OFFICE OF THE DIRECTOR

UNITED STATES
OFFICE OF PERSONNEL MANAGEMENT
WASHINGTON, DC 20415-1000

A Message from the Director

I am pleased to present the Office of Personnel Management's report on Federal Civilian Workforce Statistics Employment and Trends as of May 2003. This bi-monthly publication is the only official source of data/information on the entire Federal civilian workforce. To enhance the usefulness of the workforce data, we have analyzed the data and presented it in a variety of statistical graphs and tables that we hope are the most useful and meaningful to you.

These statistics provide a bi-monthly overview of the Federal Government's talented workforce and reflects a refocused mission as Departments and Agencies respond to President George W. Bush's mandate for a Government that is citizen-centered, results-oriented and market-based.

If you would like additional information on our civilian workforce or have suggestions for our staff, please contact our office by calling 202-606-2942 or email at Fedstats@opm.gov.

Kay Coles James

Director

Special Notes

This issue of the Employment and Trends includes data for the newly created Department of Homeland Security agency. Public Law 107-296 signed on November 25, 2002, established the Department of Homeland Security as of January 24, 2003. This is an executive department agency within the Executive Branch. The Homeland Security agency is composed of the following directorates:

- Office of the Secretary
- Directorate for Border and Transportation Security
- Directorate for Emergency Preparedness and Response
- Directorate for Information Analysis and Infrastructure Protection
- Directorate for Management
- Directorate for Science and Technology

Employment for this agency includes new hires and as well employees whose functions transferred from the following agencies:

- Department of Justice: Immigration and Naturalization Service and other homeland security-related functions.
- Department of Transportation: Transportation Security Administration, and U.S. Coast Guard.
- Department of the Treasury: U.S Customs Service, and other Homeland Security related functions.
- Department of Agriculture: part of the Animal and Plant Health Inspection Service.
- Federal Emergency Management Agency: all functions were transferred to Homeland Security.
- Department of Health and Human Services, the Department of Commerce, the Department of Energy, the Department of Defense, and the General Services Administration also transferred specific functions.

This report includes data as submitted by the agencies within the Department of Homeland Security. All functions were not necessarily transferred to the Department of Homeland Security as of March 31, 2003. Accessions and separations data will be updated in April to include agency revisions.

EMPLOYMENT AND TRENDS OF FEDERAL CIVILIAN WORKFORCE STATISTICS MAY 2003

This section contains recent data “as of” the date shown on the publication cover. Selected tables also contain data for the previous month.

EMPLOYMENT AND TRENDS is available on a bi-monthly basis; however, data not contained in the report will be furnished upon request. To request data, cite the table number(s) needed and send requests in writing to: U.S. Office of Personnel Management, Theodore Roosevelt Building (Room 7439), 1900 E Street, NW., Washington, DC 20415-6000. Email: Fedstats@opm.gov.

The personnel summaries in **Tables 1 and 17** present highlights of the information in **Tables 2-16 and 18-31**. **Table 2** compares the current and previous month's Federal civilian employment by branch, agency, and area. **Tables 3-6 and 16** include 13-month trends for employment, payrolls, Executive Branch employment by work schedule, and turnover.

Employment figures reflect an on-board “head count” of the workforce at the end of the report period. Monthly payroll varies from 20 to 30 workdays depending upon the report cycle. This includes all salary and wages paid to all employees working during the month regardless of whether or not they were on-board at the end of the month.

Due to the lag in reporting of transfers and variations in agency reporting periods, the net difference in turnovers (accessions and separations) may not necessarily balance with net monthly changes in employment. For example, a former agency does not prepare a separation personnel action for an employee who transfers to another agency until an accession notice is received from the new agency.

Where figures are expressed in thousands, each is rounded independently and not forced to add to rounded totals. All figures are subject to revision. Several tables present employment data for the Washington, DC-MD-VA-WV Metropolitan Statistical Area (MSA). The Washington, DC-Maryland-Virginia-West Virginia MSA includes the District of Columbia; Arlington, Fairfax, Loudoun, Prince William, Stafford, and Clarke, Culpeper, Fauquier, King

George, Spotsylvania, and Warren Counties; and the Cities of Alexandria, Fairfax, Falls Church, Manassas, Manassas Park, and Fredericksburg in Virginia; Calvert, Charles, Frederick, Montgomery, and Prince Georges Counties in Maryland; and Berkeley and Jefferson Counties in West Virginia.

