

SECTION 2 REQUEST FOR OFFERS

2-1. Application of HTOS.

This RFO and any resulting offer is subject to the provisions of the GSA Household Goods Tender of Service (HTOS), supplements thereto and reissues thereof (RFO [Section 2-4](#)).

2-2.1. Application.

This request and any resulting offers are for the account of the U.S. Government and authorized cost reimbursable contractors, except when the relocation involves uniformed personnel of the Department of Defense, its contractors and uniformed personnel of the U.S. Coast Guard or Public Health Service.

2-2.2. Exception (Reserved).

2-3. Contracts.

The rates and charges offered and accepted pursuant to this request are applicable to shipments routed pursuant to any formal contract providing for MMS awarded by GSA or a Federal Civilian, non-DOD agency to the extent provided in the contract. [Section 2-7.6](#), Industrial Funding Fee (IFF), of this RFO applies to such shipments.

2-4. Definitions.

2-4.1. Household Goods Tender of Service (HTOS).

The Household Goods Tender of Service (HTOS) is a combination of the Domestic Tender of Service (DTOS) effective January 2, 1996 and the International Tender of Service (ITOS) effective October 1, 1995. The HTOS has been officially published effective June 12, 2002, and is available on GSA's website at www.kc.gsa.gov/fsstt.

2-4.2. Domestic Transportation.

This is the term applied to the movement of the household goods (HHG) of relocated Government employees within the conterminous United States, including Alaska and Canada.

2-4.3. International Transportation.

This is the term applied to door-to-door container movement of HHG in lift vans between the conterminous United States (including Alaska and Canada) and an international country or between two international countries in lift vans. A TSP provides complete through service from origin residence to destination residence by surface ocean means.

2-4.4. General Transportation Services.

This is the term applied to transportation and accessorial services normally associated with a HHG move, such as set out in interstate and intrastate tariffs or the HTOS.

2-4.5. Move Management Services (MMS).

This is the term applied to a MMS Provider's arrangement, coordination, and monitoring of each relocating employee's HHG move, from initial notification of shipment booking through delivery at destination. Services as identified in RFO [Section 2-6](#) will be provided within a TSP's approved scope of operations. No brokering of shipments will be allowed.

2-4.6. TSP.

This term applies to any participating TSP [or forwarder](#) that is approved in the Centralized Household Goods Traffic Management Program (CHAMP), Domestic and International, to provide General Transportation Services or MMS.

2-4.7. Special Agency Provisions.

Special agency provisions cited in this RFO are defined as specific terms and conditions applicable to a particular Federal department or agency.

2-4.8. Responsible Transportation Officer (RTO).

This term applies to the individual within the shipping or receiving Federal agency responsible for personal property traffic management functions.

2-4.9. Government Rate Tender (GRT)

This is the term applied to Household Goods TSPs Bureau Committee, American Moving & Storage Association, Government Rate Tariff, HCB415-G, supplements thereto and reissues thereof.

2-4.10. Unaccompanied Air Baggage (UAB).

This term applies to necessary personal items that are taken to a relocating employee's new duty station before their shipment of household goods arrives. The determination of items considered as UAB is at the discretion of each Federal Agency.

2-5. Filing Possibilities.

2-5.1. Filing Instructions.

Instructions for the submission of offers are set out in RFO [Section 5](#).

2-5.2. General Government Rates or Charges.

TSPs submitting offers pursuant to this RFO may file offers that apply to all Federal agencies. The term *general government* will be used to describe such offers. Offers submitted may be for the TSP's full scope of operation or any part thereof.

2-5.3. Agency Specific Rates or Charges.

TSPs submitting offers pursuant to this RFO may file offers that apply to a specific Federal agency as defined in RFO [Section 3](#) and [Section 5](#). The term *agency specific* will be used to describe such offers. Offers submitted may be for the TSP's full scope of operation or any part thereof.

2-5.3.1. Application of Rates.

Agency specific rates will apply only to shipments for which the specific agency/location identified in RFO [Section 5](#), issues the Government Bill of Lading (GBL)/Commercial Bill of Lading (CBL).

2-5.4. Combination of General Government and Agency Specific.

