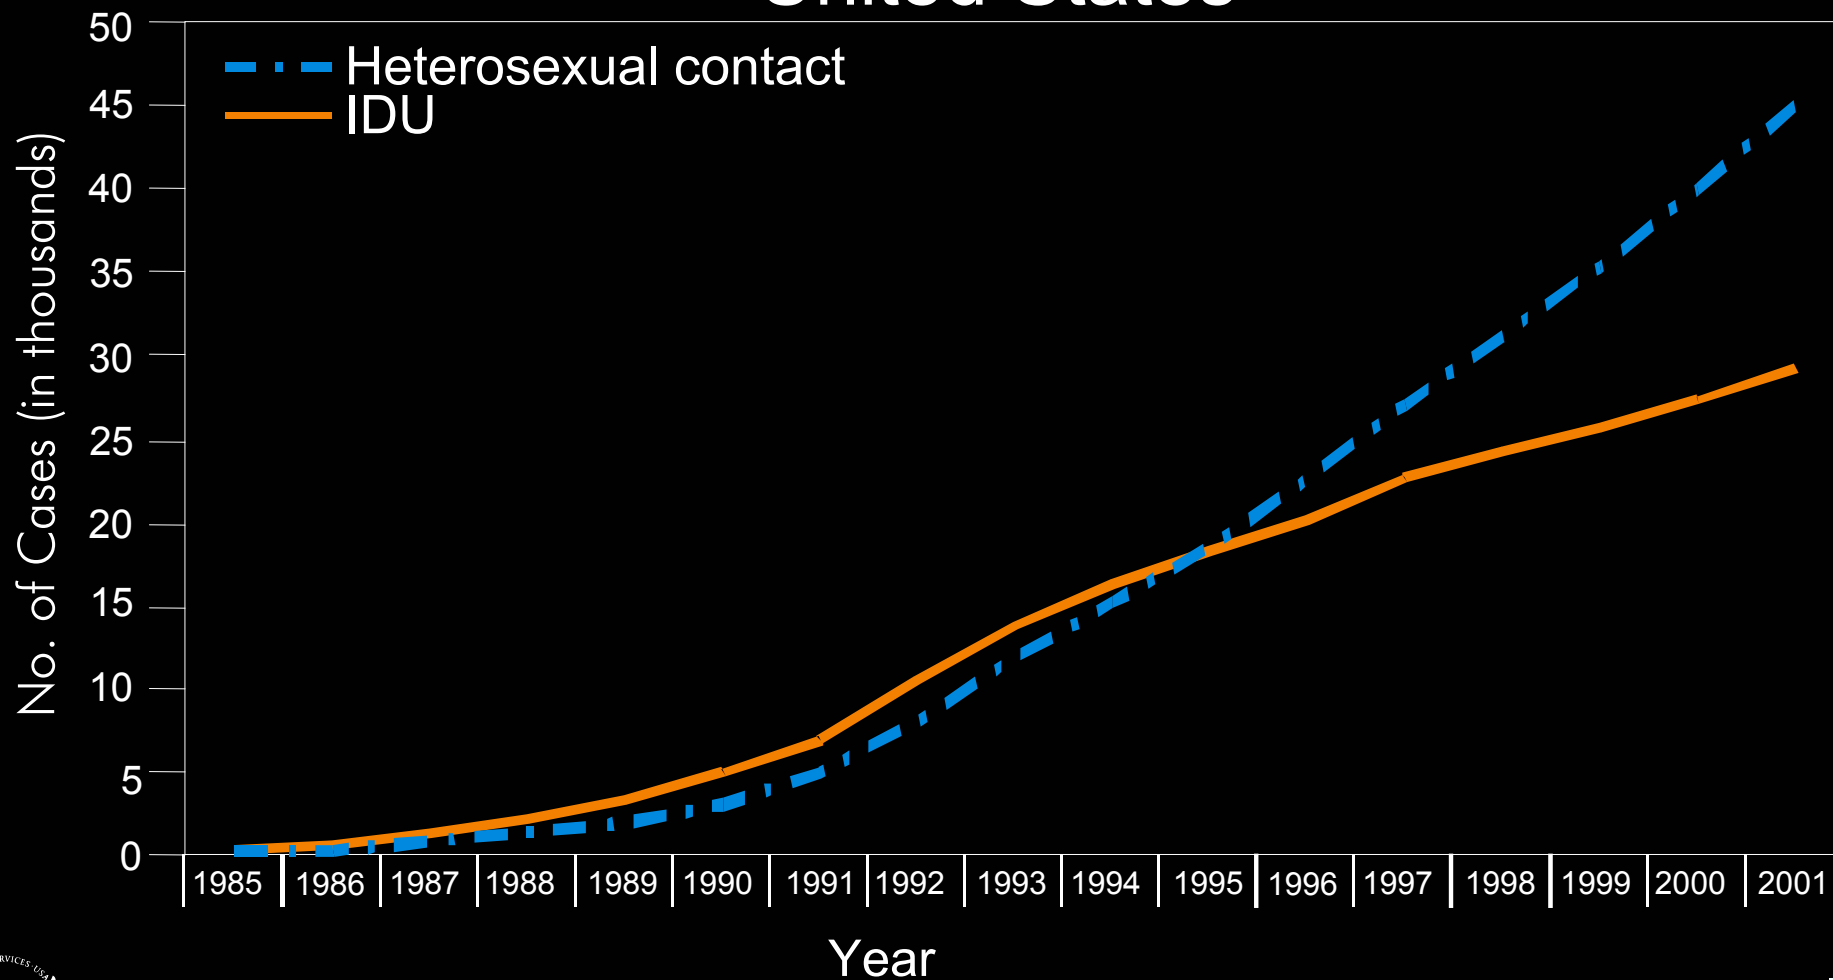

Prevalence of AIDS among male adults and adolescents, by exposure category, 1985 - 2001 United States

Data adjusted for reporting delays and for estimated proportional redistribution of cases reported without a risk; data reported through June 2002

