

West Nile Virus Can Make You So Sick You Can Miss Work or Even Die

Do not let mosquitoes bite you.

Wear long pants, long sleeves,
and socks when you are outside.

Use spray with DEET in it on your
clothes and bare skin.

Use spray with DEET on your clothes
and bare skin.

Use spray with DEET on your hands
and rub on your face. Do not get into
your eyes or mouth.

Wash your skin after you come
inside.