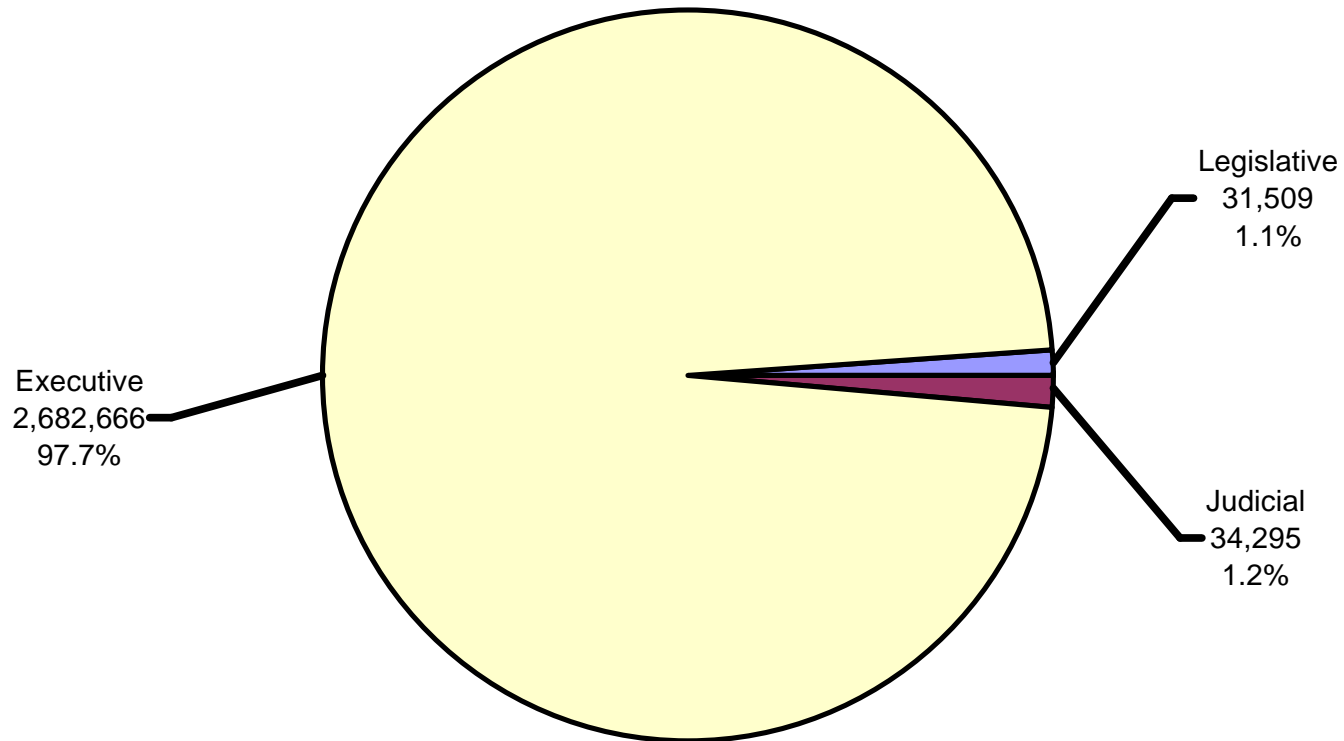

SPECIAL NOTE TO READERS REGARDING EXECUTIVE BRANCH EMPLOYMENT CONTROLS

The employment data contained in this report represent on-board “head count” strength which differs from full-time equivalent employment (FTE) figures primarily used by Office of Management and Budget (OMB) to manage an agency's personnel ceilings. Beginning in Fiscal Year 1982, the full-time equivalent (FTE) **resource management system** replaced the Executive Branch numerical end-of-year personnel ceilings that had been used to control the size of the Federal workforce for many years. Under the FTE system, workforce estimates assigned to agencies are based on the number of work years required to achieve agency missions and objectives. (One work year is equivalent to 2,080 hours of work which could mean, for example, one employee on a full-time schedule of 40 hours for 52 weeks, or two part-time employees for 20 hours per week each for the same period.) The work year estimate assigned is based on the maximum cumulative number of hours that can be worked by **all** employees covered by employment controls, including full-time, part-time, and intermittent employees. Work years or (FTE) are not defined as employee “head counts” and should not be confused with employment levels and trends. OMB assigns and controls the work year estimates. None of the data presented in this Section reflect work years or FTE.