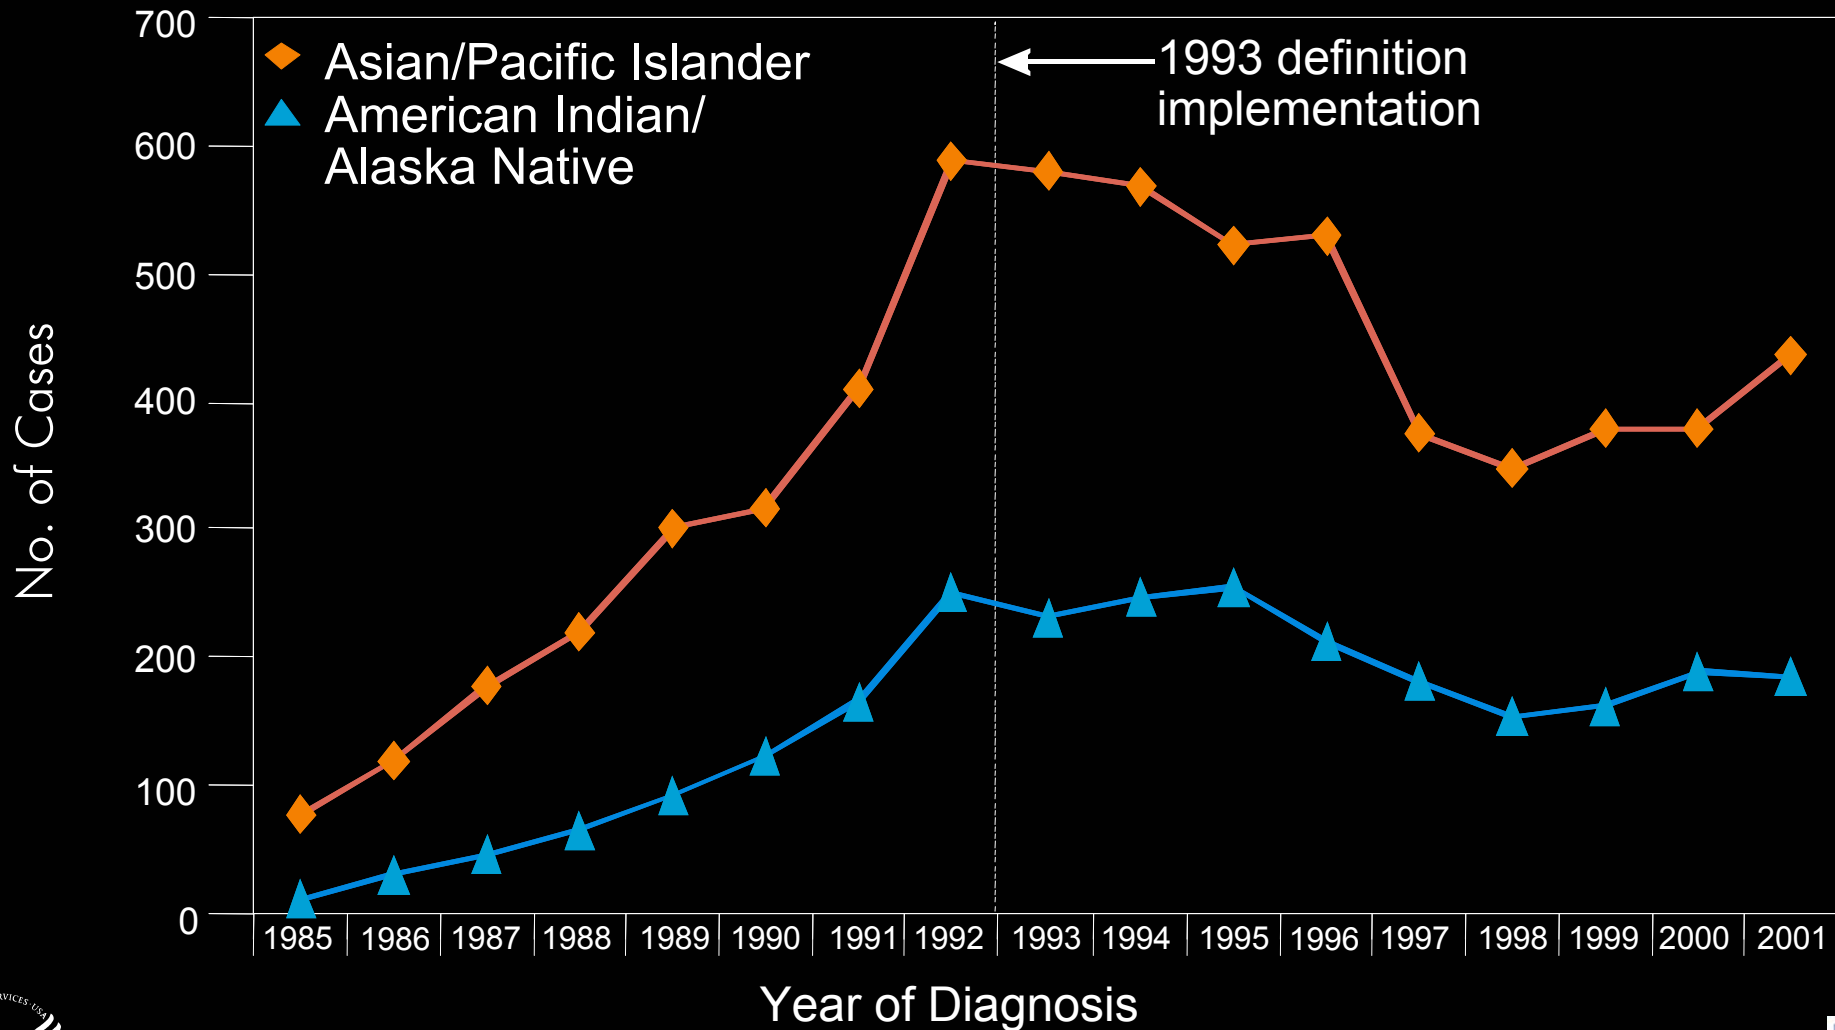

Prevalence among female adults and adolescents, by exposure category, 1985 - 2001 United States

Data adjusted for reporting delays and for estimated proportional redistribution of cases reported without a risk; data reported through June 2002

