**Cartazyne**

Hi Kids!

Dad and I are having a great time here in Hawaii. We're having a great time. Tonight we are going to a party. Thank you both for giving us this wonderful vacation.

Also, thank you for giving us CartazyneDS. Your father and I are completely pain free! That's right, no more arthritis pain at all. It really does work! We're telling everyone we meet here about CartazyneDS.

See you both soon. Love, Mom & Dad - Aloha 🍹

FTC05686

Dr. Leonard Rapoport, M.D., F.A.C.S.  
Bentley-Myers International

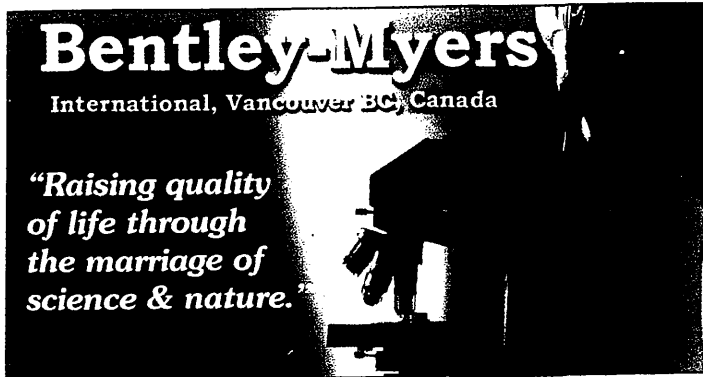

My Dear friend:

You are just moments away from beginning our CartazyneDS program. Even if you've suffered from arthritis pain for years, CartazyneDS provides precious resources so your body can rebuild cartilage and reduce painful inflammation in a very short time. There is no doubt about it. CartazyneDS works!

I've observed patients that have been taking handfuls of aspirin daily for years. This can be very dangerous. This misuse has made aspirin the 16th greatest cause of death in America! You are about to end your pain the natural way with CartazyneDS.

Be sure and learn about Cartazyne Accelerator on page 4. This is an optional formula that works with CartazyneDS as a natural catalyst. Though Cartazyne Accelerator is not necessary for the system to work, we find it speeds pain relief for many chronic sufferers.

Cartazyne Sciences is a division of Bentley-Myers International of Vancouver, Canada. My role as Medical Director of Bentley-Myers is to insure that you are receiving the highest quality of pharmaceutical grade ingredients in all our formulas. My team is also responsible for monitoring worldwide research involving natu-

**Bentley-Myers**

International, Vancouver BC, Canada

*"Raising quality of life through the marriage of science & nature."*

ral products that can improve your health and raise your quality of life.

You are holding our latest catalog of international discoveries. Each of these formulas have gone through rigorous clinical studies. Only after my department has thoroughly reviewed these tests, do we release these formulas to you.

We have carefully developed these formulas to deliver benefits without side effects common with prescription drugs. I personally use many of these products daily and hope you too will take advantage of all that nature has to offer through these proven formulas.

Please include the company check below to save \$5 when you order a CartazyneDS refill and at least two additional products.

Please drop me a note about your own experience with CartazyneDS and the other products.

Thank you.  
Leonard Rapoport, M.D., F.A.C.S.

# IMPORTANT! Do Not Run Out of Cartazyne Formulas!

The most common mistake we see customers make is running out of Cartazyne A, Cartazyne B or CartazyneAX Accelerator. As soon as possible place your re-order. Below is our Insider's Discount Re-order Form. Remember, all products are completely guaranteed!

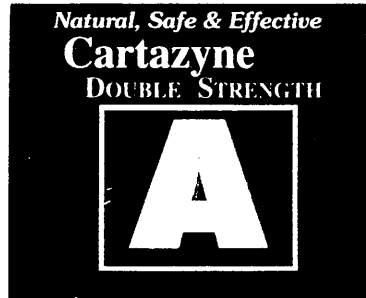

<p>Order a CartazyneDS refill plus at least 2 additional products. Include this official \$5 company check as partial payment. If you are ordering by telephone, give the operator the Account Number below for an instant \$5 discount.</p> <p>It's our way of saying thanks for joining our family of healthy CartazyneDS customers!</p>	<p><b>Cartazyne Sciences International</b> Div. **Y**ou are about to begin an exciting program that has been shown to reduce joint inflammation, cartilage deterioration and PAIN associated with common arthritis. The CartazymeDS system is really quite simple to follow. As you can see, there are two formulas to take daily: CartazymeDS **A** and CartazymeDS **B**, as well as CartazymeAX ACCELERATOR, which has just been released (see last page for ordering information)! There are also some simple nutritional guidelines to follow as well.

