\$2.00 per hour for the first three hours

\$12.00 for the entire day

Metered parking lots:

Monday — Friday, 7am – 7pm

\$2 per hour

Weekends & Holidays: Closed

The NIH has implemented security measures to help ensure the safety of our patients, employees, guests and facilities. During your visit you may be asked to submit to a vehicle or personal inspection.

**Vehicle Inspections** – All vehicles and their contents may be inspected upon entering the campus. Additionally, all vehicles entering certain parking areas will be inspected, regardless of any prior inspection. Drivers will be required to present their driver's license and may be asked to open the trunk and hood. If you are physically unable to perform this function, please inform the inspector and they will assist you.

Vehicle inspection may consist of any combination of the following: Detection Dogs Teams (K-9), Electronic Detection Devices and Manual Inspection.

After inspection, you will be issued a vehicle inspection pass. It must be displayed on your vehicle's dashboard while you are on campus.

The inspection pass is not a "parking permit." It only grants your vehicle access to enter the campus. You can only park in designated parking areas. (*See campus map*)

**Personal Inspections** – All visitors should be prepared to submit to a personal inspection prior to entering a building or parking garage. These inspections may be conducted with a handheld monitoring device, a metal detector and by visible inspection. Additionally, your personal belongings may be inspected and passed through an x-ray machine.

*Visitor passes must be prominently displayed at all times while on the NIH campus.*