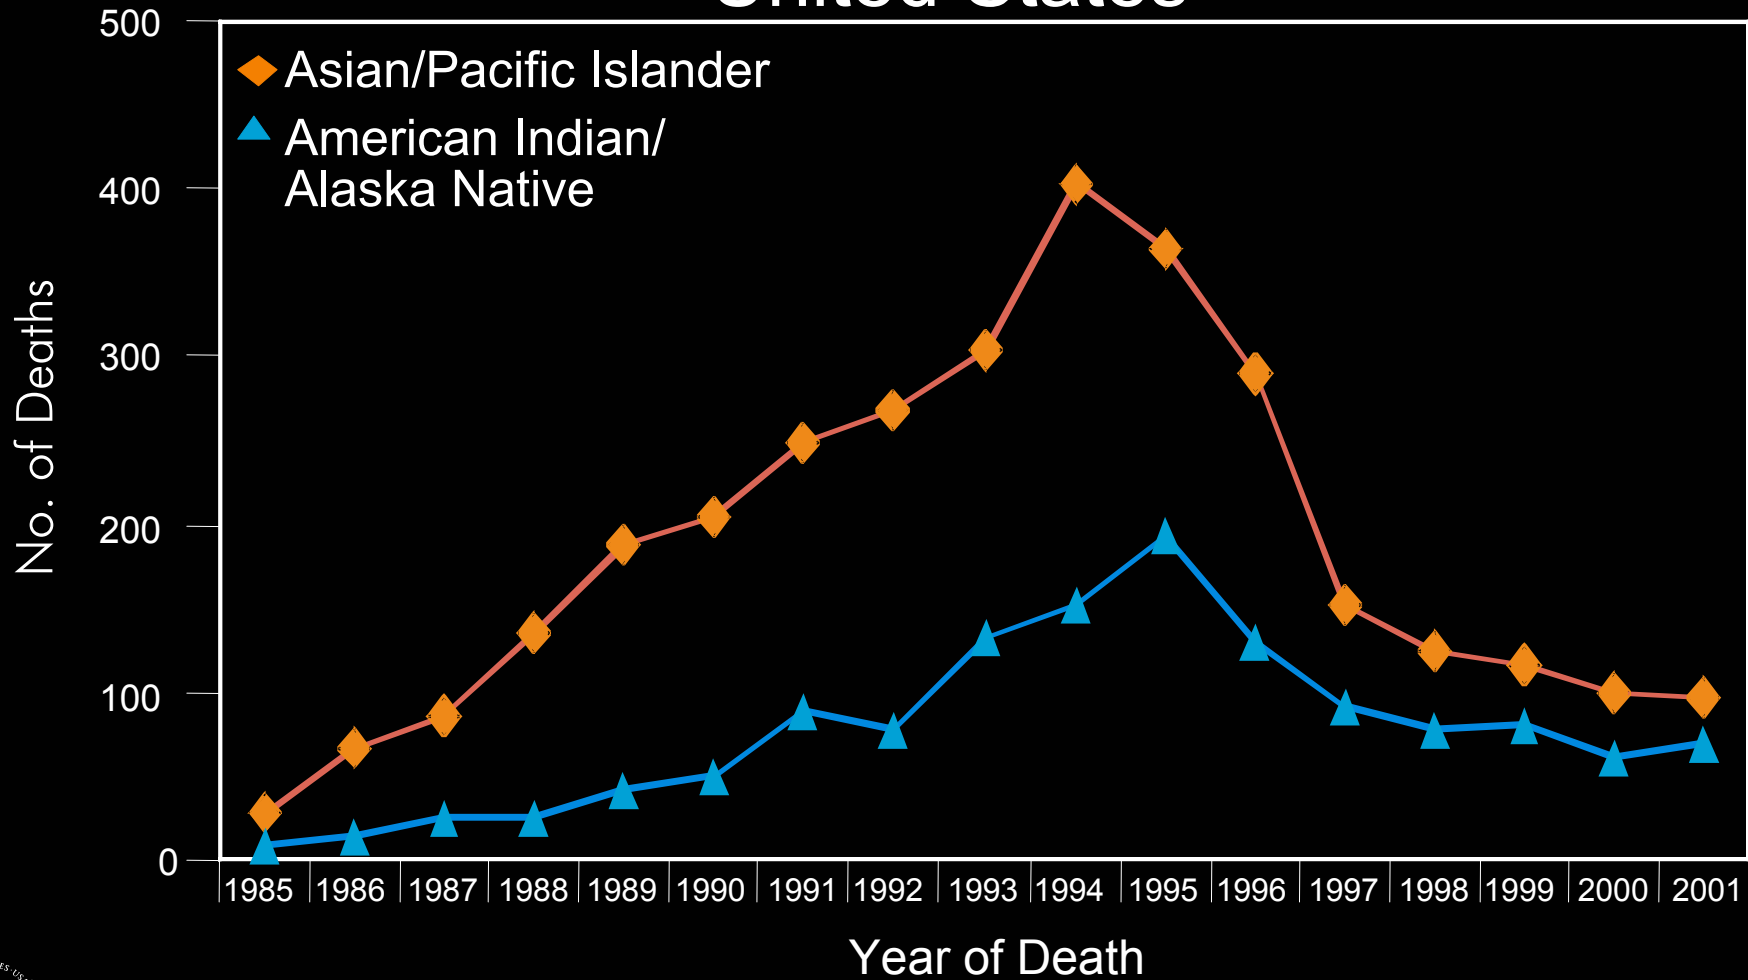

Incidence of AIDS among adults and adolescents by race/ethnicity, 1985 - 2001, United States

