August 1, 2004

**Food Service, Handling, Refrigeration And Storage  
Equipment, Cooking Equipment, Dishwashing  
Equipment, Food Preparation Equipment,  
Refrigeration And Other Miscellaneous Items**

---

**FSC Group 73**

**Attachment 3 to Solicitation Number  
7FCM-C4-03-0073-B**

**FSC Classes 3910, 4110, 4510, 4940, 6670, 6840,  
7125, 7195, 7310, 7320, 7330, 7340, 7350, 7360**

---

**World Wide Shipping**

---

**Multiple Award**

This Federal Supply Schedule no longer has a prescribed beginning and ending date. The Schedule period is continuous. See Contractor information inside for contract begin and expiration dates.

This document replaces the  
Cumulative Edition issued  
July 1, 2004

## 1. Publicizing Contract Actions

The Federal Supply Schedules have been synopsised in the Commerce Business Daily and satisfy the requirements of the Competition in Contracting Act (Pub. Law 98-369) and FAR Part 5, Publicizing Contract Action.

## 2. Ordering Information

The brand names of items that have been awarded under this schedule are listed by Special Item Number (SIN) in the "Supplies and/or Services" section. Locate the contractor for a particular brand name in the "contractors" section at the back of this schedule. This section contains the contractor's ordering address, telephone number, contract number and contract effective date. Consult the contractor's catalog/price list for more detailed ordering information.

**SERVICES:** Refer to Ordering Procedures for Services (Requiring a Statement of Work) at <http://www.gsa.gov/schedules/building2-A.cfm>

### **PRODUCTS:**

#### **Orders under \$2500:**

Place order directly with contractor for the item that best meets your needs.

#### **Orders over \$2500:**

To ensure a "Best Value" determination is made, as required by FAR 8.404:

- Review **GSA Advantage!**® (<http://www.gsa.gov>), an on-line electronic ordering system
- or -
- Review 3 schedule price lists.

#### **Orders over the Maximum Order Threshold:**

Each schedule contract has a maximum order threshold. In addition to following the ordering procedures for orders above \$2500, customers shall —

- Review price information on **GSA Advantage!**® or review additional schedule contractors' price lists.
- Request price reductions from schedule contractor(s) appearing to provide a best value
- Place the order with the schedule contractor providing the best value.

**NOTE:** You can now access Federal Supply Schedule contract award information online at [www.gsa.gov](http://www.gsa.gov) by clicking on the "Schedules E-Library" button.

**When determining what is a "best value," you may consider the following:**

- Special features of the supply/service are required but not provided by a comparable supply/service
- Trade-in considerations
- Probable life of the item selected compared to that of a comparable item
- Warranty considerations
- Maintenance availability
- Past performance
- Environmental and energy efficiency considerations

**Documentation.** Minimum documentation is generally all that is required (e.g., contractor's name, item purchased and price paid). Additional documentation is necessary when the requirement is defined to a particular brand name and only for orders exceeding the micro-purchase threshold (see FAR 8.404(b)(7)).

## 3. GSA Advantage!®

(Electronic Commerce) <http://www.gsa.gov>

This on-line electronic ordering system allows customers to search for products, review delivery options and place orders.

### HOW TO ACCESS **GSA Advantage!**®

1. You must be able to connect to the Internet.
2. Have access to a web browser (i.e., Netscape, Internet Explorer).
3. Use your web browser to connect to the GSA Home Page: <http://www.gsa.gov>

Select - **GSA Advantage!**® **GSA Advantage!**® — On-Line Shopping Service

If you need more information or assistance contact:

Internet e-mail address: [GSA.Advantage@gsa.gov](mailto:GSA.Advantage@gsa.gov)  
GSA Advantage voice mail hotline: (703)305-7359

- or -

If you are not able to connect to the Internet, contact your GSA Customer Service Director for assistance (see Customer Service Directors listing under paragraph 21).

## 4. Contractor Award Information

([www.gsa.gov/elibrary](http://www.gsa.gov/elibrary))

For a listing of the very latest contract award information you can:

Click on the website above and then click on "Schedules E-Library". You can search the E-Library by SIN, Contractor, Contract Number, Schedule Number or by a key word. When you get to the Schedule you want, you'll see the list of SIN's and the Contractors listed below each SIN. When the Contractor's Internet address is available, it will be shown and you can use it to link to their website. The E-mail address, if available, will enable you to E-mail the Contractor for price lists or any other contract information. (**Note:** The Internet address and E-mail address will only be available if those contractors are on **GSA Advantage!**®).