SECTION 2

Federal Civilian Employment by State, Metropolitan Area, Overseas, Citizenship, Major Agency, Pay System, and Work Schedule as of December 31, 2002

By Christine E. Steele

Major Geographic Areas

Federal civilian employment totaled 2,799,667 in the geographic survey as of December 31, 2002. Most employees worked in the United States (2,706,383 or 96.7 percent) while some worked in the U.S. territories (18,958 or 0.6 percent) and in foreign countries (74,326 or 2.7 percent). There were 342,928 employees (12.2 percent) located in the Washington, DC-MD-VA-WV Metropolitan Statistical Area and 2,363,455 (84.4 percent) located in the United States outside the Nation's Capital Metropolitan Statistical Area. Table 1 shows the major geographic concentrations of Federal civilian employment by selected agency.

States

Federal civilian employment varied by State from 244,863 in California to 5,245 in Delaware. Seven States had more than 100,000 Federal civilian workers: California 244,863; Texas 165,837; Virginia 143,234; New York 133,017; Maryland 132,718; Florida 121,662; and Pennsylvania 106,358. There were also 188,855 Federal civilian employees working in the District of Columbia. State distributions are shown on Table 1 by major agency and on Table 2 by work schedule.

Metropolitan Areas

Each of the 337 Metropolitan Statistical Areas (MSA's) in the United States and Puerto Rico had Federal civilian employees as shown on Table 3. Excluding the 51,794 employees surveyed with an unspecified State (primarily Judicial Branch), most Federal civilian employees located in the United States and Puerto Rico worked in metropolitan statistical areas (87.2 percent or 2,327,823). Small towns and rural areas outside MSA's had only

12.8 percent (342,049) of Federal workers. Following the Washington, DC-MD-VA-WV MSA, these four metropolitan statistical areas had the next largest concentrations of Federal civilian employment: New York, NY with 66,279; Chicago, IL with 63,230; Los Angeles-Long Beach, CA with 53,771; and Philadelphia, PA-NJ with 53,067. The Arecibo, Puerto Rico, MSA had the lowest Federal population with 144.

There are also 19 MSA groups defined as Consolidated Metropolitan Statistical Areas (CMSA's); the largest CMSA's were the Washington-Baltimore, DC-MD-VA-WV CMSA with 387,538 Federal civilian employees; the New York-Northern New Jersey-Long Island, NY-NJ-CT-PA CMSA with 151,689; and the Los Angeles-Riverside-Orange County, CA CMSA with 90,823.

Overseas Areas

Federal civilian employees working overseas totaled 93,284 (3.3 percent of worldwide total), of which 18,958 worked in U.S. territories and 74,326 in foreign countries. The U.S. territories with the most Federal civilian employees were: Puerto Rico with 15,283; Guam with 2,319; and the U.S. Virgin Islands with 1,129. The five foreign countries with the most Federal civilian employees were: 18,642 in Germany; 11,142 in South Korea; 7,364 in Japan; 6,268 in Italy; and 3,026 in Great Britain.

Citizenship

The United States Government employed 67,585 U.S. citizens in overseas locations as well as 25,699 direct hire noncitizens. Federal civilian employees in U.S. territories were mostly U.S. citizens. Federal civilian

employment in foreign countries consisted of 48,636 U.S. citizens and 25,690 noncitizens.

Major Agencies

About two-thirds of the Federal civilian employees worked in three large agencies: U.S. Postal Service (881,491 or 31.5 percent); Department of Defense (675,349 or 24.1 percent); and the Department of Veterans Affairs (224,472 or 8.0 percent). These agencies have employees in all States as shown on Table 1. Defense Department employment was more concentrated in coastal States partly due to naval installations. With their service delivery responsibilities, the U.S. Postal Service and the Department of Veterans Affairs employment distributions more closely reflected the Nation's general population distribution.

Pay Systems

About half (46.0 percent or 1,287,964) of Federal civil servants were paid under the General Schedule. Postal pay plans covered about a third (31.5 percent or 881,537). Wage systems for blue-collar workers covered 7.6 percent (212,358). The remaining 14.9 percent (417,808) were mostly white-collar workers paid under various other pay plans. The employment distributions by pay system were similar for Federal employment in the United States and U.S. territories. In foreign countries, the Foreign Service raised the percentage employment in "other" pay plans while there were proportionally fewer General Schedule, fewer wage, and no Postal employees. The Washington, DC-MD-VA-WV MSA had proportionally higher white-collar employment with 217,341 or 63.4 percent General Schedule; 13,382 or 3.9 percent wage systems; 24,048 or 7.0 percent Postal pay plans; and 88,157 or 25.7 percent in the other (mostly white-collar) pay plans.

Work Schedules

Table 2 presents Federal civilian employment within the United States by State and work schedule (excluding seasonal employees). Most (88.5 percent) Federal civil servants nationwide worked a full-time work schedule, usually a 40-hour workweek. Another 5.6 percent of employees worked part-time on a regular schedule such

as 4 hours each workday and the remaining 6.0 percent worked an intermittent schedule (working only as needed) such as substitute mail carriers.

