

2005 National Panel Agenda

All comments and input concerning any of the following submissions for HCPCS modifications is welcomed from the public.

Just send an email to hcpcs@cms.hhs.gov

1. Attachment #04.01
Request to establish a "Q" code for a combination of 2 or more drugs under one NDC.
2. Attachment #04.02
Request to establish a modifier to identify medication provided to a beneficiary but not administered by the provider.
3. Attachment #04.03
Request to establish a modifier for drugs used with implanted infusion pumps.
4. Attachment #04.04
Request to establish "K" codes for wheelchair seat cushions.
5. Attachment #04.05
Request to establish a code for a double upright knee orthosis with adjustable position lock, trade name: Premier Knee Orthosis.
6. Attachment #04.06
Request to establish a code for transport chairs, trade name: A) Endurance® 20" Heavy Duty Transport Chair & B) Endurance 22" Heavy Duty Transport Chair.
7. Attachment #04.07
Request to establish a code for an adhesive free, late free secondary wound dressing, trade name: SNUGS.
8. Attachment #04.08
Request to establish a code for adalimumab, trade name: Humira™.
9. Attachment #04.09
Request to establish codes for A) portable electric warming blanket, trade name: ChillBuster (B) disposable blanket to be used with the ChillBuster.
10. Attachment #04.10
Request to establish a code for an iron supplement, Trade Name: Femiron, Feosol, Feostat, Ferretts, Hemocyte.
11. Attachment #04.11
Request to establish a code for multivitamins, Trade Name: One A Day, Centrum, and Natrol.

12. Attachment #04.12
Request to establish a code for a contraceptive device, Trade Name: Ortho Evra Patch.
13. Attachment #04.13
Request to establish a code for a contraceptive device, Trade Name: Nuva Ring.
14. Attachment #04.14
Request to establish a code for family planning drugs, not otherwise specified, Trade Name: Family Planning Drugs, NOS.
15. Attachment #04.15
Request to establish a code for a topical antibiotic, Trade Name: Metrogel 75%.
16. Attachment #04.16
Request to establish a code for an antifungal agent, Trade Name: Mycelx, Canesten®, Clotrimaderm®, and Gyne-Lotrimin.
17. Attachment #04.17
Request to establish a code for sulfathiazole/sulfacetamide/sulfabenzamide, Trade Name: Sultrin, Triple Sulfa, Trysul, Gyne Sulf.
18. Attachment #04.18
Request to establish a code for an antifungal, Trade Name: Terazol 3 and Terazol
19. Attachment #04.19
Request to establish a code for a topical anti-viral agent, Trade Name: Imiquimod cream, 5%.
20. Attachment #04.20
Request to establish a code for a local anti-fungal agent, Trade Name: Gynelotrimin Vaginal Cream with Applicator.
21. Attachment #04.21
Request to establish a code for an antifungal antibiotic cream, Trade Name: Gynazole Vaginal Cream.
22. Attachment #04.22
Request to establish a code for clindamycin phosphate vaginal cream, Trade Name: Cleocin Vaginal Cream.
23. Attachment #04.23

- Request to establish a code for Permethrin, Trade Name: Elimite Cream, Permethrin.
24. Attachment #04.24 A+B
Request to establish codes for Premarin (A) vaginal cream w/applicator (B) tablets.
 25. Attachment #04.25 A+B
Request to establish codes for Monistat (A) 3 day (B) 7 day.
 26. Attachment #04.26 A+B
Request to establish codes for Erythromycin (A) TR tab/cap (B) EC tab/cap.
 27. Attachment #04.27 A+B
Request to establish codes for Azithromycin (A) tablets (B) satchet.
 28. Attachment #04.28
Request to establish a code for Ampicillin.
 29. Attachment #04.29
Request to establish a code for Amoxicillin.
 30. Attachment #04.30
Request to establish a code for Ofloxacin.
 31. Attachment #04.31 A+B
Request to establish a code for Ciprofloxacin.
 32. Attachment #04.32
Request to establish a code for clarithromycin, trade name: Biaxin.
 33. Attachment #04.33
Request to establish a code for Doxycycline.
 34. Attachment #04.34
Request to establish a code for fluconazole, trade name: Diflucan.
 35. Attachment #04.35
Request to establish a code for Probenecid.
 36. Attachment #04.36
Request to establish a code for rifampin, trade name: Rifampin Cap.
 37. Attachment #04.37 A+B

