Medlearn Matters Number: MM3343

Related CR Release Date: July 23, 2004

Related CR Transmittal #: 98

Effective Date: October 16, 2003

Implementation Date: October 4, 2004

Change to Previous Transmittal Regarding the Discontinued Use of Revenue Code 0910

Provider Types Affected

- 1) Comprehensive outpatient rehabilitation facilities (CORFs), rural health clinics (RHCs), and federally qualified health centers (FOHCs); and
- 2) Hospital outpatient departments, community mental health centers (CMHCs), and critical access hospitals (CAHs) billing under the Outpatient Partial Hospitalization Program.

Provider Action Needed

Note that the effective date of the discontinuance of revenue code 0910, as mentioned in Medlearn Matters article MM3194 and related CR 3194, has been changed to October 16, 2003.

Background

This one-time notification contains changes to the effective date of the CR 3194 requirements pertaining to the discontinued use of revenue code 0910. The CR 3194 business requirements document made a revenue code change for claims for certain psychiatric/psychological treatment and services submitted on or after October 1, 2004. Specifically, it discontinued revenue code 0910 and replaced it with revenue code 0900.

This CR changes the effective date of that revenue code change. The revenue code change will now be effective for claims with "dates of service" on or after October 16, 2003.

To briefly review the revenue code change contained in CR 3194: CORFs, RHCs, and FOHCs must use revenue code 0900 to report psychiatric/psychological treatment and services that are subject to the outpatient mental health treatment limitation, just as revenue code 0910 was used in the past.

Similarly, hospital outpatient departments, CMHCs, and CAHs that formerly reported psychiatric/psychological services under the Outpatient Partial Hospitalization Program using revenue code 0910 must now report such treatment under revenue code 0900.