Some States showed considerable differences from the nationwide work schedule distribution: full-time employment as a percent of total employment ranged from 95.9 percent in the District of Columbia, 93.7 percent in Virginia, and 92.7 percent in Hawaii to 74.7 percent in New Hampshire, 80.1 percent in Wisconsin, and 81.3 percent in Iowa.

Two-thirds of part-time and intermittent employees nationwide worked for the U.S. Postal Service (210,776 or 67.7 percent). The other major employers of part-timers were the Departments of Veterans Affairs (18,427), Defense (13,554), Agriculture (3,856), Treasury (2,735), Justice (2,706), and Interior (2,629) as well as the Social Security Administration (2,818). Major agency employers of intermittent workers were the Departments of Health and Human Services (9,524), Agriculture (4,589), Veterans Affairs (4,125), Defense (3,759), Commerce (3,388), Treasury (3,355), and Interior (2,943) as well as the Federal Emergency Management Agency (3,530).

Data Sources

These data on active Federal civilian employment cover all Federal departments and agencies except: Central Intelligence Agency, National Security Agency, Defense Intelligence Agency, National Imagery and Mapping Agency, Army/Air Force Exchange Service, Consolidated Metropolitan Technical Personnel Center, Defense Career Management and Support Agency, and seasonal employees other than Defense Department's Education Activity. The primary source for these data is the Central Personnel Data File supplemented by agency special reports. We caution readers that these data are not directly comparable to other data in Employment and Trends because of differences in population coverage, dates, and reporting requirements. Please call statistician Christine Steele at 202-606-1817 or send e-mail to fedstats@opm.gov if there are questions on the geographic distribution of Federal civilian employment.

DATA SOURCE, DEFINITIONS, AND ACKNOWLEDGMENTS

INTRODUCTION

Statistics in this report are based on the *Monthly Report of Federal Civilian Employment* (Standard Form 113A). Each department and agency of the Federal Government, except the Central Intelligence Agency, the National Security Agency, National Imagery and Mapping Agency, and the Defense Intelligence Agency, submit statistical data. The Office of Personnel Management does not collect personnel data from any State or local government including the District of Columbia government. Within this report, employment data are reported under the following categories:

WORK SCHEDULES

Full-time employees - those employees who are regularly scheduled to work the number of hours and days required by the administrative workweek for their employment group or class. (Most full-time employees have an administrative workweek of 5 days of 8 hours each.)

Part-time employees - those employees who are regularly employed on a prearranged scheduled tour of duty that is less than the specified hours or days of work for full-time employees in the same group or class.

Intermittent employees - those employees who are employed on an irregular or occasional basis, with hours or days of work not on a prearranged schedule, and with compensation only for the time actually employed or for services actually rendered. As of January 1979, an intermittent employee who separated prior to the as-of-date of the report is not counted.

POSITIONS

Permanent position - one which has been established without time limit, or for a period of a year or more, or which, in any event, has been occupied for a year or more (regardless of the intent when it was established).

Temporary position - one that has been established for a limited period of less than a year and which has not been occupied for more than a year.

COMPETITIVE SERVICE

The competitive service consists of all civil service positions in the Executive Branch except: (a) positions that are specifically excepted from the competitive service by or under statute; (b) positions to which appointments are made by nomination for confirmation by the Senate, unless the Senate otherwise directs, and (c) positions in the Senior Executive Service. The competitive service also includes civil service positions outside the Executive Branch that are specifically included in the competitive service by statute.

EXCEPTED SERVICE AND SENIOR EXECUTIVE SERVICE

Title IV of the Civil Service Reform Act of 1978 created the Senior Executive Service (SES). Personnel in the Executive Branch in managerial positions classifiable above GS-15 of the General Schedule (GS) and not designated above level IV of the Executive Schedule, or their equivalents, are in the SES. Exceptions include positions in government corporations, intelligence agencies, the Federal Bureau of Investigation, and administrative law judges. The Foreign Service Act of 1980 created a Senior Foreign Service, effective February 15, 1981, which parallels the Senior Executive Service in most respects. Federal employees who are not in the competitive service or SES are in the excepted service. Examples of excepted positions include the entire U.S. Postal Service, Vietnam Era Veterans serving under Veterans Readjustment Act Appointments, positions for which it is not practical to hold competitive examinations such as teachers in dependents' schools overseas and attorneys, positions of a policy-determining and confidential nature, and most positions in the Legislative and Judicial Branches. Foreign nationals holding jobs overseas are excepted by Executive Order.