- Request to establish codes for Acyclovir (A) 200mg (B) 400mg, trade name: Zovirax.
38. Attachment #04.38
Request to establish a code for valacyclovir, trade name: Valtrex.
 39. Attachment #04.39
Request to establish a code for suprax, trade name: Cefixime Tab/cap.
 40. Attachment #04.40
Request to establish a code for malathion, trade name: Ovide Lotion 5%.
 41. Attachment #04.41
Request to establish a code for podofilox, trade name: Condylox Topical solution.
 42. Attachment #04.42 A+B
Request to establish codes for Miconazole (A) suppositories 100mg (B) cream w/applicator 30mg.
 43. Attachment #04.43 A+B
Request to establish codes for Metronidasole (A) 250 mg (B) 500mg tab/cap.
 44. Attachment #04.44
Request to establish 2 codes for diabetic shoe inserts.
 45. Attachment #04.45
Request to modify the description of modifier "AT".
 46. Attachment #04.46
Request to establish a code for antihemophilic clotting factor, trade name: Advate.
 47. Attachment #04.47
Request to establish a code for a diabetic footcare kit, trade name: Dr. Joseph's Self-Management Training System for the Diabetic Foot.
 48. Attachment #04.48
Request to establish a modifier to identify DME classified by the FDA as class III devices.
 49. Attachment #04.49
Request to establish a modifier to identify immune globulin treatment for certain patients.
 50. Attachment #04.50
Request to establish a code for a permanent birth control system, trade name: Essure.

51. Attachment #04.51
Request to establish a modifier to implement section 303(b)(D)(i) of the MPDIMA legislation.
52. Attachment #04.52
Request to establish a modifier to distinguish between brand name drugs and generics.
53. Attachment #04.53
Request to request to reinstate 3 CMS HCPCS pricing modifiers, which were withdrawn, to identify automated chemistry tests ordered for ESRD patients.
54. Attachment #04.54
Request to establish a modifier to identify ESRD drugs as identified in section 305 of the DIMA.
55. Attachment #04.55
Request to consider definitions for “splint” and “boots” as used in HCPCS codes.
56. Attachment #04.56
Request to establish a code for a wheelchair back, trade name: Innovators.
57. Attachment #04.57
Request to establish a code for a contraceptive patch, trade name: Ortho Evra.
58. Attachment #04.58
Request to establish a code for levalbuterol HCl Inhalation Solution, trade name: Xopenex® Inhalation Solution.
59. Attachment #04.59
Request to establish a code for a gastric pressure valve with Reservoir, trade name: Farrell.
60. Attachment #04.60
Request to establish a (1) temporary code distinguishing the stance control lock from other types of locks; (2) use of L2999 in the meantime; and (3) a national code for 2005.
61. Attachment #04.61
Request to reconsider action taken to discontinue code “L1885”.
62. Attachment #04.62
Request to establish 2 “T” codes for non-emergency transportation and revise code T2005.

63. Attachment #04.63
Request to establish a code for a cervical orthosis support with ventilation device, trade name: Coolbrace.
64. Attachment #04.64
Request to establish a code for a crutch, trade name: Help Me Upper™.
65. Attachment #04.65
Request to establish a code for aprepitant, trade name: Emend®.
66. Attachment #04.66
Request to establish 4 codes for replacement power wheelchair accessories.
67. Attachment #04.67
Request to revise code E0484 to clarify its meaning.
68. Attachment #04.68
Request to establish a code for an exhalation port.
69. Attachment #04.69
Request to establish a code for an ergonomic wheelchair handrim, trade name: Natural-Fit™ Handrim.
70. Attachment #04.70
Request to establish a code for a heated humidification system for ventilatory and respiratory assist applications, trade name: MR850 Heated Humidification System.
71. Attachment #04.71
Request to establish a code for a pediatric gait trainer, trade name: Gator.
72. Attachment #04.72
Request to establish a code for a respiratory ventilator, trade name: Newport HT50 Ventilator.
73. Attachment #03.73
Request to establish a code for a single levered wheelchair rear wheel locking mechanism, trade name: Flex-Premium Wheelchair Immobilizing System.
74. Attachment #04.74
Request to establish a code for a rigid foot positioning support.
75. Attachment #04.75
Request to establish a code for a pelvic positioning belt.

