Subject: Spyware Workshop - Comment, P044509

Dear Commissioners,

Please add my vote to those who would like to see help in controlling the deceptive and intrusive practices of spyware. The impact on productivity is huge. Pop-up ads and other annoyances affect employee time and effort, as well as commensurate technical time dealing with unwanted programs and advertisements.

Count me as one for the equivalent of a 'do not call' list for spyware -- and spam for that matter.
