SUPPLEMENTARY INFORMATION:

Title: Total Quality Systems Audit Program.

OMB Control Number: 0560–0214. Expiration Date: October 31, 2004. Type of Request: Revision and extension of a currently approved information collection.

Abstract: The information collected under OMB Control Number 0560-0214, as identified above, allows FSA to administer the TQSA program. The forms approved by this information collection are used by TQSA auditors, employed by FSA, or supplier representatives to secure and record information about the supplier's facility, audit information, and to submit corrective action plans to nonconformances previously found. The information collected is necessary to provide those charged with purchasing FSA commodities a basis to determine whether the supplier's quality management system meets applicable TOSA standards for contract bidding eligibility and to monitor the capability of the quality management system once approved supplier status is achieved. The information collected allows FSA to bill suppliers for the amount of hours TQSA auditors spent auditing supplier's quality management system.

Estimate of Burden: Public reporting burden for this information collection is estimated to average 30 minutes per response.

Respondents: Commodity suppliers participating in the TQSA program.

Estimated Number of Respondents: 200.

Estimated Number of Responses per Respondent: 2.

Estimated Total Annual Burden on Respondents: 400 hours.

Proposed topics for comment include: (a) Whether the continued collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of FSA's estimate of burden including the validity of the methodology and assumptions used; (c) enhancing the quality, utility, and clarity of the information collected; or (d) minimizing the burden of the collection of the information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments should be sent to the Desk

Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503, and to Howard Froehlich at the address listed above. All comments will become a matter of public record.

Trade Adjustment Assistance for Farmers

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Notice.

The Administrator, Foreign Agricultural Service (FAS), today denied a petition filed by a group of freshwater prawn producers from Kentucky for trade adjustment assistance (TAA) that was filed on February 23, 2004.

FOR FURTHER INFORMATION, CONTACT: Jean-Louis Pajot, Coordinator, Trade Adjustment Assistance for Farmers, FAS, USDA, (202) 720–2916, e-mail: trade.assistance@fas.usda.gov.

SUPPLEMENTARY INFORMATION: Upon investigation, the Administrator determined that the price information provided in the petition could not be validated. Thus Kentucky prawn prices could not be verified to have declined by more than 20 percent during the January–December 2002 marketing year, compared to the previous 5-year average, a condition required for certifying a petition for TAA.

Dated: April 9, 2004.

SUPPLEMENTARY INFORMATION:

Initiation of Investigations The Petition

On March 24, 2004, the U.S. Department of Commerce (the Department) received a petition filed in proper form by the United States PET Resin Producers Coalition (the petitioner). The Department received supplemental information from the petitioner on April 5, 2004.

In accordance with section 732(b)(1) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that imports of polyethylene terephthalate resin (bottle–grade PET resin) from India, Indonesia, Taiwan, and Thailand are, or are likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Act, and that imports from India, Indonesia, Taiwan, and Thailand are materially injuring, or are threatening to materially injure, an industry in the United States.

The Department finds that the petitioner filed the petition on behalf of the domestic industry because it is an interested party as defined in section 771(9)(C) of the Act and it has demonstrated sufficient industry support with respect to each of the antidumping investigations that it is requesting the Department to initiate. See infra, "Determination of Industry Support for the Petition."