76. Attachment #04.76
Request to establish a code for a cranial electrotherapy stimulation, trade name: Alpha-Stim 100 and Alpha Stim SCS.
77. Attachment #04.77
Request to establish a code for a high flow humidification system, trade name: VapoTherm.
78. Attachment #04.78
Request to establish a code for a temperature management and stability wheelchair cushion, trade name: ComforT
79. Attachment #04.79
Request to establish a code for a sub-20 lb. Manual wheelchair, trade name: TiLite
80. Attachment #04.80
Request to establish a code for a pressure redistribution support surface, trade name: Tempur-Med Therapeutic
81. Attachment #04.81
Request to establish a code for a portable lightweight wheelchair ramp, trade name: Roll-A-Ramp.
82. Attachment #04.82
Request to establish a code for an orthotic limb brace, trade name: Joint Active Systems.
83. Attachment #04.83
Request to establish 3 codes for a posterior gait trainer, reverse gait trainer and postural control gait trainer.
84. Attachment #04.84
Request to establish a code for a chondrogenesis system, trade name: BioniCare Stimulator, Model BIO-1000
85. Attachment #04.85
Request to establish a code for replacement supplies for Bionicare Stimulator.
86. Attachment #04.86
Request to establish a code for a replacement battery for the BioniCare Stimulator.
87. Attachment #04.87
Request to establish a knee signal applicator for the BioniCare Stimulator

88. Attachment #04.88
Request to establish a code for a manual assist wheelchair, trade name: Independence iGlide.
89. Attachment #04.89
Request to establish a code for a blood glucose monitor, trade name: NewTek.
90. Attachment #04.90 A+B
Request to establish a code for a dynamic stander and a three-way stander, trade names: Rabbit and Gazell PS
91. Attachment #04.91
Request to establish a code for an electric hub motor drive, trade name: Efix.
92. Attachment #04.92
Request to establish a code for an automatic self-adjusting sleep apnea breathing therapy device, trade name: AutoSet Spirit.
93. Attachment #04.93
Request to establish a code for an automatic self-adjusting sleep apnea breathing therapy device, trade name: Good Knight 420 Evolution
94. Attachment #04.94
Request to establish a code for an automatic self-adjusting sleep apnea breathing therapy device, trade name: DeVilbiss
95. Attachment #04.95
Request to establish a code for posterior gait trainers, trade names: Gator Gait Trainer and Bronco Gait Trainer
96. Attachment #04.96
Request to establish a code for a wound closure system, trade name: Provant.
97. Attachment #04.97
Request to establish a code for a non-modular powered wheelchair, trade name: Quickie V-121
98. Attachment #04.98
Request to establish a code for a general purpose modular powered wheelchair, trade name: Pronto M51
99. Attachment #04.99
Request to establish a code for a positioning modular powered wheelchair, trade name: Storm Torque AP 3GT
100. Attachment #04.100

Request to establish a code for a multi-function positioning modular powered wheelchair, trade name: Chairman Entra Corpus

