¹ Includes natural resources and mining, information, and other services, except public administration, not shown separately.

² This series is not published seasonally adjusted because the seasonal component, which is small relative to the trend-cycle and irregular components, cannot be separated with sufficient precision.

³ Natural resources and mining is combined with construction.

⁴ July 2004 data for Missouri for total and government have been corrected. P = preliminary.

NOTE: Data are counts of jobs by place of work. Estimates are currently projected from 2003 benchmark levels. Estimates subsequent to the current benchmarks are provisional and will be revised when new information becomes available.
