Determining Impact of Intra-Department Moves - FY 2004

This chart depicts the effect of intra-Department reassignments (lateral moves) on ASLRP beneficiaries and provides funding guidance for the gaining and losing component (or equivalent).

- **All** ASLRP recipients who move laterally (voluntary or involuntary) after initial selection must:
 - Notify OARM (Attention: Director) in writing; **and**
 - Re-compete for future benefits as a new requester upon the expiration of their current service obligation; **and**
 - Comply with existing policy regarding lateral movements to remain eligible for renewal during an existing service obligation period. This involves an analysis of the basis for selection (pre-qualified v. case-by-case), the status of the new position, and whether the relocation was voluntary or involuntary.

Basis for Original Selection	New Position	Nature of Move	Eligible for Renewal During an Existing Service Obligation (e.g., in years 2 and 3 of the original 3-year period)?	Eligible for Renewal Upon Expiration of Existing Service Obligation?	Funded by – (gaining or losing component)
Pre-Qualified	Pre-Qualified (listed on Appendix A for the relevant FY)	Voluntary	Yes, through existing service obligation <i>if</i> position criteria are met.	No	Gaining
		Involuntary	Yes, through existing service obligation.	No	Gaining
	Not Pre-Qualified (requires case-by-case justification)	Voluntary	No – must compete again. Service Agreement remains in effect.	No	Gaining, if attorney is selected again
		Involuntary	Yes, through existing service obligation.	No	Gaining
Case-by-case Justification (Not Pre-Qualified)	Pre-Qualified (listed on Appendix A for the relevant FY)	Voluntary	Yes, through existing service obligation <i>if</i> position criteria are met.	No	Gaining