101. Attachment #04.101
Request to establish a code for an active performance modular powered wheelchair, trade name: Quickie 222SE
102. Attachment #04.102
Request to establish a code for a heavyweight capacity powered wheelchair, trade name: Chairman HD3
103. Attachment #04.103
Request to establish a code for an adult powered wheelchair, not otherwise classified
104. Attachment #04.104
Request to establish a code for a pediatric positioning powered wheelchair, trade names: Z-500 and Tiger
105. Attachment #04.105
Request to establish a code for a pediatric multi-function positioning powered wheelchair, trade name: Chairman Koala Mini-flex
106. Attachment #04.106
Request to establish a code for a pediatric powered wheelchair, not otherwise classified
107. Attachment #04.107
Request to modify the description of code E1231 to read "pediatric manual wheelchair, folding"
108. Attachment #04.108
Request to modify the description of code E1232 to read "pediatric transport chair, folding, tilt-in-space.
109. Attachment #04.109
Request to modify the description of code E1233 to read "pediatric manual wheelchair, rigid, fully adjustable frame, with tilt-in-space, without seat and back
110. Attachment #04.110
Request to modify the verbiage of code E1234 to read "pediatric manual wheelchair, folding, fully adjustable frame, with tilt-in-space, without seat and back
111. Attachment #04.111

- Request to modify the description of code E1235 to read "pediatric manual wheelchair, rigid, adjustable frame"
112. Attachment #04.112
Request to modify the verbiage of code E1236 to read "pediatric manual wheelchair, folding, adjustable frame"
 113. Attachment #04.113
Request to modify the verbiage of code E1237 to read "pediatric manual wheelchair, rigid, adjustable frame without seat and back"
 114. Attachment #04.114
Request to modify the verbiage of code E1238 to read "pediatric manual wheelchair, folding, fully adjustable frame without seat and back"
 115. Attachment #04.115
Request to establish a code for a pediatric manual wheelchair, not otherwise classified
 116. Attachment #04.116
Request to establish a modifier to identify when an adult wheelchair is being used by a person under age 21
 117. Attachment #04.117 A+B
A) Request to modify the text of code E1012 to read "solid seat, planar, for pediatric wheelchair, including fixed attaching hardware"; and B) to establish a code for a solid back, planar pediatric wheelchair including fixed attaching hardware
 118. Attachment #04.118 A+B
Request to (A) modify the text of code E1013 to read "solid seat, contoured, for pediatric wheelchair, including fixed attaching hardware; and B) to establish a code for a solid back, contoured for pediatric wheelchairs
 119. Attachment #04.119
Request to establish 3 HCPCS codes for 1) a portable overhead lifter, 2) a portable track system and 3) a sling.
 120. Attachment #04.120
Request to establish a code for a rigid foot positioning support.
 121. Attachment #04.121
Request to establish a code for a anterior pelvic positioning belt.
 122. Attachment #04.122

Request to establish a code for a heat/cold application and pneumatic compressor and appliances

123. Attachment #04.123
Request to establish a code for buprenorphine hydrochloride/naloxone hydrochloride, trade name: Suboxone
124. Attachment #04.124
Request to establish a code for palonosetron hydrochloride, trade name: Aloxi
125. Attachment #04.125
Request to establish a code for bortezomib, trade name: Velcade
126. Attachment #04.126
Request to establish a code for risperidone long-acting injection, trade name: Risperdal Consta.
127. Attachment #04.127
Request to establish a code for daptomycin for injection, trade name: Cubicin
128. Attachment #04.128
Request to establish a code for a gallium nitrate injection, trade name: Ganite
129. Attachment #04.129
Request to establish a code for adenosine, trade name: Adenoscan/Adenocard
130. Attachment #04.130
Request to establish a code for tirofiban hydrochloride, trade name: Aggrastat
131. Attachment #04.131
Request to establish a code for perflutren protein-type A microspheres for injection, trade name: Optison
132. Attachment #04.132
Request to establish a code for buprenorphine hydrochloride, trade name: Subutex
133. Attachment #04.133
Request to establish a code for bicalutamide tablets, trade name: Casodex
134. Attachment #04.134
Request to establish a code for gefitinib tablets, trade name: Iressa
135. Attachment #04.135
Request to establish a code for anastrozole tablets, trade name: Arimidex
136. Attachment #04.136

