The industry classification system used to create the gross average hourly earnings data has changed. The Standard Industrial Classification Manual (SIC) has been replaced by the North American Industry System (NAICS). The NAICS industry series on this table closely match the SIC industries from previous reports, but cannot be considered identical. If you have any questions or concerns, please call the Western BLS Information Office in San Francisco at (415) 975-4350.

Note: March 2003 is now the benchmark for establishment series.