TSPs submitting offers pursuant to this RFO may file offers that apply for both general government and agency specific. If the TSP files both general government and agency specific offers, the TSP may base its submission on any part or parts of its approved scope of operation without regard to consistency between general government and agency specific. For example, a TSP with an approved scope of operation of all domestic service areas may offer general government rates and charges between all domestic service areas, but offer agency specific rates and charges between only two (2) service areas for Federal Agency X, while offering agency specific rates and charges between four (4) different service areas for Federal Agency Y.

2-5.5. Alternating Agency Specific Offers.

TSPs may file alternating, agency specific offers as identified in RFO [Section 5-1](#). Alternating rate offers will apply specifically to those Federal agencies/locations identified in [Section 5-1](#) and may alternate with any other accepted offer.

2-5.6. Non-Alternating Agency Specific Offers.

TSPs may file non-alternating, agency specific offers as identified in RFO [Section 3](#) and [Section 5-1](#). Non-alternating offers will apply specifically to those Federal agencies/locations identified in RFO [Section 3](#) and [Section 5-1](#) and will not alternate with any other accepted offer.

2-6. Move Management Services (MMS).

2-6.1. Performance of Services.

The MMS Provider or TSP will provide the MMS outlined in RFO [Section 2-6](#) in conjunction with transportation services. The MMS Provider must comply with service, delivery timeframe, billing, reporting, and liability requirements set out in the HTOS, as applicable, together with all other requirements set out therein, except to the extent waived by the Responsible Transportation Officer (RTO) as defined in the HTOS.

2-6.2. Memorandum of Understanding (MOU).

The MMS Provider and the shipping agency must enter into a written MOU setting out the terms and conditions of the MMS Provider requirements as identified in [Section 2-6](#). In those instances when the shipping agency requests GBL/CBL preparation and maintenance under [Section 2-6.6.3](#), the MOU should contain at a minimum, specific instructions on GBL/CBL preparation and maintenance including instructions to complete each block of the GBL/CBL. If requested by the MMS Provider and/or shipping agency, the GSA PMO identified in RFO [Section 1-6](#) will review the agreed-to MOU.

2-6.3. Performance as TSP.

The MMS Provider must file rates within its current approved scope of operations, be subject to the Customer Satisfaction Index (CSI) rating system, and comply with the requirements for paying GSA its IFF specified in RFO [Section 2-7.6](#).

2-6.4. Commissions.

An MMS Provider may not charge a commission to a TSP or forwarder to which it tenders a HHG shipment.

2.6.5. Required Services.

2-6.5.1. General.

The MMS Provider must arrange, coordinate, and monitor each relocating employee's HHG move from initial notification of the move by the shipping agency through completion of all move-related transactions required under this RFO [Section 2-6.5](#). A HHG move within the conterminous United States (CONUS) (as defined in Section 5-2) is defined as a basic move consisting of one shipment of HHG and personal effects and, when specifically authorized by the shipping agency, shipment of one or more privately owned vehicles (POV's). A HHG move to/from an international location (as defined in Section 5-3) is defined as a basic move consisting of one surface shipment of HHG and personal effects and, when specifically authorized by the shipping agency, one or more unaccompanied baggage shipments and shipment of one or more POV's. Multiple origins and/or destinations may be involved for both CONUS and international shipments. Following are the services the MMS Provider must provide:

2-6.5.2. TSP Selection.

The employing agency may select the TSP to move the relocating employee's HHG or may delegate this responsibility to the MMS Provider in which case the agency will furnish the MMS Provider with TSP selection criteria. Any TSP selected to move a Federal civilian, non-DOD employee's HHG must participate in CHAMP and have approved rates on file with GSA. The MMS Provider must be capable of accessing the GSA Transportation Management Services Solution System (TMSS) to obtain query information for use in selecting a TSP to transport a shipment when requested by the employing agency.

2-6.5.3. Shipment Booking.

