

# Technical Development Document for the Final Effluent Limitations Guidelines and New Source Performance Standards for the Concentrated Aquatic Animal Production Point Source Category (Revised August 2004)

United States Office of Water (4303T)  
EPA-821-R-04-012  
Environmental Protection Agency  
Washington, DC 20460

August 2004

**Technical Development Document for the Final  
Effluent Limitations Guidelines and New Source  
Performance Standards for the Concentrated  
Aquatic Animal Production Point Source  
Category  
(Revised August 2004)**

Stephen L. Johnson  
Acting Deputy Administrator

Benjamin Grumbles  
Acting Assistant Administrator, Office of Water

Geoffrey Grubbs  
Director, Office of Science and Technology

Mary Smith  
Director, Engineering and Analysis Division

Marvin Rubin  
Chief, Environmental Engineering Branch

Jan Goodwin  
Technical Coordinator

Marta Jordan  
Project Manager

Engineering and Analysis Division  
Office of Science and Technology  
U.S. Environmental Protection Agency  
Washington, DC 20460

August 2004

## **Acknowledgments and Disclaimer**

This report has been reviewed and approved for publication by the Engineering and Analysis Division, Office of Science and Technology. This report was prepared with the support of Tetra Tech, Inc., Eastern Research Group, Inc., Science Applications International Corporation (SAIC), Westat, Inc., and DynCorp I&ET, under the direction and review of the Office of Science and Technology.

Neither the United States government nor any of its employees, contractors, subcontractors, or other employees makes any warranty, expressed or implied, or assumes any legal liability or responsibility for any third party's use of, or the results of such use of, any information, apparatus, product, or process discussed in this report, or represents that its use by such a third party would not infringe on privately owned rights.

## Foreword

This document includes technical support for the rulemaking for the Concentrated Aquatic Animal Production Point Source Category. After the Administrator signed the final rule, EPA noted several changes to this document. The following chapters have been altered:

### Chapter 1

- On page 1-2, corrected the total number of priority pollutants to 126 and updated the citation to 40 CFR Part 423, Appendix A.

### Chapter 2

- For clarification, in table 2.2-3, under Best Management Practices, line 1h) Training, the word “system” was added to the second bullet point.

### Chapter 3

- On page 3-33, the website given for the Small Business Advocacy Review Panel (USEPA, 2002b) was changed to reflect its new location on the Internet.

### Chapter 8

- EPA added a call out to figure 8.2-4 in the text of Section 8.2.1.4.
- The footnote numbering was corrected.

### Chapter 9

- For consistency, the heading row in Table 9.3-1 was altered. The words “Assumptions Used in Costing” were added to the title of the first column so that this table would match with all others in this chapter.

## CONTENTS

---

CHAPTER 1	LEGAL AUTHORITY AND REGULATORY BACKGROUND.....	1-1
1.1	Legal Authority.....	1-1
1.2	Clean Water Act.....	1-1
1.2.1	Best Practicable Control Technology Currently Available (BPT)— Section 304(b)(1) of the CWA.....	1-2
1.2.2	Best Control Technology for Conventional Pollutants (BCT)— Sec. 304(b)(4) of the CWA.....	1-2
1.2.3	Best Available Technology Economically Achievable (BAT)— Section 304(b)(2)(B) of the CWA.....	1-3
1.2.4	New Source Performance Standards (NSPS)—Section 306 of the CWA.....	1-3
1.2.5	Pretreatment Standards for Existing Sources (PSES)—Section 307(b) of the CWA.....	1-4
1.2.6	Pretreatment Standards for New Sources (PSNS)—Section 307(c) of the CWA.....	1-4
1.3	Section 304 and Consent Decree.....	1-4
1.4	Regulatory Flexibility Act (RFA) as Amended by the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA).....	1-5
1.5	State, Regional, and Municipal Aquatic Animal Production Regulations.....	1-6
1.5.1	State Regulations.....	1-6
1.5.1.1	Regulations Dealing Directly with Effluents and Discharges.....	1-7
1.5.1.2	Regulations Dealing Indirectly with Effluents and Discharges.....	1-9
1.5.1.3	Regulations Addressing All Other Types of Aquaculture-Related Activities.....	1-12
1.5.2	Federal Regulations.....	1-16
1.6	Regulatory History of the Concentrated Aquatic Animal Production Industry.....	1-17
1.7	References.....	1-18
CHAPTER 2	SUMMARY OF SCOPE AND CONTENT OF THE FINAL REGULATION.....	2-1
2.1	National Pollutant Discharge Elimination system (NPDES).....	2-1
2.2	Effluent Limitations Guidelines and Standards.....	2-2
2.2.1	Regulatory Implementation of Part 451 Through the NPDES Permit Program and the National Pretreatment Program.....	2-2
2.2.1.1	NPDES Permit Program.....	2-3
2.2.1.2	New Source Performance Standards.....	2-3