Several tables in this report show the number of Federal civilian employees in the competitive service and in the excepted service. Senior Executive Service employment is included with the excepted service in **EMPLOYMENT AND TRENDS** since both excepted service and Senior Executive Service data are reported together on the 113A monthly report.

APPOINTMENTS

Permanent Appointments - include employees who are (1) in the competitive service who hold career appointments and who either have completed probation or are not required to serve probation; (2) in the competitive service who hold career-conditional appointments, or who hold career appointments and are serving probation; (3) in the excepted service whose appointments carry no restrictions such as conditional, indefinite, specific time limitations, or trial periods; (4) in the excepted service who are serving trial periods or whose tenure is equivalent to career-conditional tenure in the competitive service; and (5) in the Senior Executive Service (SES) who are not serving under “limited term and limited emergency” appointments.

Temporary and Indefinite Appointments - include all other employees who do not fall within any of the classifications described under Permanent Appointments.

CITIZENSHIP

Citizens - direct hire employees who owe allegiance to the United States by birth or naturalization regardless of their place of permanent residence or duty station.

Non-Citizens - Territories - direct hire employees who are citizens of another country and whose duty station is in the Territories of the United States (American Samoa, Baker Island, Guam, Howland Island, Jarvis Island, Johnston Atoll, Kingman Reef, Midway Islands (except Ryukyu Islands and Swan Islands), Navassa Islands, Northern Mariana Islands, Palmyra Atoll, Puerto Rico, Virgin Islands, Wake Island).

Non-Citizens - Foreign Countries - (commonly referred to as “foreign nationals”) direct hire employees who are citizens of another country and whose duty station is not the United States or its Territories.

Note: Federal civilian employees (citizens and non-citizens) are direct hire employees, i.e., they are under agreement or contract with the U.S. Government. Indirect hires (persons who, under agreement or contract with **foreign governments**, provide personal services to the U.S. Government) are not Federal civilian employees, and are not included in any employment figures in the **EMPLOYMENT AND TRENDS**.

PAYROLL

Payroll is the sum of all wages, salaries and lump sum payments earned by Federal civilian employees. Wages and salaries include gross base pay, overtime, night differential, and holiday pay. Lump sum payments are monies paid for annual leave to employees who have separated from the Federal Government. Payroll data are collected and presented in thousands of dollars.

Please note that, while monthly employment data reflect on-board “head count” employment as of the end of the report period, payroll data reflect salary and wages for all employees who *worked during the period*, whether or not they were on board at the end of the month. Moreover, “monthly” payroll data could cover from 20 to 30 workdays depending on the report cycle. Hence, payroll data is not tied directly to employment figures. Therefore, average salaries, for example, *cannot* be calculated based on these monthly data.

ACCESSIONS AND SEPARATIONS

Accessions include appointments from civil service registers which are career or career-conditional appointments, excepted appointments, appointments to the Senior Executive Service, temporary appointments from registers, temporary appointments pending the establishment of registers, reappointments, reinstatements, restorations and returns to duty, and transfers: Separations include quits, discharges, terminations, reductions in force, removals, transfers, extended leave without pay, suspensions, furloughs, deaths, and retirements. Turnover data reflect employees in all work schedules (full-time, part-time, and intermittent) and all tenures (permanent and temporary and indefinite appointments). In the U.S. Postal Service, turnover data include all categories of Postal employment, both career and non-career; non-career types include temporaries, casuals, and replacements for employees on leave. The report presents turnover data for the following categories:

Transfers - employees who, without a break in service of one full workday, change from a position in one agency to a position in another agency, including mass transfers of employees between agencies as a result of transfer of functions.

New Hires - new appointments of individuals who currently are not Federal civilian employees to positions in the competitive service, excepted service, and Senior Executive Service, including reinstatements based on prior service.

Restorations, Returns to Duty - includes employees who exercise reemployment rights following military service and those returning to duty following a reduction in force, from suspension or leave without pay that was scheduled to exceed 30 calendar days, from seasonal furlough, or pending action on reopening appeal.

Quits - voluntary resignations by employees or separations by agency if employee declines new assignment (decision not to accept a new job); abandons position (left the job); joins military; or fails to return from military furlough.

As of January 1979 agencies report employment data either as of (1) the last day of the month, or (2) the last day of the pay period closest to the end of the month. However at the end of the fiscal year, agencies report on the last day of the month to meet the Office of Management and Budget's reporting requirements. Payroll and Turnover data are reported as of the beginning and through the end of the report period.