- Request to either revise the descriptor of J7626 to change "solution" to "suspension" and revise the unit of measure from "0.25 to 0.50mg" or to "0.25 or 0.50mg"; or establish a new code fitting the requested description.
137. Attachment #04.137
Request to establish a code for sodium hyaluronate, trade name: Hyalgan
 138. Attachment #04.138
Request to establish a code for sodium hyaluronate, trade name: Supartz
 139. Attachment #04.139
Request to establish a code for abarelix for injectable suspension, trade name: Plenaxis
 140. Attachment #04.140
Request to establish a code for high molecular weight hyaluronan, trade name: Orthovisc
 141. Attachment #04.141
Request to establish a code for bevacizumab, trade name: Avastin
 142. Attachment #04.142
Request to establish a code for immune globulin intravenous caprylate/chromatography purified, trade name: Gamunex
 143. Attachment #04.143
Request to establish a code for omalizumab, trade name: Xolair.
 144. Attachment #04.144
Request to establish a code for teriparatide, trade name: Forteo.
 145. Attachment #04.145
Request to establish a code for agalsidase beta, trade name: Fabrazyme
 146. Attachment #04.146
Request to establish a code for laronidase, trade name: Aldurazyme
 147. Attachment #04.147
Request to establish a unique code for antihemophilic factor VIII, trade name: Helixate®FS
 148. Attachment #04.148
Request to establish a unique code for alpha1-proteinase inhibitor, Human A1-PI, trade name: Zemaira
 149. Attachment #04.149

- Request to establish a unique code for Alpha1-proteinase inhibitor, trade name: Aralast.
150. Attachment #04.150
Request to establish a code for cetuximab, trade name: Erbitux
 151. Attachment #04.151
Request to modify code A9522 to read "per dose" instead of "per mCi".
 152. Attachment #04.152
Request to establish a unique code for technetium-99m exametazime, trade name: Ceretec.
 153. Attachment #04.153
Request to discontinue code Q3010 and replace it with a code for technetium Tc99m labeled red blood cells, trade name: UltraTag® RBC, using "per dose" as the unit, rather than per Millicurie.
 154. Attachment #04.154
Request to discontinue code Q3009 and replace it with a "J" code for technetiumTc99m oxidronate, trade name: TechneScan HDP, using "per dose" as the unit of measure, rather than per Millicurie.
 155. Attachment #04.155
Request to discontinue code Q3005 and replace it with a "J" code for technetium Tc99m mertiatide, trade name: TechneScan Mag 3®, using "per dose" as the unit, rather than per Millicurie.
 156. Attachment #04.156
Request to discontinue code Q3007 and replace it with a "J" code for sodium phosphate P32 solution, trade name: Sodium Phosphate P-32 solution, using "per dose" as the unit, rather than per Millicurie
 157. Attachment #04.157
Request to discontinue code Q3011 and replace it with a "J" code for chromic phosphate P-32 suspension, trade name; Phosphocol® P-32, using "per dose" as the unit of measure, rather than "per Millicurie", and omitting the word "suspension".
 158. Attachment #04.158
Request to discontinue code Q3008 and replace it with a "J" code for Indium III Pentetreotide, trade name: OctreoScan®, using "per dose" as the unit, rather than "per Millicurie"
 159. Attachment #04.159

Request to (1) change the format and structures of short and long descriptions of 57 radiopharmaceutical codes; 2) change the unit of measure from "per millicurie" to "per dose" for 24 codes. 3) Convert all C + Q codes for radiopharmaceuticals to A codes; and 4) make additional changes to Administrative fields in the HCPCS database.

