

BUREAU OF LABOR STATISTICS

READY FACTS

FAX-ON-DEMAND INSTRUCTIONS

BLS *Ready Facts* is a catalog of documents that highlights data of special interest and summarizes frequently requested statistics and technical information from across the various Bureau programs. Documents from *Ready Facts* are available around the clock via fax-on-demand. The catalog of documents, each with a corresponding code, is listed below.

To request information from the *Ready Facts* catalog using our fax-on-demand service, call **(202) 691-6325** on a touch-tone phone and follow the voice instructions to receive the desired documents. You may make up to 4 selections per phone call.

The BLS fax-on-demand service attempts to fax your request up to 4 times over a 2-hour

period. Please insure that your fax machine is operational, ready to receive a fax, and set at FINE resolution. For fastest transmission, do NOT make additional requests from the system to the same fax phone number until your first request has been completed.

In addition to the national fax-on-demand service, BLS offers 8 regional fax-on-demand systems with documents highlighting each region's States and metropolitan areas. The fax-on-demand phone numbers for regional systems are:
