**NOTE:** This instruction has been replaced by MM3505 (Transmittal 306, titled Full Replacement of CR 3415, 3rd Update to the 2004 Medicare Physician Fee Schedule Database. CR 3415 is rescinded, dated October 1, 2004).

### Provider Types Affected

Physicians, providers, and suppliers

### Provider Action Needed

Physicians, providers, and suppliers should note the changes to the Medicare Physician Fee Schedule Database and identify those changes that impact their practice.

### Background

Payment files were issued to carriers based upon the November 7, 2003 and January 7, 2004 Final Rules. This instruction amends those payment files and requires that carriers give providers 30 days notice before implementing the revised payment amounts reflected in this instruction. Carriers will not search their files to either retract payment for claims already paid or to retroactively pay claims. However, carriers will adjust claims brought to their attention.

Unless otherwise stated in this instruction, changes will be retroactive to January 1, 2004.

### Implementation

The implementation date for this instruction is October 4, 2004.
