

Proceedings of

**Bat Conservation
and Mining:
A Technical Interactive Forum**

Proceedings of Bat Conservation and Mining:
A Technical Interactive Forum held November 14-16, 2000
at the Airport Hilton,
St. Louis, Missouri

Edited by:
Kimery C. Vories
Dianne Throgmorton

Published by
U.S. Department of Interior, Office of Surface Mining, Alton, Illinois
and
Coal Research Center, Southern Illinois University, Carbondale, Illinois

Foreword

Steering Committee Members

Bat Conservation Steering Committee Recommendations

What is a Technical Interactive Forum?

Kimery C. Vories, USDI Office of Surface Mining, Alton, Illinois

The Office of Surface Mining Perspective on Bat Conservation

Kathrine L. Henry, Acting Director, Office of Surface Mining, Washington, D.C.

Session 1: Why Bats?

Session Chairperson: Sheryl Ducummon, Bat Conservation International, Austin, Texas

Ecological and Economic Importance of Bats

Sheryl Ducummon, Bat Conservation International, Austin, Texas

Importance of Mines for Bat Conservation

Len Meier, Office of Surface Mining, Alton, Illinois

Challenges in Protecting Bats

Homer Milford, New Mexico Mining and Minerals Division, Sante Fe, New Mexico

Eastern Bat Species of Concern to Mining

Dr. Michael Harvey, Tennessee Technological University, Cookeville, Tennessee

Western Bats and Mining

Dr. Michael A. Bogan, USGS Biological Research Division, Albuquerque, New Mexico

Federally Listed Threatened and Endangered Species of Concern to Mining

Robert Currie, U.S. Fish and Wildlife Service, Asheville, North Carolina

Session 2: Interest Group Perspectives on Constraints, Experiences, Trends, and Needs

Session Chairperson: Vance Greer, Office of Surface Mining, Washington, D.C.

National Association of Abandoned Mine Land Programs

Mark Mesch, Utah Division of Oil, Gas, and Mining, Salt Lake City, Utah

Perspective of the Interstate Mining Compact Commission/Eastern Regulatory Authority

States on Bat Conservation and Mining

Dr. Richard Wahrer, Kentucky Department for Surface Mining Reclamation and Enforcement,

Frankfort, Kentucky

Bat Conservation in Mine Reclamation in Eleven Western States and the Western Interstate

Energy Board Perspective on Habitat Preservation

Homer Milford, New Mexico Mining and Minerals Division, Sante Fe, New Mexico

Kentucky Coal Industry Perspective on Bat Conservation and Mining

Stephen Cawood, McBrayer, McGinnis, Leslie, and Kirkland, PLLC, Lexington, Kentucky

The U.S. Fish and Wildlife Service's Perspective on Bats and Mining

David Flemming, U.S. Fish and Wildlife Service, Atlanta, Georgia

Bat-Compatible Closures of Abandoned Underground Mines in National Park System Units

John Burghardt, National Park Service, Denver, Colorado

Sex, Lies, and Videotape: My Views on the Evolution of Federal Policy and Practice to

Conserve Bats on Lands Managed by the Forest Service

Laurie Fenwood, U.S. Forest Service, Vallejo, California

The Role of the Bureau of Land Management in Bat Conservation
Fred Stabler, Bureau of Land Management, Washington, D.C.
International Association of Fish and Wildlife Agencies
Terry Johnson, Arizona Department of Game and Fish, Phoenix, Arizona

Session 3: Methods for Protecting Bat Habitat Associated with Underground Mines
Session Chairperson: Mark Mesch, Utah Division of Oil, Gas, and Mining, Salt Lake City, Utah

