NOTES: Benefit payments for all areas represent actual Department of Treasury (DOT) disbursements on a paid basis by location of provider or plan, not residence of beneficiary. Distribution of benefit payments by State is based on a methodology which considered actual payments to health maintenance organizations and estimated payments for other providers of Medicare services. Estimated payments were determined by applying the relative weight of each State's share of total fee-for-service provider payments for fiscal year 2001 to the DOT disbursements net of Managed Care payments.