160. Attachment #04.160
Request to establish a code for premetrexed, trade name: Alimta
161. Attachment #04.161
Request to establish a unique code for somatropin (rDNA origin) for injection, trade name: Zorbitive
162. Attachment #04.162
Request to establish a code for a low pressure and positioning equalization pad, trade name: Saddle Seat
163. Attachment #04.163
Request to establish a code for a gait harness system, trade name: Second Step Gait Harness System
164. Attachment #04.164
Request to establish a code for built-in high capacity prosthetic batteries, trade name: LTI Lithium-ion built-in prosthetic batteries
165. Attachment #04.165
Request to establish a code for removable high capacity prosthetic batteries, trade name: LTI lithium-ion removable prosthetic batteries
166. Attachment #04.166 A+B
Request to revise code L5989 to remove the word "pylon" so that it would be suitable for all products in this category, including Adaptive microprocessor controlled prosthetic knee from Endolite. B) Request to revise codes L7364 and L7366 by adding the words "eight to" before "12 volt" to accommodate 8-12 volt, rather than just 12 volt battery and charger.
167. Attachment #04.167
Request to either revise codes L5681, L5683, L5673 and L5679 to address upper extremity or establish a code for an upper extremity custom molded liner, trade name: Otto Bock Health Care Upper Extremity Custom Molded Liner
168. Attachment #04.168
Request to establish a code for a stance control KAFO, trade name: Otto Bock Free Walk
169. Attachment #04.169

- Request to establish a code for an addition to upper extremity, harness triple control, trade name: Triple Control Harness
170. Attachment #04.170
Request to establish a code for an addition to lower extremity, joint angle sensor, trade name: Joint Angle Sensor
 171. Attachment #04.171
Request to establish a code for a mechanical specialty terminal device, trade name: TAD N-Abler II Terminal Device
 172. Attachment #04.172
Request to establish a code for a sealing sleeve, trade name: VASS sealing sleeve and TEC prolink sealing sleeve
 173. Attachment #04.173
Request to establish a code for a floor reaction ankle foot orthosis with energy return, trade name: ToeOff & Ypsilon Dynamic Response
 174. Attachment #04.174
Request to establish a code for a patella tracking orthosis(PTO) brace, trade name: Breg's PTO knee brace. Revise L2800. Instruct requester to use L1820; not to use L2800 for Medicare.
 175. Attachment #04.175
Request to establish a unique code for an addition to prefabricated knee braces, trade name: Breg's adjustable hinge
 176. Attachment #04.176
Request to establish a unique code for a diabetic conformer boot, trade name: Bledsoe Conformer Diabetic Boot
 177. Attachment #04.177
Request to establish a unique code for an ankle knee foot orthosis, trade name: GII KAFO with hinged ankle
 178. Attachment #04.178
Request to establish a code for (A) silicone locking liner, trade name: Iceross Upper X and (B) locking mechanism, trade name: Icelock 700 series
 179. Attachment #04.179
Request to establish a separate code for foot covers, trade name: Ossur Foot Covers
 180. Attachment #04.180

- Request to establish a code for an ankle foot orthosis, trade name: Ossur AFO Dynamic
181. Attachment #04.181
Request to either establish a separate code for a liner, trade name: Iceross Seal-In Liner or an add-on code for the sealing membrane, or revise L8490 to read:
"Addition to prosthetic, silicone socket insert, sock or sheath, air seal suction retention system.
 182. Attachment #04.182
Request to establish a unique code for a custom fabricated knee orthosis, trade name: The Unloader Bicom
 183. Attachment #04.183
Request to establish a code for an electrically controlled knee component, trade name: Becker 9001 E-Knee
 184. Attachment #04.184
Request to establish a code for a knee articulation component, trade name: Becker G Knee
 185. Attachment #04.185
Request to establish a code for an orthotic knee joint, trade name: Horton Stance Control Orthotic Knee Joint.
 186. Attachment #04.186
Request to establish a code for a limb orthosis, trade name: HXT Custom Wrist Orthosis
 187. Attachment #04.187
Request to establish a code for a lower limb prosthesis, valve integrated, vacuum activated, trade name: V.I.V.A. gel suspension sleeve.
 188. Attachment #04.188
Request to establish a code for a protective silicone "semi-custom" outer leg cover, trade name: Skinergy
 189. Attachment #04.189
Request to establish a code for a therapeutic heel elevating cushion, trade name: HeelZup
 190. Attachment #04.190
Request to establish a code for simultaneous control of elbow and hand of the motion control utah arm 3
 191. Attachment #04.191