If you ordered CartazymeAX ACCELERATOR, you will take this supplement along with your A & B formulas. **Please follow the instructions on the label.** All of our formulas are natural and do not cause drug side effects as do some painkillers that you may have tried. If you are taking other medications, you may want to check with your healthcare provider regarding unlikely interaction. Though we're always here to answer your questions, unfortunately our Customer Service representatives cannot offer you this type of advice. **Never stop taking any medication prescribed by your doctor without prior consultation.**

## First, the CartazymeDS Formulas:

**Take 1  
BLUE  
tablet, 2 to  
3 times a  
day with 8  
oz. liquid.**

**Take 1  
tablet, 1 to  
2 times a  
day with 8  
oz. liquid.**

You can take the CartazymeDS formulas with or without food. If you experience stomach distress after taking CartazymeDS, try taking after a light meal. Should this discomfort persist, discontinue usage.

No drug claims are made or implied herein. Not intended to diagnose, treat, cure or prevent disease.

These statements have not been reviewed by the FDA.

## Exercise Is Essential For Healthy Joints

Walking, slow jogging or just strolling around your home is important when your goal is to eliminate joint pain. (Always consult your doctor before starting any exercise program.) Begin all exercise sessions with stretching. Never bounce when you stretch, take it slow and easy, and make your movements fluid. Always warm up muscles.

Begin your exercise program with a simple routine, later adding more variety and challenge. After consulting your healthcare provider, we suggest you have a few sessions with a certified exercise specialist. He or she can design a program to meet the essential requirement of regular exercise.

## Foods That Soothe

Several experts in the care of arthritis agree that nutrition plays a big part in reducing inflammation and pain in joints by helping the body generate new, healthy cartilage. They report that certain foods may stem the destruction of joints, while others may help to ease the pain or prevent the problem in the first place. Also, antioxidant supplements are believed to address destructive free radicals that roam about the body attacking healthy tissue.

It is very important to keep your weight under control. Being overweight can put unnecessary additional strain on joints. This, of course, leads us to our first nutritional guideline: **Watch your calorie intake!**

Next, it is believed that Omega-3 fatty acids can be very beneficial to joint cartilage. The most effective source are the EPAs, which are found in cold water fish. Omega-3s are the best inflammation fighters. Salmon, Atlantic sturgeon, lake trout, and anchovies are among the fish high in Omega-3 fatty acids. Eat 2 to 5 fish meals per week *or* take 1 to 2 teaspoons fish oil daily.

Eat plenty of fruits and vegetables throughout the day. Citrus fruits, berries, green tea, onions, and grains are all rich in bioflavonoids. Nutritionists recommend eating at least one food rich in bioflavonoids every day.

Many people begin noticing the effects of CartazymeDS within 5 to 15 days after starting the program. Some take a bit longer. Obviously your results will vary. If you have any questions, call us at (800) 839-0374, 9 AM to 5 PM, PST. You're on your way to becoming pain free!

# Our Natural Formulas Quench Out-of-Control Pain.

## How Smart Consumers Escape Arthritis Drug Model.

Some people are so badly wracked by the pain of inflammatory arthritis, rheumatism, lupus, tendinitis, bursitis, back pain and other types of painful inflammation that they literally endure stiffness, burning, swelling, redness and heat every day.

Their bodies are crying out desperately for extra help. But the painkillers doctors prescribe can cause serious side effects.

Medical Medicine is the only natural

over-the-counter medicine

with a proven track record.

**InflamActin<sup>TM</sup>**, a safe guaranteed formula, supplies natural medicines that are related to ginger and have a long history of use for inflammatory conditions in Ayurveda or Indian medicine.

Best-selling author Jean Carper reports in *Food—Your Miracle Medicine* that curcumin, "is an anti-inflammatory agent on a par with cortisone, and has reduced inflammation in animals and symptoms of rheumatoid arthritis in humans."

