THIS POSITION IS OUTSIDE THE COMPETITIVE CIVIL SERVICE

Appointment to this position will be made under the Excepted Authority of the NSF Act. Candidates who do not have civil service status or reinstatement eligibility will not obtain civil service status if selected. Candidates currently in the competitive service will be required to waive competitive civil service rights if selected. Usual civil service benefits (retirement, health benefits, life insurance) are applicable for appointments of more than one year. Disabled veterans with 30% service-connected disabilities as well as other applicants with severe disabilities will be considered without regard to the closing date if applications are received prior to final selection.

The Directorate for Geosciences supports research in the atmospheric, earth, and ocean sciences. As the principal source of federal funding for university-based fundamental research in the geosciences, GEO addresses the nation's need to understand, predict, and respond to environmental events and changes to use Earth's resources wisely. Basic research in the geosciences advances scientific knowledge of Earth's environment, including resources such as water, energy, minerals, and biological diversity. GEO-supported research also advances our ability to predict natural phenomena of economic and human significance, such as climate changes, weather, earthquakes, fish-stock fluctuations, and disruptive events in the solar-terrestrial environment. More information about the Directorate for Geosciences and their programs can be found on their website at <http://www.geo.nsf.gov/>.

The **Diversity and Education Program** promotes broadening the participation of groups traditionally underrepresented in the geosciences, including women, minorities, and persons with disabilities. The Program also supports geosciences education activities that integrate geosciences research and education and leads to improvements in the quality of geosciences education at all levels.

DUTIES AND RESPONSIBILITIES: Serves as coordinator and leader of Directorate-wide activities focused on increasing representation within the geosciences community and on expanding geosciences education and outreach opportunities. Serves as the Chair of the GEO Education Team and the diversity program specialist. Participate with the Assistant Director, GEO and senior staff members in developing and implementing appropriate diversity and education activities. Directs the implementation, review, funding, post-award management, and evaluation of the program and contributes to the intellectual integration with other programs supported by the Division. Designs and implements the proposal review and evaluation process for relevant proposals. Selects well qualified individuals to provide objective reviews on proposals either as individuals or as members of a panel. Conducts final review of proposals and evaluations, and recommends acceptance or declination. Manages and monitors on-going grants, contracts, interagency and cooperative agreements to ensure fulfillment of commitments to NSF. Evaluates progress of awards through review and evaluation of reports and publications submitted by awardees and/or meetings at NSF and during site visits. Contributes to the responsibility for establishing goals and objectives, initiating new program thrusts and phasing out old projects. Recommends new or revised policies and plans in scientific, fiscal, and administrative matters to improve the activities and management of the Program.

QUALIFICATIONS REQUIRED

Applicants must possess a Ph.D. or equivalent experience in a field of geosciences research or geosciences-education, plus, six or more years of successful research, research administration, and/or managerial experience pertinent to the program.

QUALITY RANKING FACTORS:

1. Broad Knowledge and understanding of scientific principles, theories and technologies applicable to Geosciences.
2. Research, analytical and technical writing skills which evidence the ability to perform extensive inquiry into a wide variety of significant issues and to make recommendations and decision based on findings.
3. Ability to organize, implement and manage a research program which allocates resources to meet a broad spectrum of program goals.
4. Knowledge of supervisory, managerial and organizational concepts, principles, and techniques in order to plan, manage and supervise the work of others.
5. Ability to interact with the scientific community and peers to advocate program policies and plans.

BASIS FOR RATING: Final ranking is based on an evaluation of your experience, education and training as they relate to the knowledge, skills and abilities specified in the Quality Ranking Factors. Current performance appraisal, letter(s) of recommendation, and awards may also be used in the evaluation process.

CONDITIONS OF EMPLOYMENT: Appointment to the position is contingent upon successful completion of the appropriate background investigation. Satisfactory completion of a one-year trial period may also be required.

HOW TO APPLY: You may apply for this position with the *Optional Application for Federal Employment* (OF-612), the older *Application for Federal Employment* (SF-171), a resume, or other application format of your choice - so long as it contains the necessary information (summarized below). You must also submit a current Performance Appraisal or letter(s) of recommendation from professionals who can comment on your capabilities. In order to ensure full consideration, it is recommended that you submit a supplemental statement which specifically addresses how your background and experience relate to each Quality Ranking Factor listed on this announcement.

You must specify the job announcement number, and title and grade(s) of the job for which you are applying. You should also provide the following information: ♦ Your country of citizenship. ♦ Your social security number. ♦ Information about your education, including (1) high school graduation date and (2) college/university information - your major, and type and year of degree(s).
