Advancing Public Health Strategies*

*A National Action Plan for Cancer Survivorship:  
Advancing Public Health Strategies*

This National Action Plan was developed to inform the general public, policy makers, survivors, providers, and others about cancer survivorship and public health. The National Action Plan was written to be read by audiences with varying levels of knowledge and awareness of cancer and/or survivorship issues. Each section has been written as a stand-alone component allowing the reader to focus on content specific to their interest. Therefore, some text is repeated to accommodate those who read selected sections at a time.

This publication was supported by Cooperative Agreement Number U57/CCU 623066-01 from the Centers for Disease Control and Prevention. Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the Centers for Disease Control and Prevention, the Department of Health and Human Services, or the U.S. government.