Consult the contractor's catalog/price list for more detailed ordering information, such as:

- Contract items awarded.
- Maximum order provisions.
- Geographic coverage (delivery area).
- Contract price or discount.
- Quantity discounts.
- Prompt payment terms.
- Government purchase card terms.
- Commercial delivery terms.
- Expedited Delivery.
- Ordering address(es).
- Payment address(es).
- Warranty provision.
- Export packing charges.
- Applicable terms and conditions of rental, maintenance, installation and repair.
- Environmental and energy efficiency

## 5. Small Business Participation

The General Services Administration and the Small Business Administration strongly support the participation of small business concerns in the Federal Supply Schedules Program. To enhance small business participation, SBA policy requires agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals. See <http://www.sba.gov/GC/goals/> for guidance on goal setting and goal submittal via the Internet.

For orders exceeding the micro-purchase threshold, FAR 8.404 requires agencies to consider the catalogs/price lists of at least three schedule contractors or to consider reasonably available information by using the GSA Advantage!® on-line shopping service ([www.gsa.gov](http://www.gsa.gov)). The catalogs/price lists, GSA Advantage!® and the Federal Supply Service Home Page ([www.gsa.gov](http://www.gsa.gov)) contains information on a broad array of products and services offered by small business contractors.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small

businesses among those considered when selecting price lists for a best value determination.

For orders exceeding the micro-purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

## 6. Ordering Information – JWOD (NIB/NISH) Products

The Javits-Wagner-O'Day (JWOD) Program (NIB/NISH) provides many products to Federal customers under its mandatory source authority. Before making any open market purchase from a schedule contractor, ordering agencies should determine if there is a comparable JWOD (NIB/NISH) product. Please call a JWOD representative at (703) 603-7743 (ext. 112) or (703) 603-7750 (ext. 118), or email [info@jwod.gov](mailto:info@jwod.gov) to check if there is an appropriate product manufactured by people who are blind or have other severe disabilities.

## 7. UNICOR Products

UNICOR (Federal Prison Industries, Inc.) provides items that may be similar to some of the items in this schedule. Prior to making a purchase from the schedule, ordering agencies should check with UNICOR to see if UNICOR's product meets their specific need. For your convenience, this check can be made quickly by calling the UNICOR Customer Service Group at (800) 827-3168.

## 8. Contractor Team Arrangements

Federal Supply Schedule contractors may use "Contractor Team Arrangements" (see FAR 9.6) to provide solutions when responding to a customer's requirements. The policy and procedures outlined in this part will provide more flexibility and allow innovative acquisition methods when using the Federal Supply Schedules.

For more information go to [www.gsa.gov](http://www.gsa.gov), click on Schedules, click on BPAs and Contractor Team Arrangements.

## 9. Maximum Order

If the "best value" selection places your order over the Maximum Order, identified in the contractor's catalog or price list, you have an opportunity to obtain a better schedule contract price. Before placing your order, contact the contractor to ask for a better discount price.

The contractor may:

1. offer a new lower price for this requirement;
2. offer the lowest price available under the contract; or
3. decline the order within 5 days.

A delivery order that exceeds the maximum order may be placed with the contractor selected in accordance with FAR 8.404. The order may be placed under the Schedule contract.

## 10. Price Reductions

There may be circumstances when a customer finds it advantageous to request a price reduction, such as where the quantity of an individual order clearly indicates the potential for obtaining a reduced price. Customers that obtain a further price reduction may still place these orders against the Schedule contract. MAS contractors will not be required to pass on to all schedule users a price reduction extended only to an individual customer for a specific order.