Our medical doctors also recommend the natural feel-good painkiller **DLPA**. DLPA has been scientifically documented to foster the build-up of feel-good neuropeptides called endorphins in the brain. Our scientists also recommend immune-modulating bromelain for further reducing inflammation the build-up of feel-good endorphins in the brain.

### InflamActin contains all these ingredients!

When you use InflamActin...

InflamActin complements CartazymeDS by providing additional inflammatory modulating powerhouse herbs and amino acids. If you are concerned about your frequent use of prescription or over-the-counter painkillers, InflamActin with CartazymeDS is a smart drug-free alternative that you ought to try first.

InflamActin is amazing: it works very fast to reduce inflammation and works even better with regular use.

Use these formulas right along with CartazymeDS A & B for maximum benefits!

**Instant Relief** with CartazymeDS

### Instant Relief

For extremely quick pain relief, medical doctors on our advisory board advise patients to use **Instant Relief**. This homeopathic gel is different from other pain relieving gels, creams, and ointments. Its three natural medicines provide **instant** relief from backaches, tendinitis, arthritis and rheumatism. Just apply as directed.

*CartazymeDS* is available in...

Our doctors recommend patients take two to three **InflamActin** capsules every morning and evening for all day support when suffering from inflammation due to overexertion, strains, sprains, tendinitis, bursitis, or difficult inflammatory conditions such as arthritis, lupus, and rheumatism.

Massage affected area gently with **Triflora** gel. Most pains are relieved by one application. For stubborn pain, apply **Triflora** four times a day.

**Triflora** may be used most effectively with **CartazymeDS** and **InflamActin**.

### How to obtain INFLAMACTIN and TRIFLORA

**InflamActin** and **TriFlora** can be obtained by using the order form.

Be sure to order **InflamActin** together with **TriFlora** for greater, deeper support for your aching muscles and joints. Our formulas are fully guaranteed to deliver fantastic results.

**Deep Relief Pain Package DR1 (Reg. \$99.90) - Now Just \$59.95**

### IMPROVE PERFORMANCE OF CARTAZYNE<sup>DS</sup> FORMULA WITH CARTAZYNE<sup>AX</sup> NATURAL ACCELERATOR FORMULA

To accelerate the improvements you receive from **CartazymeDS**, please be sure to use **CartazymeAX** Natural Accelerator formula, which contains *Morinda Citrifolia* to stimulate the body's own healing pathways and to provide further joint support. This naturally supportive herb is able to turn on the body's own powers of healing by improving overall vitality, synergizing the impact of **CartazymeDS**. Take one to two capsules of **CartazymeAX** Natural Accelerator formula twice daily with juice or water and with meals. Order at special prices with the Priority Order form.

**CARTAZYNE<sup>AX</sup> NATURAL ACCELERATOR, CRX1** JUST \$24.95!

# MEN'S HEALTH

## Increase Semen Volume, Shrink Enlarged Prostate with African Bark Medicine *By Mitch Rosenbaum, M.D.*

Unfortunately, impotency and enlarged prostate are both extremely prevalent male problems. For this reason, we've long been interested in those herbs and nutrients medically proven to enhance the sexual response in men *and shrink their enlarged prostate.*

Now researchers have synergized a traditional Native American prostate healing agent indigenous to the southern U.S. with a little known bark medicine from an African tree that has been shown to increase the amount of semen men ejaculate when having sex. The resulting powerhouse formula for a healthy prostate and semen and ejaculate is called **ProstaStrength™**, and you won't find it anywhere but through this journal.

