Most of the items on this form are self-explanatory. Additional explanations for some items are given below:

**Part I—Agency Publisher or Program Officer:** The individual named should be knowledgeable about the content, planned distribution, and marketing of the publication (e.g., editor, publisher, author, or program officer).

2. **What publication does it supersede?** Supply the publication title(s), series number and stock number(s) of the edition(s) which the new publication replaces.

3. **How does this compare with previous editions?** Specify any differences in information, specifications, and content in the new edition.

5. **Brief description of contents:** If a description is contained in the preface, foreword, introduction, or title page, you may attach a copy of the appropriate section instead of filling in this section.

6. **Specific audiences for agency distribution:** Specify what target audience and how many copies of the publication your agency will be distributing.

7. **Recommendation for sale:** If yes, include specific audiences that might be targeted and the estimated size of each audience. Please be as specific as possible, e.g., indicate *energy researchers* instead of *scientists*. If no, explain.

11. **Depository Library Distribution:** 44 U.S.C. Section 1902 requires that Government publications be made available to depository libraries, unless they are:

1. "determined by their issuing components to be required for official use only for strictly administrative or operational purposes *which have no public interest or educational value*" [Emphasis added]
2. "classified for reasons of national security"

If you have answered "no" to question 11, you must indicate into which of the above exception categories your publication falls. (The agency does not bear the cost of depository copies if the document is printed through GPO.)