## 11. Blanket Purchase Agreements (BPA)

Federal Supply Schedule contracts contain BPA provisions to maximize your purchasing and administrative savings. This feature permits schedule customers and contractors to set up “accounts” to fill a “recurring requirement”. These accounts establish a period for the BPA and generally address issues, such as frequency of ordering and invoicing, authorized callers, discounts, delivery locations and times. Agencies may qualify for the best quantity/volume discounts available under the contract, based on the potential volume of business that may be generated through such an agreement, regardless of the size of the individual orders. In addition, agencies may be able to secure a discount higher than that available in the contract based on the aggregate volume of business possible under the BPA. Finally, contractors may be open to a progressive type discounting where the discount would increase once the sales accumulated under the BPA reach certain prescribed levels. Use of a BPA may be especially useful with the new Maximum Order feature. For more information go to [www.gsa.gov](http://www.gsa.gov), click on BPAs and Contractor Team Arrangements.

## 12. Incidental Items

For administrative convenience, open market (non-contract) items may be added to a Federal Supply Schedule BPA or the individual task/delivery order if the items are clearly labeled as such on the order, all applicable acquisition regulations have been followed, and price reasonableness has been determined by the ordering activity for the open market items.

## 12. Environmental Products

In order to assist our customers who have determined that their acquisition needs can best be met by purchasing an EPA designated item (considering price, availability and performance requirements), our Schedule contractors have been requested to identify such products on their individual catalogs and or price lists.

Schedule contractors have been requested (where possible and/or feasible) to identify items that:

- Have recycled content (meet EPA designated item criteria)
- Are energy and/or water conserving (e.g., Energy Star)
- Have reduced pollutants (e.g., low volatile organic compounds (VOCs) and chromate-free)

**Note:** Customers should review contractor literature and contact the contractor directly to obtain complete information regarding environmental claims.

Please visit our Environmental Website at: [www.gsa.gov/enviro](http://www.gsa.gov/enviro)

## 14. Variable Contract Periods

Generally, Federal Supply Schedules will no longer have a prescribed beginning and ending date. The schedule periods will be continuous, and will contain contracts with contract periods that commence on the Date of Award (DOA) and expire in five years (exclusive of any options) from the DOA.

## 15. Authorized Users

The agencies and activities named below may use contracts established under this Federal Supply Schedule.

1. All federal agencies and activities in the executive, legislative and judicial branches.
2. Government contractors authorized in writing by a federal agency pursuant to 48 CFR 51.1.
3. Mixed ownership government corporations (as defined in the Government Corporation Control Act).
4. The Government of the District of Columbia.
5. Other activities and organizations authorized by statute or regulation to use GSA as a source of supply. (Questions regarding activities authorized to use this schedule should be directed to Customer Vendor Relations contact point identified in this document.)

## 16. Geographic Coverage

All Federal Supply Schedules provide contractors the opportunity to offer worldwide coverage. Schedule contractors have three categories of geographic coverage; (1) Domestic, which will cover delivery to the 50 states, Washington D.C., and Puerto Rico; (2) Worldwide, which will cover delivery domestically AND overseas; and (3) Overseas Only, which will cover delivery to overseas destinations other than Puerto Rico.

## 17. Purchase Card

Agencies may make payments for oral or written delivery orders by using the Government purchase card. **Payments made using the Government SmartPay purchase card ARE NOT eligible for any negotiated prompt payment discount.**

“Government purchase card” means a uniquely numbered GSA SmartPay credit card issued to named individual Government employees or entities, to pay for official Government purchases.

Effective March 20, 1998, GSA began requiring Federal Supply Schedule contractors to accept the GSA SmartPay purchase card as a method of payment for acquisitions up to the micro-purchase threshold, currently \$2,500. This requirement is being phased in and by January 1, 1999, all Federal Supply Schedule contracts must include this requirement. The card may be used for payment in excess of this threshold if the using agency and contractor agree.

Information about the GSA Fleet, Travel and Purchase Payment is available at:

[www.gsa.gov/smartpay](http://www.gsa.gov/smartpay)  
and within your agency's written internal operating procedures.

The contractor shall not process a transaction for payment through the credit card clearinghouse until the purchased supplies have been shipped or services performed. Unless the cardholder requests correction or replacement of a defective or faulty item in accordance with other contract requirements, the contractor shall immediately credit a cardholder's account for items returned as defective or faulty.

## 18. For Further Assistance

### GSA CONTACTS

#### MELISSA PRIETO AND PAT DAWSON, Contracting Officers

General Services Administration  
General Products Center  
Contracting Officer **7FCM4-G8** or **7FCM4-P5**  
819 Taylor Street  
Fort Worth, TX 76102-6114