*The prostate plays a key role in men's sexuality, providing more than 90 percent of his ejaculate, including the enzyme-filled juice called semen required for fertilization.*

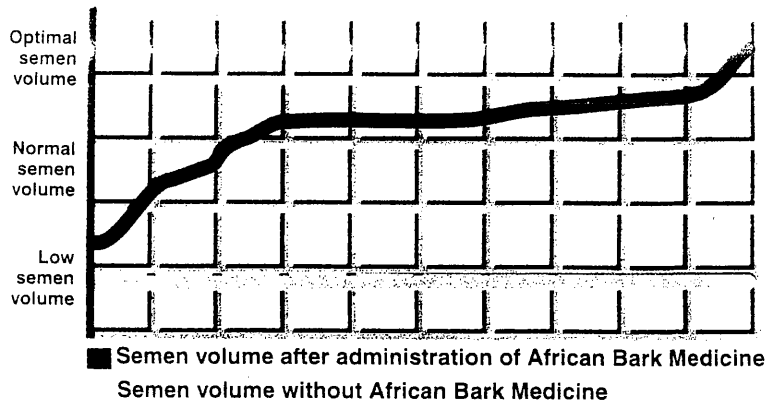

Our doctors work with male patients suffering from prostate enlargement and potency problems, including small semen volume. However, they now have a surefire formula for both problems in a natural medicine derived from the bark of an ever-green African tree that grows to a height of more than 100 feet.

A 1991 double-blind study conducted by C. Carani and co-investigators indicates that men will also enjoy better, stronger erections with this African bark medicine.

### The Complete Formula

Our doctors recommend saw palmetto with African bark medicine and other prostate synergists including nettles, pumpkin seed oil and zinc.

Healing impotency in men requires a holistic health plan. Diet, lifestyle, exercise, and proper medication management may all be involved in solving individual problems. However, in cases where enlarged prostate and impotency is accompanied with low semen volume, bark medicine in our formula is essential.

Based on Carani, C., et al. Arch Ital Urol Nefrol Androl, 1991; 63: 341-345.

**Order ProstaStrength Now.** (Reg. \$49.95, PH1) — **JUST \$29.95**

# SPECIAL MEDICAL ALERT

**Do Not Run Out of This Formula**

**Important Notice:** Maximum benefits will only be realized from this formula with uninterrupted usage. Natural ingredients often have a tendency to perform better the longer they are used. Results can actually increase with continued usage.

## AUTO REFILL PROGRAM

To make sure you do not run out of tablets, we offer an *Automatic Refill Program (ARP)* to our credit card customers. This will insure that you will always have fresh, potent product and never experience an interruption in your program. Please read the terms of this convenient, optional program below. **ARP** may be started or stopped at anytime.

## Here's How It Works!

If you used our toll-free number to place your order with a credit card, the operator offered to include you in the Automatic Refill Program (**ARP**). If agreed, you will automatically be sent a refill just in time before you run out. The refill will be of the same quantity as your initial order and will not be billed to your account until it is actually shipped. This is a free service! As an **ARP** customer, you will realize several additional benefits:

1. **ARP** shipments will be sent **PRIORITY USPS**. (You will only be billed for standard shipping!)
2. You will receive the **Accelerator/Catalyst** formula absolutely **FREE** with each **ARP** shipment (a \$24 value)!
3. Your tablets will never be back-ordered or delayed. **ARP** members have **FIRST** priority over all orders being processed. Yours always gets out first — guaranteed!
4. You may speed up, slow down or even stop **ARP** shipments at anytime by calling the **ARP Hot Line**.

**ARP HOTLINE**  
9 AM To 5 PM PST,  
Monday thru Friday

# 1-800 435-9225

You have been assigned the special toll-free number above for all **ARP** questions or requests. Please use this number for the following purposes:

✓ **To Speed Up ARP Shipments**

"I'm running out of tablets before my **ARP** shipment has arrived. Please change my **ARP** frequency from 30 days to every 22 days!" (This often happens when several members of a family are using a formula.)

✓ **To Delay ARP Shipments**

"Refills are arriving too soon. Please slow down my **ARP** shipments a little." (This sometimes happens when you reach the maintenance phase of a program and begin using fewer tablets per month.)

✓ **To Pause ARP For Vacation**

"I'm going on vacation. Please suspend my **ARP** shipping for two weeks." (You may also want enough tablets to take with you on vacation. We can help you plan for your needs when you call the Hot Line)

✓ **Cancel Future ARP Shipments**

"I have reached my goal. Please stop all future **ARP** shipments." (You are under no obligation with **ARP**. You may stop at anytime!)

FTC05692

**DON'T WORRY, IT'S NOT TOO LATE TO START!**

**Want to begin **ARP** NOW? Just call the Hot Line! We'll make sure you save money and never run out of fresh, potent formula.**