The MMS Provider must schedule the move with the selected TSP; order a pre-move survey; and identify and obtain written authorization from the Federal agency (RTO) authorizing the move for storage-in-transit (SIT) or any special service (e.g., shuttle service, special crating, third party servicing, elevator charges, long carry, and/or stair carry). The MMS Provider must indicate in writing all services authorized and identify those that will be paid as an entitlement of the employee, those that will be advanced but charged back to the employee, and any service the employee requests that may not be authorized on the GBL/CBL. The Provider must inform the employee prior to service performance of any service that will be advanced but charged back to the employee. The Provider may develop a generic form for the purpose of this item. Any service shown on a generic form that is not applicable to a particular shipment must be "crossed out" or marked "none" or "not applicable" prior to submitting the form to the RTO for written authorization/approval.

2-6.5.4. Ensuring TSP Performance.

Notwithstanding the provisions of RFO [Section 2-6.6](#), "Origin and Destination On-Site Quality Control", the MMS Provider must ensure that transportation services furnished are in accordance with provisions of the HTOS. The MMS Provider must take any action deemed necessary and appropriate to protect the interests of the shipping agency, ensure proper TSP performance, and protect the real and personal property of the relocating employee. In the event the MMS Provider's failure to direct performance in accordance with this Section causes damage to the shipping agency or relocating employee, other than damage to HHG, the MMS Provider is liable to the shipping agency and/or the relocating employee for such damages.

2-6.5.5 Arranging Storage in Transit (SIT).

If a Federal agency authorizes SIT, the MMS Provider must arrange storage in accordance with the GSA HTOS. The MMS Provider must notify the employee of the authorized SIT duration and location and provide the employee SIT-Provider contact information within five (5) calendar days after delivery into SIT.

2-6.5.5.1. Monitoring Shipments in SIT.

The MMS Provider must monitor shipments in SIT and provide a written request for disposition instructions from the employee or shipping agency destination facility representative at least ten (10) working days before expiration of the authorized SIT period. The written request must inform employees of their personal financial responsibility for any charges incurred for storage in excess of the maximum period authorized. The MMS Provider is responsible for arranging for delivery of shipments from SIT.

2-6.5.5.2. SIT in Excess of 180 Days.

If storage exceeds 180 days, the MMS Provider must ascertain the condition of the employee's property at the end of the 180-day SIT period to protect the Government's and the relocating employee's right to recover for TSP caused losses or damages. The warehouse automatically is considered the shipment's destination upon expiration of the 180-day SIT period and the MMS Provider's responsibility for the shipment ends. The shipment then becomes subject to the warehouse's rules, procedures, and charges, including local delivery out of storage. The employee is responsible for payment of storage charges for any period of storage in excess of 180 days. In the event of any discrepancy between HTOS provisions and the provisions of this Section for purposes of SIT, the provisions of this Section apply.

2-6.5.6. Completion of GSA Form 3080.

The MMS Provider must furnish the relocating employee a GSA Form 3080, "Household Goods Carrier Evaluation Report" for completion of the section entitled, "Relocating Employee's Response" (GSA will provide Form 3080 stock to the MMS Provider). The Provider must instruct the employee to return the evaluation form upon completion to the shipping agency for completion of the section entitled, "BL Issuing Officer's Response." The Provider also must follow-up in an attempt to ensure both the employee and shipping agency complete their respective portions of the form and return it to GSA at the address identified in RFO [Section 1-6](#). If the employee has not completed the form within 30-days from the date of delivery of the HHG to the new residence, the Provider will so advise the shipping agency.

2-6.5.7. Service Performance Audit.

The MMS Provider must audit transportation billings and complete a certification document certifying by line item whether billed services (including any services specifically requested by the employee) were or were not necessary, properly authorized, and actually performed (this audit is unrelated to an agency's audit of the actual billing charges). The Provider may develop a form for this purpose and must, if requested, have it pre-approved by the shipping agency.

2-6.5.8. Management Information Reports.

The Government will require certain management information reports that may or may not be commercially standard. If the MMS Provider has a commercial report that would meet a stated specific need, it may propose that an agency use that report instead of the one specified as long as it can satisfactorily demonstrate how the proposed substitution would meet the ordering activity's needs. Reports must contain both monthly/quarterly and year-to-date totals, when appropriate. The MMS Provider must provide required reports to the ordering activity within 15 business days following the month/quarter services were performed.

2-6.5.8.1. Ordering Agency Reports.

