George Orwell's 1984 has finally come true!!! But instead of Big Brother, it's the spyware and adware companies that are watching!!!!.....I don't know about you but I'm tired of being bombarded with Cyber-CaCa! ... And what about Spam??? These folks don't have a clue WHO they're trying to sell Viagra and penile enhancement apparatus to. Indignant? You BET I am!!!... WHY, in a country raised up out of Christian values, should I have to subject to E-mail titles such as "Debbie" or "Hot, ???

Are you fella's losing you grip?....Show them who's boss!! As I recall, that would be, "We the People!" And from what I hear, "We the People" are "Mad as Hell, and We're NOT gonna take it any more!"..... (If you read this far, Thank You, and Have a Nice Day)
