## Series Description

***The Management of HIV/AIDS in the Correctional Setting*** is an on-going satellite videoconference series designed to address clinical issues in the management of HIV-infected inmates. The programs are a unique, collaborative venture among Albany Medical Center, the New York State Department of Correctional Services, and private pharmaceutical companies. Each program will address a different clinical aspect of HIV infection using the same format: didactic lectures, case presentations and a panel discussion. Specific objectives for this program can be found by visiting the website listed above.

## Who Should Attend?

Physicians, physician assistants, pharmacists, nurse practitioners, nurses, dentists, and other interested providers.