If requested by the shipping agency, the MMS Provider must furnish the following reports in the manner specified by the agency with regard to format, content, and frequency. Data elements may be revised by the ordering activity.

2-6.5.8.2. Shipment Summary.

A summary of the total number of shipments handled for the specified period further broken down into the following incremental categories: number of shipments by agency activity, number of shipments by TSP, number of interstate shipments, number of intrastate shipments, and number of international location shipments. For each category the Provider must show total line-haul and accessorial charges.

2-6.5.8.3. Claims Summary.

A summary of the total number of loss/damage claims handled for the specified period further broken down into the following incremental categories: number of claims by agency activity, number of claims by TSP, number of interstate claims, number of intrastate claims, number of international location claims, average number of days between the date of claim filing and date of issue of initial settlement offer; average number

of days between the date of receipt of the initial settlement offer and the date of final settlement, average amount claimed and settled interstate, average amount claimed and settled intrastate, and average amount claimed and settled on international locations. For each claim not settled within 30 days and/or 60 days when approved by the shipping agency's RTO an explanation for the delay must be supported by the Delay Codes identified in the HTOS [Section 9](#).

2-6.5.8.4. Counseling Contact Summary Report.

A summary report of counseling contacts (when an agency has chosen that optional service) showing employee name, date of initial contact, and current status of the move including date for the pre-move survey, packing date, pickup date, and actual or proposed delivery date into SIT and/or residence.

2-6.5.8.5. On-time Services Summary Report.

A summary report listing employee name, scheduled pickup date, actual pickup date, scheduled delivery dates into SIT and/or residence, actual delivery dates into SIT and/or residence, scheduled date for delivery out of SIT, and actual date for delivery out of SIT. When scheduled and actual dates are different, an explanation must be provided.

2-6.5.8.6. Specially Requested Reports.

Special one-time reports furnished to the RTO when the shipping agency requests and the GSA PMO identified in RFO [Section 1-6](#) approves.

2-6.5.9. Customer Service.

The MMS Provider shall provide a 24-hour, toll-free telephone number to assist in tracking/tracing shipments; resolving problems that occur during any phase of the move, including quality control problems; and in filing post-delivery claims for agencies that choose that optional service.

2.6.6. Optional Services.

2-6.6.1. General.

If requested by the shipping agency, the MMS Provider must provide the following services.

2-6.6.2. Employee pre-move counseling.

Employee pre-move counseling (as distinguished from a TSP/forwarder-provided pre-move survey) includes information on TSP/forwarder commercial moving practices affecting all aspects of a HHG move. It also includes Government-specific information on Federal HHG entitlements and allowances prescribed in the Federal Travel Regulation (41 CFR chapters 300-304) and the ordering agency's internal regulations, including weight allowances. The counseling includes informing the relocating employee about services he/she is authorized at Government expense as well as any requested services that are not the Government's financial responsibility and which the employing agency will charge back to the employee. Some of these services are: extra pickup/delivery; temporary SIT authorized by the shipping agency; non-temporary (permanent) storage (NTS); unauthorized items; assembly/ disassembly of property; shipment of perishable items; exclusion of firearms and hazardous materials; level of service coverage, options, and costs; reporting concealed damages, employee rights and responsibilities, third-party servicing; packing/unpacking and crating/ uncrating; preparation and filing of claims; name and address of origin/destination storage; and delivery out of storage. The counseling also includes explaining the Government's role concerning Commuted Rate Schedule moves as prescribed in the FTR and limitations of the Government's financial obligations for reimbursements on such moves. Following is an availability listing of publications that contain information important in the employee pre-move counseling process:

- FTR: Available on the Internet at:

2-6.6.3. Preparation of shipment documentation.

If a Federal agency opts to have the MMS Provider prepare a GBL/CBL, the MMS Provider must comply with the terms and conditions set forth in 41 CFR 102-117 and 102-118. The MMS Provider must complete, and distribute copies of, each GBL/CBL following instructions published in the GSA Federal Supply Service Guide, "How to Prepare and Process U.S. Government Bills of Lading" (National Stock

Number 7610-00-682-6740) or as instructed by the Federal agency (RTO). The Provider must provide a legible memorandum copy of all GBLs/CBLs prepared and distributed to the RTO prior to shipment pickup dates.

