NOTE: Received Substance Use Treatment refers to treatment received in order to reduce or stop drug or alcohol use, or for medical problems associated with drug or alcohol use. It includes treatment received at any location, such as a hospital, a rehabilitation facility (inpatient or outpatient), mental health center, emergency room, private doctor's office, self-help group, or prison/jail.

NOTE: Any Illicit Drug includes marijuana/hashish, cocaine (including crack), heroin, hallucinogens, inhalants, or any prescription-type psychotherapeutic used nonmedically.

¹ Estimates include persons who received treatment specifically for any illicit drug or alcohol, as well as persons who received treatment but did not specify for what substance(s).

NOTE: Received Substance Use Treatment refers to treatment received in order to reduce or stop drug or alcohol use, or for medical problems associated with drug or alcohol use. It includes treatment received at any location, such as a hospital, a rehabilitation facility (inpatient or outpatient), mental health center, emergency room, private doctor's office, self-help group, or prison/jail.

NOTE: Any Illicit Drug includes marijuana/hashish, cocaine (including crack), heroin, hallucinogens, inhalants, or any prescription-type psychotherapeutic used nonmedically.

¹Estimates include persons who received treatment specifically for any illicit drug or alcohol, as well as persons who received treatment but did not specify for what substance(s).

Source: SAMHSA, Office of Applied Studies, National Survey on Drug Use and Health, 2002.
