Subject: Spyware Workshop - Comment, P044509

Im very upset about Spyware, Trackers, Dataminers ect on the Internet. It takes so much away from the Internet Experience. Ive been on the Internet since 1983, when BBS'es where all there was. I spend most of my time making sure my Puter is Secure now. This is terrible. This is not what the Internet was intended for.

A few have ruined for many !