2-6.6.4. Data Communications Capabilities.

The MMS Provider must: (1) provide on-line electronic access to all database information pertaining to task orders and applicable shipment records; (2) provide the RTO or designee and the GSA Program Management Office in Kansas City, Missouri (RFO [Section 1-6](#)), on-line access to all database information pertaining to task orders and shipment records for all accounts established under the terms of this RFO and the HTOS; (3) establish sufficient safeguards to prevent unauthorized access to the database information; (4) make the electronic access available through an asynchronous modem with a baud rate of at least 2400; and (5) furnish clear documentation setting out procedures for access to and use of the database.

2-6.6.4.1. Database Elements.

The database must contain, but not necessarily be limited to, the following elements: task order information; shipment information sufficient to generate the reports specified in [Section 2-6.5](#). The database maintained for shipments must be maintained in a separate directory with separate shipment records for each employee move. Shipment files must not be commingled with other data maintained for shipments not applicable to this RFO. Each shipment record must contain all applicable information required for that particular shipment, including any claims filed for the TSP, status of the claim, etc. (continuous computer terminal screen, if necessary). Performance data documenting how the move was handled must be collected independently and also maintained in this file. The Provider must provide facility for the RTO or designee and the GSA PMO (RFO [Section 1-6](#)) to extract and consolidate data such as TSP performance in the event specific reports are required.

2-6.6.4.2. Database Maintenance.

The MMS Provider must update the database on a 24-hour basis at a minimum and provide for on-line electronic access to database elements for a period of one year from date of pickup. After one year, hard copy records may be maintained as required by the Examination of Records Clause contained in GSA Form 3504.

2-6.6.5. On-site Quality Control Service. If a shipping agency requests, the MMS Provider must arrange for quality control personnel to provide on-site inspection service at the origin/destination residence at pickup/delivery. Inspection services include, but are not limited to: verification of correct inventory coding, use of proper packing materials, appropriate article servicing, equipment and personnel suitability, and satisfactory performance of unpacking. The actual cost of the service to be performed is negotiable between the MMS Provider and the shipping agency. The agreed upon price must be stated in a written document and retained by both parties. The document will be construed as a one-time only amendment to the Provider's rate filing. A copy of the written document must be included in the MMS Provider's voucher for payment. The Provider may engage outside sources to perform these services provided that they are representatives or employees of a HHG TSP, freight forwarder, or agent thereof.

2-6.6.6. Quality Assurance Plan.

If requested by the shipping agency, the MMS Provider must provide the shipping agency with a quality assurance plan to assist in assuring quality service and must also designate quality assurance personnel to execute the plan.

2-6.6.7. Claims Preparation, Filing, and Settlement Assistance.

If the employee or shipping agency requests, the MMS Provider must provide immediate loss/damage claim preparation/filing assistance, including follow-up assistance for any subsequently discovered loss or damage. The Provider must review and negotiate any settlement offer that is inconsistent with the TSP's liability or HTOS provisions, and in the case of an impasse must refer the complete file to the shipping agency. The MMS Provider also must counsel the employee about potential consequences of signing any full and unconditional release on any offer of settlement before all claims resulting from a particular move have been resolved.

2-6.6.8. Prepayment Audit.

2-6.6.8.1. MMS Provider Responsibilities.

A TSP that offers move management services under the HTOS may, at the request of a client agency, conduct the prepayment audit of transportation bills after obtaining audit certification from GSA, Office of Transportation Audits. If the TSP intends to subcontract the prepayment audit, any auditor it uses (other

than a GSA Prepayment Audit Schedule contractor) must be GSA-certified to conduct the prepayment audit. TSPs/auditors may obtain prepayment audit certification from the GSA Audit Division (FBA) at the address identified in RFO Section 2-6.6.8.2. The MMS provider will conduct or arrange to have conducted, a prepayment audit of each transportation billing and supplemental billing for service performed under the HTOS at the request of the client agency.

2-6.6.8.2. Certification.

