Date: OCTOBER 30, 2001

CHANGE REQUEST 1902

SUBJECT: Breakdown of the American Medical Association's (AMA) Physicians' Current Procedural Terminology, Fourth Edition (CPT) 2002 Codes

As you already know CMS and the AMA signed an amendment last year that contains guidelines for the use of CPT codes, descriptions, and other materials on your web sites and in other electronic media.

Please refer to Program Memorandum (PM) AB-00-126 for information on the guidelines you should be following when publishing any CPT codes on your web site and in other electronic media.

Attached for your use is an Excel file which contains a breakdown of the sections and subsections of CPT 2002. This breakdown is in code order and contains the number of codes in each subsection. This will help you when you need to determine the 30 percent rule that is discussed in transmittal AB-00-126.

The *effective date* for this PM is January 1, 2002.

The *implementation date* for this PM is January 1, 2002.

These instructions should be implemented within your current operating budget.

This PM may be discarded after October 31, 2002.

If you have any questions, contact Patricia Gill (Part B carriers) on (410) 786-1297 or Barbara Strickland (Part A intermediaries) on (410) 786-0508.
