LET'S DO BUSINESS TOGETHER

This comprehensive guide to the federal marketplace was prepared for business firms who are interested in contracting with federal civilian and military agencies within the Mid-Atlantic Region.

The Office of Small Business Utilization assists GSA procurement offices by identifying new potential suppliers. In doing this, we rely on small business contacts and actively seek out business concerns who may be able to supply the needs of the federal government. Special emphasis is placed on outreach programs that counsel small, small-disadvantaged, women-owned, and veteran owned businesses and businesses located in historically underutilized business (HUB) zones.

This directory is a valuable marketing tool. Now that you have received this compendium, it's time to get started. The information contained herein will aid your journey toward obtaining that first federal contract. When entering the federal market, one must realize that NO shortcuts exist and that the federal arena is similar to the private sector - perseverance and hard work pays off. Already you have taken the first step and contacted this office. The material you have received is valuable. Use it wisely and to your best advantage.

Should you have any additional questions after reading this publication, or need additional assistance, please contact this office. Our staff is available for one-on-one counseling sessions. Please call (215) 446-4918. We are located in the Strawbridge's Building, 20 North Eighth Street, 9th Floor, Philadelphia, Pennsylvania, 19107-3191.

GOOD LUCK and we hope to hear of your future success
