

## Treasury Commercial Vehicles (TCV)

The Treasury Commercial Vehicles (TCV) Blanket Purchase Agreements are a series of acquisition vehicles structured to provide commercial-off-the-shelf products for the IRS and Treasury bureaus. Eight (8) BPA's were established to better serve our customers. TCV is available for use by any employee of the Treasury Department or any of its bureaus. The BPA's are very flexible with items regularly added to meet specific needs.

Program and contract related questions should be directed to [Russell Critterton](#) at (202) 283-1396.
