

ACQUISITION,
TECHNOLOGY
AND LOGISTICS

THE UNDER SECRETARY OF DEFENSE

3010 DEFENSE PENTAGON
WASHINGTON, DC 20301-3010

14 JUL 2004

MEMORANDUM FOR ASSISTANT SECRETARY OF THE ARMY
(ACQUISITION, LOGISTICS AND TECHNOLOGY)
ASSISTANT SECRETARY OF THE NAVY
(RESEARCH, DEVELOPMENT AND ACQUISITION)
ASSISTANT SECRETARY OF THE AIR FORCE
(ACQUISITION)
DIRECTORS, DEFENSE AGENCIES

SUBJECT: Acquisition Domain Transition Planning

To begin the Acquisition Domain's transition planning process, the Interim State Procurement Enterprise Systems have been defined as previously briefed to the Acquisition Governance Board (AGB) and the Business Management Modernization Program (BMMP) Steering Committee. The Interim State (attached) defines the Federal and DoD systems that provide procurement and procurement-related capabilities to the DoD Military Departments and Defense Agencies. Since the Interim State is procurement focused, it will expand to include the entire acquisition process as the inventory of acquisition enterprise business systems expand. As the Domain manages the investment in duplicative solutions, this Interim State defines the solution set that each Military Department and Defense Agency will use to procure goods and services and conduct other procurement related activities.

Each Military Department and Defense Agency will transition to these solutions no later than October 31, 2005. Systems providing duplicative capabilities to the Interim State systems without an Acquisition Domain approved compliance package will not receive Acquisition Domain endorsement to the Office of Secretary of Defense, Comptroller (OSD(C)) for obligation authority, required per the 2004 DoD Authorization Act. The Interim State is also documented in several architecture products that can be found at the Acquisition Domain portal, <https://portal.acq.osd.mil/portal/server.pt>. I have detailed specific deployment goals for the Standard Procurement System (SPS) Version 4.2.2 and Version 4.2.3 in a separate memorandum.

Your endorsed plan for incorporating the Domain Interim State systems to the business processes and systems architecture within your Military Department or Defense Agency is due August 31, 2004. This plan should incorporate technical integration,

process re-engineering, deployment timeline and retirement plans for duplicative systems. Transition planning guidance is available through the Acquisition Domain. Please ensure your Military Department and Defense Agency plans are provided, as requested, to Ms. Diane Morrison, diane.morrison@osd.mil, 703-614-3883, my action officer for this effort.

Michael W. Wynne
Acting

Attachment
As stated

Attachment 1

Federal Solutions

System	Primary Procurement and Procurement Related Capability
Central Contractor Registration (CCR)	Vendor Registration
Online Representations and Certifications Application (ORCA)	Vendor submission of representations and certifications
Federal Registration (FedReg)	Government office registration
Federal Business Opportunities (FedBizOpps)	Posting of business opportunities
Federal Technical Data Solutions (FedTeDS)	Online posting of technical documents
Inter-governmental Transactions Exchange (IGTE)	Processing of inter-governmental transactions
Federal Procurement Data System – Next Generation (FPDS-NG)	Reporting of contract award information
Past Performance Information Retrieval System (PPIRS)	Retrieval of past performance report cards
Wage Determinations On-Line (WDOL)	Receiving wage determination data
Interagency Contracts Directory (ICD)	Reporting of interagency contracting vehicles

DoD Solutions

System	Primary Procurement and Procurement Related Capability
Standard Procurement System (SPS)	Contract writing and administration
Wide Area Workflow (WAWF)	Processing of invoices and receiving reports
DoD Electronic Mall (DoD EMALL)	Electronic ordering under non-GSA schedule vehicles
