Wednesday 9/8/2004

Remote Event Submission

- Password protected
- Direct submission- event is automatically added to calendar (manual or automated)
- Moderated submission- the WebCalendar creator administrator reviews all events (whether public or private) and then posts on the calendar (manual only)
- Unlimited number of login/password accounts can be created with the professional version

Event Full Name:*	Event Short Name:*	
<input type="text"/>	<input type="text"/>	
Event URL: (optional)	Event Color:	Description Color:
<input type="text"/>	Default	Default
Description		
<input type="text"/>		
Event Date:	Show Start Time: <input type="checkbox"/>	12 : 00 am
Sep 6 2004	Show End Time: <input type="checkbox"/>	12 : 00 am
Location:	Timezone:	
<input type="text"/>	<input type="text"/>	
<input type="checkbox"/> This is a private event.	* required field	

Event Recurrence

- One Time
- Daily
- Weekly
- Monthly
- Yearly

This recurring event ends...

Never

From Many → One

- Multiple calendars can be created from a single licensed copy of the Professional version
 - LHD would use Remote Event Submission to populate their own individual calendar
 - Calendars can then be merged into master calendars

Calendar Merge

- Master Calendars created by merging selected calendars
 - Merge locals → regions → state
- There is no limit to the number of calendars that can be merged
- Autonomy AND coordination!

MI Implementation

- Installation on a single server (single license)
 - Create unlimited number of web calendars
 - Automated publishing (3AM) or manual (on demand)
- Requirements:
 - 1 email address per calendar (for remote submission)
 - Local, regional, and state buy-in