Methods for Determining Local Mine Characteristics of Importance to Bats
Richard Sherwin, University of New Mexico, Albuquerque, New Mexico
Pre-Mine Closure Bat Survey and Inventory Techniques
Dr. J. Scott Altenbach, University of New Mexico, Albuquerque, New Mexico
An Evaluation of Alternative Methods for Constructing Bat Gates at Mine Closures
Robert Currie, U.S. Fish and Wildlife Service, Asheville, North Carolina
New Mexico Experience with Bat Grates at Abandoned Mines
John Kretzmann, New Mexico Mining and Minerals Division, Santa Fe, New Mexico
A Colorado Case Study to Secure an Underground Mine for Bat Habitat
Kirk Navo, Colorado Division of Wildlife, Monte Vista, Colorado
Pennsylvania Case Studies to Secure Underground Mine Workings for Bat Habitat
Emanuel T. Posluszny, Office of Surface Mining, Wilkes-Barre, Pennsylvania
**A Midwestern Case Study to Secure an Underground Mine for Bat Habitat: The Unimin
 A Magazine Mine in Alexander County, Illinois**
*Joseph Kath, Illinois Department of Natural Resources, Division of Natural Heritage, Springfield,
 Illinois*
An Overview of the Response of Bats to Protection Efforts
Robert Currie, U.S. Fish and Wildlife Service, Asheville, North Carolina
Evicting Bats when Gates will not work: Unstable Mines and Renewed Mining
Dr. Patricia Brown, University of California, Los Angeles, California
Monitoring and Evaluating Results of Bat Protection Efforts
Dr. Kate Grandison, Southern Utah University, Cedar City, Utah

Session 4: Protecting Bat Habitat Associated with Surface Mining and Reclamation
Session Chairperson: Len Meier, Office of Surface Mining, Alton, Illinois

Bats at the Surface: The Need for Shelter, Food, and Water
Dr. Alan Kurta, Department of Biology, Eastern Michigan University, Ypsilanti, Michigan
Impacts of Mine Related Contaminants on Bats
*Dr. Thomas J. O'Shea, U.S. Geological Survey, Biological Resources Division, Fort Collins,
 Colorado*
**Surface Habitat Disturbance, Protection, and Enhancement Associated with Active Surface
 Mining and Reclamation**
Chris Yde, Montana Department of Environmental Quality, Helena, Montana
Endangered Species Habitat Replacement
Sally Imhof, Kansas Surface Mining Section, Frontenac, Kansas
Surface Mining Case Study from Kentucky
*Dr. Richard Wahrer, Kentucky Department for Surface Mining Reclamation and Enforcement,
 Frankfort, Kentucky*

Session 5: Program Development

*Session Chairperson: Dave Buchnam, Colorado Division of Minerals and Geology, Denver,
 Colorado*

State Program/Colorado
Julie Annear, Colorado Division of Minerals and Geology, Denver, Colorado
The McLaughlin Mine Bat Program: New Ideas in an Old Mining District.
Dean Enderlin, Homestake Mining Co., Lower Lake, California

Implementation of a Recovery Plan for the Endangered Indiana Bat
Richard Clawson, Missouri Department of Conservation, Columbia, Missouri

Session 6: Interest Group Recommendations to Enhance Bat Conservation Associated with Mining

Session Chairperson: Kirk Navo, Colorado Division of Wildlife, Monte Vista, Colorado

National Association of Abandoned Mine Land Programs
Mark Mesch, Utah Division of Oil, Gas, and Mining, Salt Lake City, Utah

Interstate Mining Compact Commission/Eastern Regulatory Authority States
Dr. Richard Wahrer, Kentucky Department for Surface Mining Reclamation and Enforcement, Frankfort, Kentucky

Western Interstate Energy Board/Western Regulatory Authority States
Homer Milford, New Mexico Mining and Minerals Division, Sante Fe, New Mexico

U.S. Fish and Wildlife Service
Bob Currie, U.S. Fish and Wildlife Service, Asheville, North Carolina

National Park Service
John Burghardt, National Park Service, Denver, Colorado

International Association of Fish and Wildlife Agencies
Terry Johnson, Arizona Department of Game and Fish, Phoenix, Arizona

Regional Bat Working Groups
Mary Kay Clark, North Carolina State Museum of Natural Sciences, Raleigh, North Carolina