Data adjusted for reporting delays; data reported through June 2002

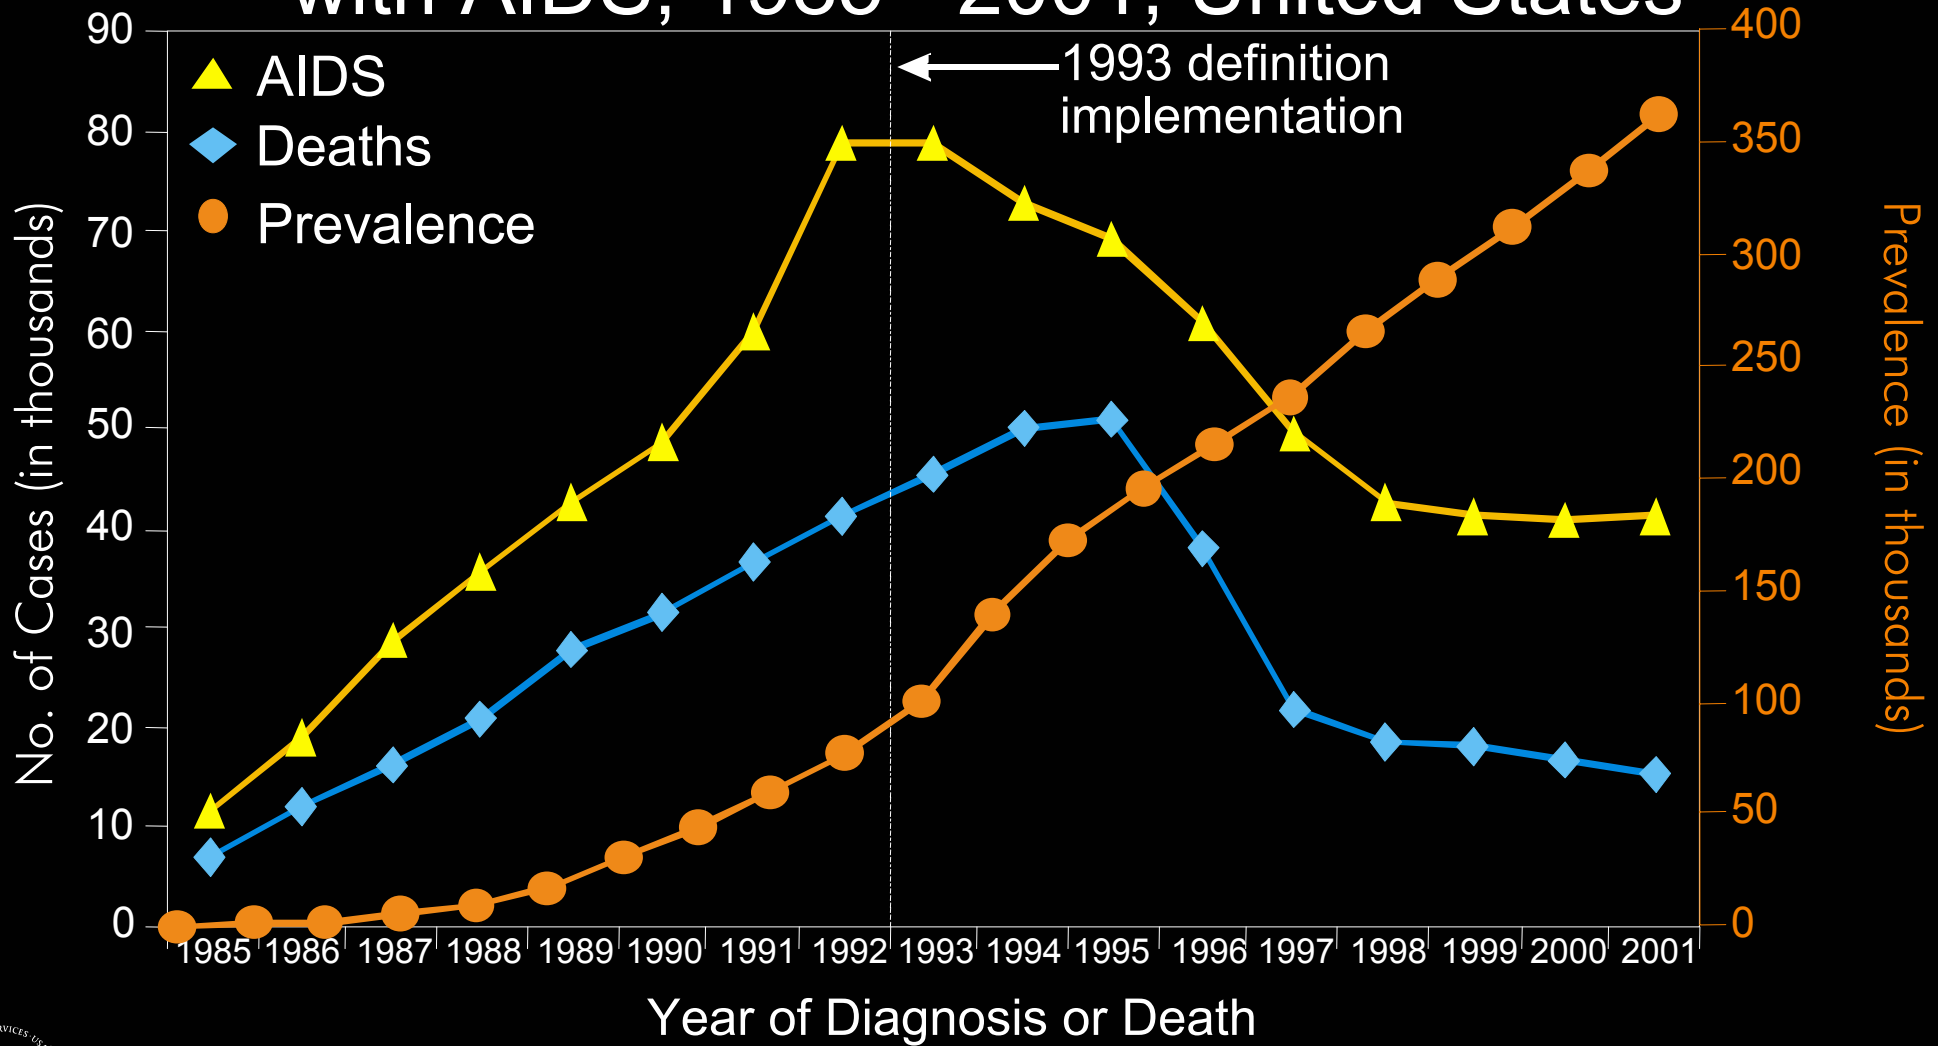

Number of deaths among adults and adolescents with AIDS, by race/ethnicity, 1985 - 2001 United States

Data adjusted for reporting delays; data reported through June 2002

Incidence, prevalence and deaths among persons with AIDS, 1985 - 2001, United States

Data adjusted for reporting delays and for estimated proportional redistribution of cases reported without a risk; data reported through June 2002