- Request to establish a code for the water resistant feature of an electric terminal device
192. Attachment #04.192
Request to establish a code for a water resistant sleeve for a myoelectric prosthesis
 193. Attachment #04.193
Request to establish a unique code for the flexion wrist feature of the motion control hand
 194. Attachment #04.194
Request to establish a code for a smart variable geometry socket, trade name: Active Contact System or modify code L5781 and L5782 (Addition to lower limb prosthesis, vacuum pump, residual limb volume management and moisture evacuation system) so that this code includes the Active Contact System.
 195. Attachment #04.195
Request to modify L5995 to lower the heavy duty weight capacity specification from >300lbs to >220 lbs.
 196. Attachment #04.196
Request to establish 11 codes for individual components of the Novacor Left Ventricular Assist System
 197. Attachment #04.197
Request to establish 13 codes for the individual components of the ventricular assist devices, trade name: Thoratec TLC-II Portable VAD Driver
 198. Attachment #04.198
Request to establish 13 codes for the individual components of the ventricular assist device, trade name: Heartmate
 199. Attachment #04.199
Request to establish 3 codes for orthotic or cast procedures to the ankle, knee and hip
 200. Attachment #04.200
Request to establish a code for an addition to custom molded lower limb orthosis: velcro strap
 201. Attachment #04.201
Request to establish a code for travel, per quarter hour
 202. Attachment #04.202

- Request to establish a unique code for a custom tracheostomy tube, trade name: Shiley
203. Attachment #04.203
Request to establish a code for a heat and moisture exchanger, trade name: Nellcor TrachLife
204. Attachment #04.204
Request to establish a code for a decannulation plug, trade name: Nellcor Decannulation Plug
205. Attachment #04.205
Request to change the verbiage of code A4609 and A4610 to differentiate up to 24hrs., and 74hrs. use.
206. Attachment #04.206
Request to establish a code for a gel cap insertion system for voice prosthesis, trade name: Gel Cap Insertion System
207. Attachment #04.207
Request to establish a code for a low profile gastrostomy feeding tube, trade name: MIC-KEY
208. Attachment #04.208
Request to establish a code for low-profile gastrostomy tube, trade name: EntriStar & NutriPort
209. Attachment #04.209
Request to establish a code for a low profile gastrostomy feeding tube, trade name: MIC-KEY
210. Attachment #04.210
Request to establish a unique code for an enteral feeding pump with programmable flush interval and programmable flush dose, trade name: Entriflush pump
211. Attachment #04.211
Request to establish a code for the hydrophilic catheter, trade names: Astratech, LoFric, and Colloplast
212. Attachment #04.212
Request to establish a unique code for the hydrophilic catheter, trade name: Self-Cath Plus
213. Attachment #04.213

- Request to establish a unique code for hydrophilic single use urinary catheters, trade name: LoFric
214. Attachment #04.214
Request to establish a code for an attachment to a lower extremity orthosis, trade name: Rocker Bottom Lift
215. Attachment #04.215
Request to establish a code for an automatic locking orthotic knee, trade name: Swing Phase Lock
216. Attachment #04.216
Request to establish a new and Medicare coverage code for a sustained graduated non-elastic, reusable high compression system, trade name: CircAid
217. Attachment #04.217
Request to establish a unique code for a surgical wound dressing, trade name: Biafine Wound Dressing Emulsion
218. Attachment #04.218
Request to establish a code for silver coated dressing, trade name: Acticoat, that recognizes the Medicinal properties of silver.
219. Attachment #04.219
Request for verification that A4388 identifies extended wear colostomy, Ileostomy, and urostomy pouches, trade name: Cymed's Platinum
220. Attachment #04.220
Request to establish a code for dermal tissue graft or skin substitute, trade name: Graftjacket Matrix
221. Attachment #04.221 A+B
Request to (A) establish modifiers for a FDA cleared or approved molecular diagnostic test systems and (B) non-FDA cleared or approved "homebrew" molecular diagnostic test.
222. Attachment #04.222
Request to establish a code for a self-contained A1c System, trade name: A1cNow
223. Attachment #04.223
Request to establish a code for enuresis alarm, trade name: Nite Train-R, Dri-Sleeper and Nytone.
224. Attachment #04.224

