CHANGE REQUEST 2913

- I. SUMMARY OF CHANGES:** This One Time Notification (OTN) replaces transmittal 51, which was communicated on September 26, 2003. This OTN is for Update of Codes in the Program Integrity Management Reporting System (PIMR) and the Contractor Administrative Cost and Financial Management System (CAFM II).

The new PIMR system changes reporting requirements for Medical Review (MR) and fraud that are in CMS Publication 100-08 (Program Integrity Manual), Chapter 7 (MR and BI Reports), §§1, 5, and 6-10. Formerly the requirements were in CMS Publication 13 (Intermediary Manual), Part 2, §2301, and Part 3, §3939. They were also included in CMS Publication 14 (Carrier Manual), Part 3, §§7504.2, 7535-7537, and 14021.

CAFM II changes are contained in the Budget and Performance Requirements for MR.

This Change Request (CR) requires that standard systems make changes to allow use of current activity codes for both reporting requirements. There are no reporting requirements included that require manualization.

NEW/REVISED MATERIAL - EFFECTIVE DATE: January 5, 2004 for MCS and FISS and April 5, 2004 for VMS
