Science Emphasis

Scientific review

- ▶ Looking at science across the center
- ▶ Quality & relevance to CDRH
- ▶ First topic - electromagnetic stimulation devices

Leveraging

Cooperation with outside groups to accomplish mutual public health goals

- ▶ Training
- ▶ Teleconferences
- ▶ CRADA under development with CTIA
- ▶ MOU with NIDCR
- ▶ Workshops

Communication: Least Burdensome

Interpretation

- ▶ Goal: To get the right information to support submissions -- not more, not less
- ▶ Data: Needed and appropriate to product
- ▶ Process: Interactive and transparent

Communication (cont'd): Least burdensome

Implementation

- ▶ Public comments via Jan. 1999 meeting with stakeholders
- ▶ Proposal from industry task force
- ▶ Comments via docket, letters, discussions
- ▶ Draft guidance released 9/1/1999
 - Focus is clinical data requirements

Communication (cont'd): Dispute Resolution

- ▶ Goal: To resolve scientific disputes expeditiously
- ▶ Draft guidance published in April
- ▶ Final guidance pending, will address industry comments
- ▶ Panel chartered; “recruitment announcement” in November
- ▶ Ombudsman vacancy announcement closed November 26

Communication (cont'd.): Using the Web

Registration and Listing

- ▶ Goal: To streamline in-house system, make system more efficient for manufacturers, register and list electronically
- ▶ Register and list on-line
- ▶ Grassroots meetings
- ▶ Industry feedback
- ▶ Preparing proposed rule
- ▶ Pilot with nine firms to begin in early 2000

Communication (cont'd): Using the Web

Industry and consumer feedback

▶ Current

- Device Advice: dsma@cdrh.fda.gov
- E-mail: Director@cdrh.fda.gov

▶ In the works

- Direct feedback via the Web
- Commenting on proposed regulations electronically

Challenges Are Many

- ▶ Appropriations/budget
- ▶ Postmarket vigilance/surveillance
- ▶ Enforcement
- ▶ Use of standards, standards development
- ▶ International activities (MRA, GHTF)
- ▶ Review issues, including 3rd party review
- ▶ Rad Health
- ▶ Y2K
- ▶ Etc.

Challenges:

Appropriations for FY 2000

- ▶ Bill signed Oct. 22, 1999
- ▶ Allocates \$114 to CDRH & 40 M to field for CDRH activities, mandating:
 - Use of \$1 million for reprocessed devices -- premarket review, enforcement, oversight
 - Allocation of no less than \$55.5 million and 522 FTEs by whole agency for device review to meet statutory timeframes
 - \$7 million increase for device review

CDRH: The Future

- ▶ Transparent
- ▶ Adequately resourced
- ▶ Re-engineered
- ▶ FDAMA'ed
- ▶ Science-based
- ▶ Partnering
- ▶ Credible
