

**CHILD SAFETY SEAT REGISTRATION FORM
FOR YOUR CHILD'S CONTINUED SAFETY**

Although child seats undergo testing and evaluation, it is possible that your child seat may be recalled. In case of a defect or noncompliance, it is important that the manufacturer be able to contact you as soon as possible so that your child seat can be corrected.

All child seats now come with a registration form so that owners can provide their names/addresses to the manufacturer. In case of a recall to correct a safety-related problem, or to receive repair kits and instructions, the manufacturer will use this information to send the necessary notification and information to you.

The National Highway Traffic Safety Administration (NHTSA) encourages owners of child safety seats to fill out the manufacturer's registration form attached to the child safety seat and send it directly to the manufacturer. However, if you would like NHTSA to forward your name and address to the manufacturer of your child safety seat, please provide all of the information on the lower half of this page and mail this form to the U.S. Department of Transportation, National Highway Traffic Safety Administration, DOT Auto Safety Hotline, NPO-230hl, 400 Seventh Street, SW, Washington, DC 20590.

If you have any questions, or need help with any child car seat, call the U.S. Department of Transportation's toll-free DOT Auto Safety Hotline at 1-888-DASH-2-DOT (1-888-327-4236) or visit our Website at www.nhtsa.dot.gov.

Your Name: _____ Telephone: _____

Your Street Address: _____
