

Adobe Illustrator 9 file

To avoid inconsistencies with font size, type and placement the GSA Schedule Contractor Star Mark logo with the contractor number (file name: SchedCon) was developed in Adobe Illustrator 9. This will enable the user to put in their contract number directly. However, if you do not have Adobe Illustrator, you can do one of the following:

- Use the GSA Schedule Contractor Star Mark without the contract number (file name: SchCon) - *it is preferred that you use the logo with the contract number*
- Buy Adobe Illustrator 9