Any auditor (other than a GSA Prepayment Audit Schedule contractor) desiring to perform a prepayment audit service must be certified by the GSA Audit Division (FBA) to do so. Certification may be obtained by contacting:

General Serviced Administration
Federal Supply Service
Audit Division (FBA)
1800 F Street, N.W.
Washington, DC 20405

http://www.gsa.gov/Portal/content/offerings_content.jsp?contentOID=115476&contentType=1004

2-6.6.8.3. Procedures.

The Prepayment Audit procedures are subject to provisions of the Federal Management Regulations (FMR) part 102-118 (41 CFR part 102-118). Procedures reflect requirements and may be used in addition to any other required procedures published in the FMR, in developing the MMS provider/agency MOU. The prepayment auditor must adjust billed charges as appropriate based on the service performance audit as specified, and the prepayment audit before submitting the billing invoice, along with the service performance audit certification, to the ordering agency for payment.

2-6.6.8.4. Adjustments.

Upon instructions from the ordering agency, the MMS provider must advise the TSP and/or the agency via a statement of differences submitted either electronically or in writing within seven (7) days of receipt of the bill of any adjustment the auditor makes. The statement of differences must include the following:

- (a) TSP's standard alpha code (SCAC);

The agency must establish an appeal process that directs TSP appeals to an agency official or to the MMS provider with responsibility for providing adequate consideration and review of the circumstances of the claim. Review of an appeal must be completed within thirty (30) days. If the TSP disputes the findings and the agency or MMS provider as appropriate, cannot resolve the dispute with the TSP, all relevant

documents including a complete billing history and the appropriation or fund charged should be forwarded to GSA for the rendering of a decision. TSP claims must be submitted within three (3) years beginning the day after the latest of the following dates (except in time of war):

- (a) Accrual of the cause of action;
- (b) Payment of charges for the transportation involved;
- (c) Subsequent refusal for over payment of those charges; or
- (d) Deduction made to a TSP claim by the Government under 31 U.S.C. 3726.

2-6.6.8.6. Performance Standards for Service Performance Audit and Prepayment Audit

The Government must comply with provisions of the Prompt Payment Act (31 U.S.C. 3901 (a)(5)). The MMS provider therefore must ensure that within seven (7) days of receiving the TSP's bill, it has completed the service performance transportation/MMS billing, accompanied by the service performance audit certification, in the hands of the ordering agency for payment. The MOU between the ordering agency and the MMS provider must stipulate whether the agency or the MMS provider will be responsible for remitting payment to the TSP. If the MMS provider is to remit payment to the TSP, the agency must issue and forward the remittance by check or electronic transfer to the MMS provider in time for the agency to be deemed "in compliance" with provisions of the Prompt Payment Act. The MMS provider will not be liable for any late payment interest charge the agency may accrue on a transportation payment that is not in compliance with the Prompt Payment Act requirements.

2-7. Special Provisions Affecting Rates or Charges.

2-7.1 General.

In lieu of the Item 190-1 of the GRT 415-G, supplements thereto and reissues thereof, or similar provisions, and except as otherwise noted in this RFO, all surface HHG shipments transported pursuant to the provisions of the RFO are deemed to be released at a value equal to \$5.00 per pound times the actual total weight (in pounds) of the shipment, and a valuation charge will not be assessed in conjunction therewith. If a Federal Agency ships only one element of an employee's personal property (either HHG, POV, or UAB) at Government expense, GSA's IFF will be assessed against that element's net transportation charge (excluding SIT).**

2-7.6.4. Supplemental Shipments.

A supplemental shipment of a relocation performed pursuant to the HTOS is defined as any surface shipment, including a POV, or UAB tendered to the TSP by the shipping Federal Agency after six months from the date of the tender of the first component of the first shipment. **On a multiple element shipment at Government expense (either all or some combination of HHG, POV, or UAB), GSA's IFF will be assessed against the element that results in the greatest net transportation charge (excluding SIT). If a Federal Agency ships only one element of an employee's personal property (either HHG, POV, or UAB) at Government expense, GSA's IFF will be assessed against that element's net transportation charge (excluding SIT).**

2-7.6.6. Verification of IFF.

To ensure that the IFF is correctly applied to the calendar year quarter for which submission is received, the check register must identify the quarter (i.e. 1stqtr00, 3rdqtr00), and the GBL/BL number or include with the IFF submission a copy of the shipment report containing such information.

