SUBJECT: Provider Statistical and Reimbursement Report (PS&R)

PS&R version 26.4 was available for release effective Monday, October 23, 2000. The release contains modifications to program MD400500 that will suspend all HHA claims with bill type 32X and 33X and a from date of service after September 30, 2000. The PS&R software and documentation is now on the HCFA mainframe and available for retrieval by fiscal intermediaries. The file is available via ConnectDirect and the file name is XL64.@BGS5420.PSRV264.COBOL.