---

2.2.1.3	National Pretreatment Standards.....	2-3
2.2.2	Applicability of the Rule.....	2-4
2.2.3	Summary of Effluent Limitations Guidelines and Standards .....	2-4
2.2.3.1	General Reporting Requirements.....	2-5
2.2.3.2	Narrative Requirements .....	2-6
2.3	References.....	2-17
CHAPTER 3	DATA COLLECTION ACTIVITIES .....	3-1
3.1	Summary of Data Collection Activities.....	3-1
3.1.1	Literature Searches.....	3-1
3.1.2	Permitting Information.....	3-2
3.1.3	Monitoring and Permit Data Analyzed Post-Proposal.....	3-7
3.2	Summary of Aquatic Animal Production Questionnaire Activity.....	3-8
3.2.1	Background.....	3-8
3.2.2	Screeener Survey .....	3-9
3.2.2.1	Description of the Screeener Survey .....	3-9
3.2.2.2	Development of Screeener Survey Mailing List .....	3-9
3.2.2.3	Response to the Screeener Survey.....	3-10
3.2.2.4	Summary of Data from the Screeener Survey .....	3-10
3.2.3	Detailed Survey.....	3-11
3.2.3.1	Description of the Detailed Survey.....	3-12
3.2.3.2	Sample Selection for the Detailed Survey .....	3-13
3.2.3.3	Response to Detailed Survey .....	3-13
3.2.3.4	Summary of Data from the Detailed Survey.....	3-14
3.3	Summary of EPA’s Site Visit and Wastewater Sampling Programs.....	3-15
3.3.1	Site Visits.....	3-15
3.3.1.1	Site Visit Summary .....	3-17
3.3.1.2	Summary of Sites Visits to Facilities with Microscreens .....	3-21
3.3.2	Wastewater Sampling .....	3-21
3.3.2.1	Pollutants Sampled.....	3-22
3.3.2.2	Analytical Methods.....	3-26
3.4	U.S. Department of Agriculture Data .....	3-27
3.4.1	1998 Census of Aquaculture.....	3-27
3.4.2	National Agricultural Statistics Service.....	3-27
3.4.3	Animal and Plant Health Inspection Service: Veterinary Services and the National Animal Health Monitoring System .....	3-28
3.4.4	Economic Research Service.....	3-28
3.5	Summary of Other Data Sources .....	3-28
3.5.1	Joint Subcommittee on Aquaculture .....	3-29
3.5.2	Other Government Agencies.....	3-29

3.5.3	BMP Guidance Documents Developed by Governmental and Other Organizations .....	3–29
3.5.3.1	Alabama .....	3–30
3.5.3.2	Arizona.....	3–30
3.5.3.3	Arkansas.....	3–30
3.5.3.4	Florida.....	3–30
3.5.3.5	Hawaii .....	3–31
3.5.3.6	Idaho .....	3–31
3.5.3.7	Other BMP Guidance Documents .....	3–31
3.5.4	Other Industry-Supplied Data: Small Business Advocacy Review Panel.....	3–32
3.5.5	Summary of Public Participation .....	3–33
3.6	References.....	3–33
CHAPTER 4 INDUSTRY PROFILES .....		4–1
4.1	Overview of the Industry .....	4–1
4.1.1	Development of Federal, State, and Local Hatchery Programs.....	4–2
4.1.2	Development of Commercial Aquatic Animal Production.....	4–3
4.2	System Types.....	4–5
4.2.1	Ponds Systems.....	4–5
4.2.1.1	Levee Ponds .....	4–5
4.2.1.2	Watershed Ponds.....	4–7
4.2.2	Flow-through Systems .....	4–9
4.2.3	Recirculating Systems.....	4–11
4.2.4	Net Pens and Cages.....	4–11
4.2.5	Floating and Bottom Culture Systems .....	4–13
4.2.6	Other Systems: Alligator Farming.....	4–13
4.3	Production Description by Species .....	4–14
4.3.1	Catfish .....	4–14
4.3.1.1	Production Systems.....	4–15
4.3.1.2	Culture Practices .....	4–16
4.3.1.3	Water Quality Management and Effluent Treatment Practices .....	4–21
4.3.2	Trout.....	4–26
4.3.2.1	Production Systems.....	4–28
4.3.2.2	Culture Practices .....	4–29
4.3.2.3	Water Quality Management and Current Treatment Practices .....	4–32
4.3.3	Salmon .....	4–36
4.3.3.1	Production Systems.....	4–38
4.3.3.2	Culture Practices .....	4–39
4.3.3.3	Water Quality Management.....	4–42
4.3.4	Striped Bass.....	4–45
