Subject: Spyware Workshop - Comment, P044509

Aloha from the Big Island of Hawaii!

To be brief, I will only address my thoughts in general on adware and spyware. I believe that my computer is my property and is not to be used in any way without my express agreement. My privacy, productivity and serenity are valuable to me and my way of life. For anyone to impinge on my way of life should be illegal. I feel that any adware and/or spyware that is used on my computer without my explicit permission is an illegal act on me and my property.

Please do whatever is necessary to help me protect my privacy, productivity and serenity.

Thank you,
Larry Ford
