Nutri-Firm Perfect Body Double Pack - Isomers

Product Number: C17072
VTV Price: \$49.99
Shipping:\$4.49

Soften the look of cellulite on your body. This skin firming product targets the cellulite in your skin by using your own body's natural chemistry. This process tightens and tones the skin while also eliminating sponginess and the orange peel look.

more information...

"Nutri-Firm Perfect Body Double Pack" is one of the many products offered by the Isomer line.

The Isomer line is made of all natural ingredients to help your body's functions perform at their peak. The "Nutri-Firm Perfect Body" uses the liposomes in your body to move herbs to "target" areas of your skin. Then these herbs release trapped elements in your skin that can cause cellulite. Many other products offer these same qualities- but are only available to you in three or four separate products. "Nutri-Firm" is the only product that is "all- in- one," saving you expense and hassle.

The herb ingredients include: sweet clover (soothing), reishi mushroom (balancing), lemon (firming), Barley (tightens), Ivy (toning), Butcher's broom (astringent), camelia (anti-oxidant), and soy (firming).
