D54	Entire life, ever fear or panic attack?	

English Text: (READ SLOWLY) In your entire lifetime, have you ever had an attack of fear or panic when all of a sudden you felt frightened, anxious or uneasy?

English Instructions: (THIS IS THE INTRO FOR THE 50% WHO START WITH PANIC: The next questions are about emotional problems that many people have. The first question is about sudden attacks of being frightened, anxious, or very uneasy. Some people call these "panic attacks.")

(THIS IS THE INTRO FOR THE 50% WHO START WITH DEPRESSION AND THEN GO TO PANIC AND GAD: The next questions are about different sorts of feelings. The first one is about sudden attacks of being frightened, anxious, or very uneasy. Some people call these "panic attacks."

D59A	No. attacks lifetime out of the blue		

English Text: Attacks of this sort can occur in three different situations. The first are when they occur "out of the blue" for no reason. The second are when they occur in situations where a person has an unreasonably strong fear. For example, some people have a terrible fear of bugs or heights or being in a crowd. The third are situations where a person is in real danger, like a car accident or a bank robbery. The next question is about how many of your (# FROM CIQP14) attacks occurred in each of these three kinds of situations. First, in your lifetime, about how many attacks have you had "out of the blue" for no reason?

English Instructions: NUMBER OF ATTACKS

D62	Attacks interfere with daily life?	

English Text: There are three ways in which attacks of the sort we have been discussing can affect a person's life and activities. First, the attacks themselves can be incapacitating. Second, worry about having additional attacks can get in the way of daily activities. And, third, avoiding certain situations for fear of having additional attacks can interfere with daily activities. Think about all three of these ways in which your life and activities were affected in the past 12 months. Did these things interfere with your life or activities -- a lot, some, a little, or not at all?

English Instructions: < blank >

Codes:
    1 = A lot
    2 = Some
    3 = A little
    4 = Not at all   (Skip to: CIDPSCOR)
    7 = Refused
