*Public reporting burden for this collection information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and the respondent is not required to respond to, a collection of information unless it displays a valid OMB control number.

U. S. Department of State's Bureau of Educational and Cultural Affairs (ECA) has well-established procedures for internal Bureau grant review. The procedures respond to the need to provide consistent, fair, and quality decision-making regarding the relatively high volume of funding requests submitted to the Bureau. Information concerning grant requests is also essential in view of the Bureau's interest in the integrity of the review process. This information collection is intended to assist in compliance with goals established for the Bureau by the Fulbright-Hays Act, P.L. 87-256, to increase mutual understanding between the peoples of the United States and peoples of other countries by means of educational and cultural exchange. The Bureau reviews each grant application for compliance with established procedures. The applications are then screened by a panel for approval or disapproval for funding. Grants are not given to projects that essentially for research, to fund publications, or finance the policy views of foreign governments. This information collection is necessary to maintain the grant application process for ECA programs.