In the event that a third party is used to provide crating services and the charges are in excess of those provided in the GRT, the RTO has the authority to waive and negotiate the excess crating charges in whole or in part, based on the circumstances of the use of third party services.

2-7.12. Weight Variance.

In the event the actual shipment weight is greater than 115% of the premove survey weight, the TSP must notify the RTO or its designated representative prior to billing the Federal Agency of the original weighing and be prepared to justify the difference. In the event the TSP fails to notify the RTO or third party representative, the TSP stipulates that the agreed weight of the shipment will be 115% of the premove survey weight. In the event the TSP fails to adequately justify the difference between the actual and premove survey weights, the TSP stipulates that the agreed weight of the shipment will be 115% of the premove survey weight. The agreed weight shall take precedence over the actual weight for the assessment of transportation, accessorial, and storage-in-transit charges when based on weight. The RTO has the authority to waive this provision.

2.7.12.1. Verification of Weight Variance.

In order to apply the weight variance rule, it is recommended that a copy of the premove survey be included with the billing voucher and other documents.

- 2) When the delivery is attempted between the hours of 8 AM and 5 PM but at a time other than that previously requested or agreed to by the shipper; or
- 3) If delivery is not attempted or shipper is not otherwise contacted, within 90 minutes of the prearranged and agreed to delivery time.

2-7.14. Shipments of Unaccompanied Air Baggage

All unaccompanied air baggage shipments will be packed in Tri-wall containers measuring no more than 15 cube. All TSPs must have written approval from the BL certifying officer authorizing any exceptions to the Tri-wall measurements. TSPs who are invoicing for charges other than by gross weight must show the container cube and number of containers on the invoice before a prepayment audit is approved. **Where gross weight exceeds volume weight, TSP must charge for gross weight.**

2-7.15. Reweighing of Shipments Which Exceed 18,000 Pounds

Prior to the commencement of the unloading of a shipment weighed at origin which exceeds the 18,000 pound maximum weight allowance, the TSP shall reweigh the shipment at destination. This reweigh must take place at a supervised scale and be conducted by an authorized weigh master. The charges to the Federal agency shall be based on the lower of the two weights and copies of both sets of weight tickets shall be provided to the Federal agency prior to submitting the invoice for payment.

2-8. Claim Settlement Penalty.

In the event that the TSP fails to settle a claim within 30 days after receipt due to TSP's failure, the TSP will pay a \$25.00 per day penalty to the Federal agency. The total penalty shall not exceed \$250.00. The RTO has the authority to waive the penalty in whole or in part based on circumstances of the delay.

2-9. Exception Status.

The following provision applies; accepted offers may be placed in an exception status and rates will be withdrawn from GSA Cost Comparison data base upon failure to meet HTOS requirements, pending temporary non-use, suspension and/or debarment. In those instances where shipment takes place after effective date of exception status, the TSP's offer(s) as indicated on this tender will apply and remain in effect until terminated as provided by RFO.

2-10. Extension of Offer by the Government.

The Government reserves the right to extend the expiration date of all or part of the rate offers accepted in accordance with the RFO for up to ninety (90) calendar days.

2-11. Rights Reserved.

2-12. Termination.

- (c) Except as provided in (a) and (b) above, accepted offers may be terminated at any time by either party hereto upon sixty (60) days notice in writing to the other. Termination under this clause shall not affect, or relieve any part of, any obligation or liability that may have accrued prior to such termination; and,
- (d) Upon termination of the offer under (a), (b), or (c) above, or as provided in the HTOS, the TSP shall be paid any sum due the TSP for services performed under this offer to the date of such termination, and in

the event of partial termination shall be paid in accordance with the terms of this offer for any services furnished under the portion of the offer that is not terminated; provided, however, any such payments shall be without prejudice to any claim which the Government may have against the TSP under the provisions of the HTOS or otherwise and the Government shall have the right to offset any such claims against such payment.

A copy of the OF280 is available by contacting the PMO (RFO Section 1-6).

2-13. TERMINATION FOR CONVENIENCE OF THE GOVERNMENT.

If a rate offer(s) is terminated, the Government shall be liable only for payment for services rendered before the effective date of the termination.