- Request to establish a code for a hazardous drug closed container, trade name: PhaSeal
225. Attachment #04.225 A-D
Request to establish 4 codes for pneumogram recorders: A) one for 2-channel; B) one for 4 channel; C) one for endtidal carbon dioxide; and D) one for trend event recordings.
226. Attachment #04.226

229. Attachment #04.229
Request to establish 4 codes for batteries for a cochlear implant system
230. Attachment #04.230
Request to establish a code for a replacement headset/headpiece for a cochlear implant system
231. Attachment #04.231
Request to establish a code for a replacement microphone for cochlear implant system
232. Attachment #04.232
Request to establish a code for an external transmitting coil for cochlear implant system
233. Attachment #04.233
Request to establish a code for a transmitter cable for cochlear implant system
234. Attachment #04.234
Request to establish a unique code for human fibroblast-derived temporary skin substitute, trade name: TransCyte
235. Attachment #04.235

Request to establish a code for a beltless/belted undergarment

236. Attachment #04.236
Request to establish a unique code for an acid reflux wedge pillow, trade name:
Comfort Lift Pillow Ultimate Adjustable
237. Attachment #04.237
Request to establish a code for an endometrial ablation device, trade name:
Novasure impedance controlled RF endometrial ablation disposable device
238. Attachment #04.238
Request to establish a code for a replacement chest drain valve, trade name:
Atrium Ocean
239. Attachment #04.239
Request to establish a code for a cleaner disinfectant, trade name: Simple Step
Cleaner
240. Attachment #04.240
Request to establish vision product level modifiers.
241. Attachment #04.241
Request to establish a code for ophthalmic glass
242. Attachment #04.242
Request to establish a code for plastic material
243. Attachment #04.243
Request to establish a code for aspheric lens
244. Attachment #04.244
Request to establish a code for non-standard thickness
245. Attachment #04.245
Request to establish a code for nose pads
246. Attachment #04.246
Request to establish a code for lens edge treatment
247. Attachment #04.247
Request to establish a code for lens drilling and drill mount
248. Attachment #04.248
Request to establish a code for gradient tint
249. Attachment #04.249

- Request to establish a code for a mechanical five function wrist, trade name:
TAS-N-Abler V Body Powered Five Function Wrist
250. Attachment #04.250
Internal request to establish a modifier to identify charges of \$1.01 or less
251. Attachment #04.151
Request to establish a code for a catheter access protector, trade name: Shower
C.A.P. SC-1000
252. Attachment #04.252
Request to establish a code for a gastroesophageal pH Measurement device, trade
name: Bravo pH Capsule with Delivery System
253. Attachment #04.253
Request to establish a code for a torso compression garment, trade name: Belisse
Compressore Comfort Bra
254. Attachment #04.254
Request to establish a code for disinfected maggots, trade name: Medical
Maggots.
255. Attachment #04.255
Request to establish a code for a an orthotic UTX, trade name: UTX Swing
256. Attachment #04.256
Request to establish a code for a silicone production glove, trade name: Silicone
Production Glove
257. Attachment #04.257
Request to modify A9300, L3800-L3805; L3900-L3954; L3700-L3740; E0745
and "any other codes the expert panel sees fit" to identify a sponge ball molded to
an elastic cord, trade name: Handmaster Plus.
258. Attachment #04.258
Request to establish a code for the service of measuring for an external limb
prosthetic component-all digital prosthetic socket, trade name: Precise Fit
259. Attachment #04.259
Request to establish a new code for an ankle/foot prosthesis, trade name: TruStep.
260. Attachment #04.260
Request to establish a code for solid tint
261. Attachment #04.261

- Request to establish codes for components of an insulin infusion set, trade name: EzSet Infusion Set
262. Attachment #04.262
Support of requests to establish a code for the hydrophilic catheter
 263. Attachment #04.263 A+B
